FEDERAL RESERVE SYSTEM

Government in the Sunshine Meeting Notice

AGENCY: Board of Governors of the Federal Reserve System

TIME AND DATE: 2:30 p.m., Friday, July 11, 2003.

PLACE: Marriner S. Eccles Federal Reserve Board Building, 20th Street entrance between Constitution Avenue and C Streets NW., Washington, DC 20551.

STATUS: Open.

We ask that you notify us in advance if you plan to attend the open meeting and provide your name, date of birth, and social security number (SSN) or passport number. You may provide this information by calling (202) 452–2474 or you may register on-line. You may pre-register until close of business July 10, 2003. You also will be asked to provide identifying information, including a photo ID, before being admitted to the Board meeting. The Public Affairs Office must approve the use of cameras; please call (202) 452-2955 for further information. *Privacy* Act Notice: Providing the information requested is voluntary; however, failure to provide your name, date of birth, and social security number or passport number may result in denial of entry to the Federal Reserve Board. This information is solicited pursuant to Sections 10 and 11 of the Federal Reserve Act and will be used to facilitate a search of law enforcement databases to confirm that no threat is posed to Board employees or property. It may be disclosed to other persons to evaluate a potential threat. The

information also may be provided to law enforcement agencies, courts and others, but only to the extent necessary to investigate or prosecute a violation of law.

MATTERS TO BE CONSIDERED:

Discussion Agenda:

- 1. Capital proposals related to the new Basel accord.
- 2. Any items carried forward from a previously announced meeting.

Note: This meeting will be recorded for the benefit of those unable to attend. Cassettes will be available for listening in the Board's Freedom of Information Office and copies may be ordered for \$6 per cassette by calling 202–452–3684 or by writing to: Freedom of Information Office, Board of Governors of the Federal Reserve System, Washington, DC 20551.

FOR FURTHER INFORMATION CONTACT:

Michelle A. Smith, Assistant to the Board; 202–452–2955.

SUPPLEMENTARY INFORMATION: You may call 202–452–3206 for a recorded announcement of this meeting; or you may contact the Board's Web site at http://www.federalreserve.gov for an electronic announcement. (The Web site also includes procedural and other information about the open meeting.)

Dated: July 3, 2003.

Jennifer J. Johnson,

Secretary of the Board.

BILLING CODE 6210-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30Day-51-03]

Proposed Data Collections Submitted for Public Comment and Recommendations

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 498–1210. Send written comments to CDC, Desk Officer, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503 or by fax to (202) 395–6974. Written comments should be received within 30 days of this notice.

Proposed Project: Automated Management Information System (MIS) for Diabetes Control Programs (OMB Control No. 0920-0479)-Extension-National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC). CDC has implemented a Management Information System (MIS) and federally sponsored data collection requirement from all CDC funded diabetes control programs. Diabetes is the sixth leading cause of death in the United States contributing to more than 200,000 deaths each year. An estimated 11.1 million people in the United States have been diagnosed with diabetes and an estimated 5.9 million people have undiagnosed diabetes. CDC's Division of Diabetes Translation (DDT) provides funding to health departments of States and territories to develop, implement, and evaluate systems-based Diabetes Control Programs (DCPs). DCPs are population-based, public health programs that design, implement and evaluate public health prevention and control strategies that improve access to and quality of care for all, and reach communities most impacted by the burden of diabetes (e.g., racial/ethnic populations, the elderly, rural dwellers and the economically disadvantaged). Support for these programs is a cornerstone of the DDT's strategy for reducing the burden of diabetes throughout the nation. The Diabetes Control Program is authorized under sections 301 and 317(k) of the Public Health Service Act (42 U.S.C. 241 and 247b(k)).

In accordance with the original OMB approval (July 20, 2002), this extension will continue to expand and enhance the technical reporting capacity of the MIS. The MIS is a web-based, password access protected repository/technical reporting system that replaced an archaic paper reporting system. The MIS allows the accurate, uniform, and complete collection of diabetes program progress information using the Internet. The MIS has improved upon the old data collection system by:

- Improving accountability;
- Shortening the information cycle;
- Eliminating non-standard reporting;
- Minimizing unnecessary

duplication of data collection and entry;

- Reducing the reporting burden on small state organizations;
- Using plain, coherent, and unambiguous terminology that is understandable to respondents;
- Implementing a consistent system for progress reporting and record keeping processes;
- Identifying the retention periods for record keeping requirements;
