

DEPARTMENT OF LABOR**Employment and Training
Administration****[NAFTA-7387]****State of Alaska Commercial Fisheries
Entry Commission Permit #66424I,
Naknek, AK; Notice of Termination of
Investigation**

Pursuant to Title V of the North American Free Trade Agreement Implementation Act (Pub. L. 103-182) concerning transitional adjustment assistance, hereinafter called NAFTA-TAA and in accordance with section 250(a), subchapter D, chapter 2, Title II, of the Trade Act of 1974, as amended (19 U.S.C. 2273), an investigation was initiated on September 5, 2002 in response to a petition filed by the Bristol Bay Native Association on behalf of Bristol Bay salmon fishermen, State of Alaska Commercial Fisheries Entry Commission Permit #66424I, Naknek, Alaska.

The Department has been unable to locate company officials of the subject firm or to obtain the information necessary to reach a determination on worker group eligibility. Consequently, further investigation in this case would serve no purpose, and the investigation has been terminated.

Signed in Washington, DC, this 27th day of January, 2003.

Linda G. Poole,*Certifying Officer, Division of Trade
Adjustment Assistance.*

BILLING CODE 4510-30-P**DEPARTMENT OF LABOR****Employment and Training
Administration****[NAFTA-6018]****Johnson Controls International,
Fullerton, CA; Notice of Revised
Determination on Reconsideration**

By letter of August 20, 2002, the International Union, United Automobile, Aerospace & Agriculture Implement Workers of America (UAW), requested administrative reconsideration of the Department's denial of North American Free Trade Agreement-Transitional Adjustment Assistance (NAFTA-TAA), applicable to workers of Johnson Controls International, Fullerton, California. The denial notice was published in the **Federal Register** on July 22, 2002 (67 FR 47862).

The initial investigation resulted in a negative determination issued on July 9, 2002, based on the finding that there was no shift in production to Canada or Mexico and imports of automotive batteries from Canada and Mexico did not contribute importantly to worker separations at the Fullerton plant.

To support the request for reconsideration, the union provided additional information, which was not provided during the initial investigation. The union official indicated that the company had entered into a joint venture with another company that had production capacity in Mexico. As a result of this partnership, Johnson Controls had replaced batteries produced at the subject firm with Mexican production.

Upon further review and contact with a company official, it was revealed that the company replaced their domestic production of dry automotive batteries with dry automotive batteries from the affiliated Mexican plant, leading to layoffs at the subject firm.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that increased imports from Mexico of dry automotive batteries contributed importantly to the decline in production and to the total or partial separation of workers at the subject firm. In accordance with the provisions of the Trade Act, I make the following certification:

"All workers of Johnson Controls International, Fullerton, California, who became totally or partially separated from employment on or after March 27, 2001, through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed in Washington, DC this 10th day of February 2003.

Edward A. Tomchick,*Director, Division of Trade Adjustment
Assistance.*

BILLING CODE 4510-30-P**DEPARTMENT OF LABOR****Mine Safety and Health Administration****Proposed Information Collection
Request; Submitted for Public
Comment and Recommendations;
Emergency Evacuations and Mine
Emergency Evaluation and Fire-
Fighting Program of Instruction****ACTION:** Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506 (c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments concerning the extension of the information collection related to the 30 CFR Sections 75.1501—Emergency Evacuations and 75.1502—Mine Emergency Evacuation and Fire-Fighting Program of Instruction.
