

position limits for these commodities. For purposes of combining positions, one mini-sized contract would be treated as equivalent to one-fifth of one CBT 5,000-bushel contract. Currently, traders' positions in MACE and CBT corn, soybean and wheat futures contracts are subject to speculative position limits that are specified separately for each exchange. The proposed rules also would specify that holders of outstanding 1,000-bushel warehouse depository receipts and certificates must present such receipts and certificates to issuers in multiples of 5 receipts or certificates in order to receive load-out of the underlying corn, soybeans or wheat.¹

Trading of the new mini-sized contracts would be by open outcry. In this regard, the CBT is proposing to adopt new regulation 332.11 which specifies the CBT's requirements in relation to changers and changing transactions.

The CBT stated that it intends to commence trading of the new mini-sized corn, soybean and wheat futures contracts in the second calendar quarter of 2003.

The Division is requesting comment on the proposals. Copies of the Exchange's proposal will be available for inspection at the Office of the Secretariat, Three Lafayette Centre, 1155 21st Street, NW., Washington 20581. Copies of the proposal can also be obtained through the Office of the Secretariat by mail at the above address or by phone at (202) 418-5100.

Other materials submitted by the CBT in support of the request for approval may be available upon request pursuant to the Freedom of Information Act (5 U.S.C. 552) and the Commission's regulations thereunder (17 CFR part 145 (2002)), except to the extent they are entitled to confidential treatment as set forth in 17 CFR 145.5 and 145.9. Requests for copies of such materials should be made to the FOI, Privacy and Sunshine Act Compliance Staff of the Office of the Secretariat at the Commission's headquarters in accordance with 17 CFR 145.7 and 145.8.

Any person interested in submitting written data, views, or arguments pertaining to the proposal or with respect to other materials submitted by the CBT should send such comments to Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington 20581 by the specified date.

¹ The CBT indicated that the above proposed rules codify existing MACE practices.

Issued in Washington, DC on March 3, 2003.

Director.
