Federal Aviation Administration

14 CFR Part 97

[Docket No. 30357; Amdt. No. 3047]

Standard Instrument Approach Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.
ACTION: Final rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective March 7, 2003. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of March 7, 2003.

ADDRESSES: Availability of matters incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;
2. The FAA Regional Office of the region in which the affected airport is located;
3. The Flight Inspection Area Office which originated the SIAP; or
4. The Office of Federal Register, 800 North Capitol Street, NW., Suite 700, Washington, DC.

*For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA–200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or
2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription—*Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT: Donald P. Pate, Flight Procedure Standards Branch (AMCAFS–420), Flight Technologies and Programs Division, Flight Standards Service,

Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK 73125) telephone: (405) 954–4164.

SUPPLEMENTARY INFORMATION: This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in official FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), (1) CFR part 51, and § 97.20 of the Federal Aviation Regulations (FAR). The applicable FAA Forms are identified as FAA Forms 8260–3, 8260–4, and 8260–5. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with

the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to part 97 is effective upon publication of each separate SIAP as contained in the transmittal. Some SIAP amendments may have been previously issued by the FAA in a National Flight Data Center (NFDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Alternate Locking Devices for Plug and Receptacle-Type Connectors on Mobile Battery-Powered Machines

AGENCY: Mine Safety and Health Administration (MSHA), Labor.

ACTION: Withdrawal of direct final rule.

SUMMARY: As a result of a significant adverse comment, MSHA is withdrawing the direct final rule (68 FR 2879) on Alternate Locking Devices for Plug and Receptacle-Type Connectors on Mobile Battery-Powered Machines that was published on January 22, 2003. In the document, MSHA stated that in the event it receives a significant adverse comment, MSHA can address the comments received and publish a final rule. Accordingly, all public comments that have been received in this rulemaking are accepted under the proposed rule (68 FR 2941) and will be subsequently addressed in a new final rule. MSHA will not institute a second comment period. Comments filed during this rulemaking can be viewed at MSHA's Internet site at <http://www.msha.gov/currentcomments.htm>.

DATES: As of March 7, 2003, this direct final rule (68 FR 2879) published on January 22, 2003, is withdrawn.

Notice of Expiration of Conditional Exception to Bank Secrecy Act Regulations Relating to Orders for Transmittal of Funds by Financial Institutions

AGENCY: Financial Crimes Enforcement Network ("FinCEN"), Treasury.

ACTION: Expiration of conditional exception; request for comments.

SUMMARY: FinCEN is giving notice of the expiration of a conditional exception to a Bank Secrecy Act requirement on May 31, 2003. The exception permits financial institutions to substitute coded information for the true name and address of a customer in a funds transmittal order.

DATES: Effective June 1, 2003. Written comments must be received on or before April 21, 2003.

ADDRESSES: Commenters are encouraged to submit comments by electronic mail because paper mail in the Washington, DC area may be delayed. Comments submitted by electronic mail may be sent to regcomments@fincen.treas.gov with the caption in the body of the text, "ATTN: Conditional Exception Expiration." Comments also may be submitted by paper mail to FinCEN, PO Box 39, Vienna, VA 22183-0039, "ATTN: Conditional Exception Expiration." Comments should be sent by one method only. Comments may be inspected at FinCEN between 10 a.m. and 4 p.m., in the FinCEN Reading Room in Washington, DC. Persons wishing to inspect the comments submitted must request an appointment by telephoning (202) 354-6400 (not a toll-free number).

FOR FURTHER INFORMATION CONTACT: David Vogt, Executive Associate Director, Office of Regulatory Programs, FinCEN, (202) 354-6400, or Judith R. Starr, Chief Counsel, FinCEN, (703) 905-3590.

SUPPLEMENTARY INFORMATION:

I. Background

In 1998, FinCEN granted a conditional exception ("the CIF Exception") to the strict operation of 31 CFR 103.33(g) (the "Travel Rule"). See FinCEN Issuance 98-1, 63 FR 3640 (January 26, 1998). The Travel Rule requires a financial institution to include certain information in transmittal orders relating to transmittals of funds of \$3,000 or more. The CIF Exception addressed computer programming problems in the banking and securities industries by relaxing the Travel Rule's requirement that a customer's true name and address be included in a funds transmittal order, so long as alternate steps, described in FinCEN Issuance 98-1 and designed to prevent avoidance of the Travel Rule, were satisfied. By its terms, the CIF Exception to the Travel Rule was to expire on May 31, 1999; however, in light of programming burdens associated with year 2000 compliance issues, FinCEN extended the CIF Exception so that it would expire on May 31, 2001. See FinCEN Issuance 99-1, 64 FR 41041 (July 29,
