

forward passenger door with bearings made from corrosion resistant materials. Accomplishment of the replacement constitutes terminating action for the requirements of this AD.

#### Condition 2—Binding

(c) If there is binding in the exterior emergency control handle mechanism during any operation required by paragraph (a) or (b)(1) of this AD: Before further flight, replace the six bearings in the exterior emergency control handle mechanism of the forward passenger door with bearings made from corrosion resistant materials in accordance with the Accomplishment Instructions of Boeing Service Bulletin MD11-52-046, Revision 02, dated October 8, 2002 (for Model MD-11 and MD-11F airplanes); or Boeing Service Bulletin DC10-52-221, Revision 01, dated May 6, 2002 (for Model DC-10-10, DC-10-10F, DC-10-15, DC-10-30, DC-10-30F (KC-10A and KDC-10), DC-10-40, DC-10-40F, MD-10-10F, and MD-10-30F airplanes); as applicable. Accomplishment of the replacement constitutes terminating action for the requirements of this AD.

#### Alternative Methods of Compliance

(d) In accordance with 14 CFR 39.19, the Manager, Los Angeles Aircraft Certification Office, FAA, is authorized to approve alternative methods of compliance for this AD.

Issued in Renton, Washington, on November 4, 2003.

### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA-2003-16120; Airspace Docket No. 03-AEA-12]

#### Proposed Amendment to Class E Airspace; Jamestown, NY

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** This notice proposes to amend the Class E airspace area at Jamestown, NY. The development of a Standard Instrument Approach Procedure (SIAP) based on area navigation (RNAV) to serve flights into WCA Hospital Heliport under Instrument Flight Rules (IFR) has made this proposal necessary. Controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain aircraft executing the approach. The area would be depicted

on aeronautical charts for pilot reference.

**DATES:** Comments must be received on or before December 12, 2003.

**ADDRESSES:** Send comments on the proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2003-16120/Airspace Docket No. 03-AEA-12 at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

An informal docket may also be examined during normal business hours at the office of the Regional Air Traffic Division, Federal Aviation Administration, Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434-4809.

**FOR FURTHER INFORMATION CONTACT:** Mr. Francis T. Jordan, Jr., Airspace Specialist, Airspace Branch, AEA-520, Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434-4809, telephone: (718) 553-4521.

#### SUPPLEMENTARY INFORMATION:

##### Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2003-16120/Airspace Docket No. 03-AEA-12." The postcard will be date/time stamped and returned to the customer.

#### Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at <http://dms.dot.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at <http://www.faa.gov> or the Superintendent of Documents web page at <http://www.access.gpo.gov/nara>.

Additionally, any person may obtain a copy of this notice by submitting a request to the Federal Aviation Administration, Office of Air Traffic Airspace Management, ATA-400, 800 Independence Avenue, SW., Washington, DC 20591, or by calling (202) 267-8783. Communications must identify both docket numbers for this notice. Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

#### The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to amend the Class E airspace area at Jamestown, NY. The development of a SIAP to serve flights operating IFR into WCA Hospital Heliport make this action necessary. Controlled airspace extending upward from 700 feet AGL is needed to accommodate the SIAPs. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface are published in Paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that would only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have significant economic impact on a substantial number of small

entities under the criteria of the Regulatory Flexibility Act.

#### List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

#### The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

#### PART 71—[AMENDED]

1. The authority citation for 14 CFR part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854; 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

##### § 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9K, dated September 16, 2003, and effective September 15, 2004, is proposed to be amended as follows:

*Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.*

RIN 0694–AC20

#### Mandatory Use of Simplified Network Application Processing System

**AGENCY:** Bureau of Industry and Security, Commerce.

**ACTION:** Proposed rule.

**SUMMARY:** This proposed rule would amend the Export Administration Regulations (EAR) to implement a revised version of the Bureau of Industry and Security's (BIS) Simplified Network Application Processing (SNAP+) system (hereinafter, the version of the Bureau of Industry and Security's Simplified Network Application Processing system that currently exists shall be referred to as SNAP, while the version that is proposed in this rule shall be referred to as SNAP+). This proposed rule also would mandate use of SNAP+ for all filings of Export License applications (except Special Comprehensive Licenses), Reexport Authorization requests, Classification requests, Encryption Review requests, and License Exception AGR notifications unless BIS authorizes paper filing for a particular user or transaction. The requirement to use SNAP+ also would apply to any documentation required to be submitted with applications, requests or notifications. This proposed rule also would continue some provisions of the regulations associated with SNAP and other electronic filing systems that BIS has used in the past until a SNAP user's account is converted to SNAP+. Examples of these provisions include the requirements imposed on companies and individuals to protect the integrity of identification numbers. Other provisions, such as the requirement to maintain a log of submissions filed before being converted to SNAP+ would continue in effect even after an existing user is converted to SNAP+ for the period of time specified by Part 762 of the regulations. This proposed rule also would amend the EAR to require that requests for advisory opinions include the Export Control Classification Number of the item(s) at issue, to require item Classification Requests include a recommended ECCN, to replace some address listings in the regulations with references to BIS forms that contain those addresses, and to

correct some omissions, misstatements and typographical errors.

**DATES:** Comments must be received by January 12, 2004.

**ADDRESSES:** Written comments should be e-mailed to: *rpd@bis.doc.gov*, faxed to 202–482–3355, or mailed or delivered to Regulatory Policy Division, Office of Exporter Services, Bureau of Industry and Security, Department of Commerce, 14th and Pennsylvania Avenue, NW., Room 2705, Washington, DC 20230. Reference Regulatory Identification Number 0694–AC20 in all comments.

**FOR FURTHER INFORMATION CONTACT:** For information concerning SNAP+, contact George Ipock, Office of Administration: e-mail *gipock@bis.doc.gov*, telephone: (202) 482–5469. For information concerning other matters raised by this proposed rule, contact William Arvin, Office of Exporter Services: e-mail *warvin@bis.doc.gov*, telephone (202) 482–2440.

#### SUPPLEMENTARY INFORMATION:

##### Background

The Bureau of Industry and Security (BIS) administers export license, notification, and reporting requirements for a number of export and reexport transactions based on the nature of the item being exported or reexported, its intended destination, the end-user, and the end-use. In addition, BIS provides advice to persons concerning the classification of items that may be subject to the Export Administration Regulations and advisory opinions regarding the applicability of the Export Administration Regulations to particular transactions. The public obtains all of these services, except advisory opinions, by submitting a paper form or by submitting the information electronically, either through the SNAP system or through one of several systems maintained by private vendors. Recently, a majority of the submissions for which an electronic vehicle is available have been submitted electronically. Heretofore, the electronic submission vehicles have not provided for electronic submission of supporting documents or other documents that relate to an application, request, or report. SNAP+ would permit submissions via the World Wide Web using a Web browser and would have the capability to "attach" images (as PDF files) of related documents to applications or requests. It would also incorporate security features that were not available when electronic filing of export license applications began in the mid 1980s. Accordingly, BIS is proposing to amend the Export Administration Regulations to require
