**DEPARTMENT OF COMMERCE****Foreign-Trade Zones Board**

**[Docket 10-2003]**

**Proposed Foreign-Trade Zone—Bowie County, TX; Application and Public Hearing**

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Red River Redevelopment Authority, to establish a general-purpose foreign-trade zone at sites in Bowie County, Texas, adjacent to the Shreveport-Bossier City Customs port of entry. The FTZ application was submitted pursuant to the provisions of the FTZ Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 25, 2003. The applicant is authorized to make the proposal under Senate Bill 691 of the 70th Legislature of the State of Texas (Regular Session, 1987), codified as Tex. Rev. Civ. Stat. Ann. Art. 144601.

The proposed zone would be the third general-purpose zone in the Shreveport Customs port of entry area. The existing zones are FTZ 145 in Shreveport, Louisiana (Grantee: Caddo-Bossier Parishes Port Commission, Board Order 370, 53 FR 1503, 1/20/88) and FTZ 234 in Gregg County, Texas (Grantee: Gregg County, Texas, Board Order 1003, 63 FR 63671, 11/16/98).

The proposed zone would consist of two sites covering 684 acres in the Greater Texarkana area of northeastern Texas: *Site 1* (524 acres)—Red River Commerce Park (the former Red River Army Depot), Bowie County, Texas, approximately 18 miles west of Texarkana and the Texas-Arkansas border, and, *Site 2* (160 acres)—City of Nash Industrial Park, Bowie County, Texas, approximately 15 miles west of Texarkana and the Texas-Arkansas border. Site 1 is owned by the applicant and Site 2 is owned by the Nash Industrial Development Corporation and Bodega Bay Limited.

The application indicates a need for zone services in the Greater Texarkana area. Several firms have indicated an interest in using zone procedures for warehousing/distribution activities. Specific manufacturing approvals are not being sought at this time. Requests

would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

As part of the investigation, the Commerce examiner will hold a public hearing on April 1, 2003, at 9 a.m., at the Bowie County Court House, Commissioners Court Room, 710 James Bowie Drive, New Boston, Texas 75570.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. *Submissions via Express/Package Delivery Services:* Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099—14th Street NW., Washington, DC 20005; or

2. *Submissions via the U.S. Postal Service:* Foreign-Trade Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Avenue NW., Washington, DC 20230.

The closing period for their receipt is May 6, 2003. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to May 21, 2003).

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the first address listed above, and at the Office of the Red River Redevelopment Authority, 107 Chapel Lane, New Boston, Texas 75570.

Dated: February 28, 2003.

**Circular Welded Non-Alloy Steel Pipe From Mexico: Rescission of Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Rescission of Antidumping Duty Administrative Review.

**SUMMARY:** On December 26, 2002, the Department of Commerce (“the Department”) published in the Federal Register (67 FR 78772) a notice announcing the initiation of an administrative review of the antidumping duty order on circular welded non-alloy steel pipe from Mexico. This administrative review covered two Mexican manufacturers of circular welded non-alloy steel pipe, Niples Del Norte S.A. de C.V. (“NDN”) and Hylsa S.A. de C.V. (“Hylsa”), for the period of November 1, 2001, through October 31, 2002. The Department has now rescinded this review as a result of requests by both parties to withdraw from the review.

**EFFECTIVE DATE:** March 7, 2003.

**FOR FURTHER INFORMATION CONTACT:** John Drury or Abdelali Elouaradia, Enforcement Group III, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Room 7866, Washington, D.C. 20230; telephone (202) 482-0195 or (202) 482-1374, respectively.

**SUPPLEMENTARY INFORMATION:**

**Scope of the Review**

The products covered by these orders are circular welded non-alloy steel pipes and tubes, of circular cross-section, not more than 406.4 millimeters (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, galvanized, or painted), or end finish (plain end, beveled end, threaded, or threaded and coupled). These pipes and tubes are generally known as standard pipes and tubes and are intended for the low pressure conveyance of water, steam, natural gas, and other liquids and gases in plumbing and heating systems, air conditioning units, automatic sprinkler systems, and other related uses, and generally meet ASTM A-53 specifications. Standard pipe may also be used for light load-bearing applications, such as for fence tubing, and as structural pipe tubing used for framing and support members for reconstruction or load-bearing purposes in the construction, shipbuilding, trucking, farm equipment, and related industries. Unfinished conduit pipe is also included in these orders.

All carbon steel pipes and tubes within the physical description outlined above are included within the scope of these orders, except line pipe, oil country tubular goods, boiler tubing, mechanical tubing, pipe and tube hollows for redraws, finished scaffolding, and finished conduit. Standard pipe that is dual or triple

certified/stenciled that enters the United States as line pipe of a kind used for oil or gas pipelines is also not included in these orders.

Imports of the products covered by these orders are currently classifiable under the following Harmonized Tariff Schedule (HTS) subheadings: 7306.30.10.00, 7306.30.50.25, 7306.30.50.32, 7306.30.50.40, 7306.30.50.55, 7306.30.50.85, and 7306.30.50.90.

Although the HTS subheadings are provided for convenience and customs purposes, our written description of the scope of these proceedings is dispositive.

**Background**

The Department published an antidumping duty order on circular welded non-alloy steel pipe and tube from Mexico on November 2, 1992 (57 FR 49453). The Department published a notice of “Opportunity to Request an Administrative Review” of the antidumping duty order for the 2001/2002 review period on November 1, 2002 (67 FR 66612). Respondents NDN and Hylsa requested that the Department conduct an administrative review of the antidumping duty order on circular welded non-alloy steel pipe and tube from Mexico.

The Department received timely requests for withdrawal from the administrative review from NDN on December 20, 2002, and from Hylsa on December 19, 2002. The applicable regulation, 19 CFR 351.213(d)(1), states that the Secretary will rescind an administrative review under this section, in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. In light of the fact that all of the parties who initially requested an administrative review have withdrawn their requests in a timely manner, we are rescinding this review.

This notice is published in accordance with 19 CFR 351.213(d)(4).

Dated: February 28, 2003.
