Services such as statistical consultation, data collection, summary tabulation, and analysis are performed for other Federal and State agencies on a reimbursable basis as the need arises. The results are used to provide an assessment of the equine industry's contribution to the State's economy in terms of infrastructure and value.

Need and Use of the Information: NASS will collect information on equine inventories by: category, revenue, activity, purpose and equine related expenditures. Title: Public Television Digital Transition Grant Program.

OMB Control Number: 0572-0134.

Summary of Collection: As part of the nation's evolution to digital television, the Federal communications commission has ordered all television broadcasters to initiate the broadcast of a digital television signal by May 1, 2003, and to cease analog television broadcasts on December 31, 2006. About half of the nation's public television stations did not meet the deadline to initiate digital broadcasting and received extensions. Need and Use of the Information: Applicants will submit grant applications to RUS for review. The information will consist of the following: Standard Form (SF) 424, "Application for Federal Assistance", executive summary, evidence of eligibility and compliance with other Federal statutes and any other supporting documentation.
