

RUS borrowers to establish revolving loan funds.

RBS needs to receive the information contained in this collection of information to select the projects it believes will provide the most long-term economic benefit to rural areas. The selection process is competitive, and RBS has generally received more applications than it could fund. RBS also needs to make sure the funds are used for the intended purpose and, in the case of the loan, that the funds will be repaid. RBS must determine that loans made from revolving loan funds established with grants are used for eligible purposes.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 2.7 hours per response.

Respondents: RUS borrowers.

Estimated Number of Respondents: 120.

Estimated Number of Responses per Respondent: 13.3.

Estimated Number of Responses: 1,596.

Estimated Total Annual Burden on Respondents: 4,272.

Maximum Dollar Amount on Awards Under the Rural Economic Development Loan and Grant Program for Fiscal Year 2003

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice.

SUMMARY: The Rural Business-Cooperative Service hereby announces the maximum dollar amount on loan and grant awards under the Rural Economic Development Loan and Grant (REDLG) program for fiscal year (FY) 2003. The maximum dollar award on zero-interest loans for FY 2003 is \$450,000. The maximum dollar award on grants for FY 2003 is \$200,000. The maximum loan and grant awards stated in this notice are effective for loans and grants made during the fiscal year beginning October 1, 2002, and ending September 30, 2003. REDLG loans and grants are available to Rural Utilities Service electric and telephone utilities to assist in developing rural areas from an economic standpoint.

FOR FURTHER INFORMATION CONTACT: Patricia Wing, Loan Specialist, Rural Business-Cooperative Service, USDA, STOP 3225, Room 6866, 1400 Independence Avenue, SW., Washington, DC 20250-3225. Telephone: (202) 720-9558. FAX: (202) 720-2213.

SUPPLEMENTARY INFORMATION: The maximum loan and grant awards are determined in accordance with 7 CFR 1703.28. The maximum loan and grant awards are calculated as 3.0 percent of the projected program levels, rounded to the nearest \$10,000; however, as specified in 7 CFR 1703.28(b), regardless of the projected total amount that will be available, the maximum size may not be lower than \$200,000. The projected program level during FY 2003 for zero-interest loans is \$14.966 million, and the projected program level for grants is \$4 million. Applying the specified 3.0 percent to the program level for loans, rounded to the nearest \$10,000, results in the maximum loan award of \$450,000. Applying the specified 3.0 percent to the program level for grants results in an amount

lower than \$200,000. Therefore, the maximum grant award for FY 2003 will be \$200,000. This notice will be amended should an appropriation in excess of projected levels be received.

Dated: January 13, 2003.

NOAA Strategic Plan

AGENCY: Office of Strategic Planning (OSP), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent to prepare a new NOAA Strategic Plan; request for comments.

SUMMARY: The National Oceanic and Atmospheric Administration (NOAA) is the United States' premier agency for environmental assessment and prediction and management providing broad benefits to the Nation in the areas of economy, public safety and the environment. NOAA has recently begun the process of creating a new Strategic Plan for the agency responding to growing needs of the Nation for environmental information and management. One of the objectives of the new NOAA Strategic Plan is to directly address the President's Management Agenda including principles for a citizen-centered, results oriented, and market-based government. To that end, NOAA has conducted a series of stakeholder and employee workshops in Seattle, New Orleans, Boston, Washington, DC, Boulder, Cleveland and Puerto Rico over the past several months and has used this input to lay the foundation for drafting the new NOAA Strategic Plan. Important themes that emerged from these meetings were ecosystem approaches to coastal and ocean resource management, climate variability and change and weather and water information needs as well as agency-wide cross-cutting priorities that will enhance NOAA's mission and provide leadership in the environmental sciences to better serve America in the 21st century. When finalized in early 2003, after public and internal review, the new NOAA Strategic Plan will become the blueprint for the direction of NOAA's core and future missions and will become institutionalized in every aspect of

NOAA's resource planning and priority setting.

DATES: Public comments on this document must be received at the appropriate email address (see **ADDRESSES**) on or before 5 p.m., local time, February 14, 2003.

ADDRESSES: The NOAA Draft Strategic Plan is available at the OSP web site: <http://www.osp.noaa.gov>. Comments may be sent directly to the OSP email address strategic.planning@noaa.gov or visit the OSP website to submit comments. Comments will not be accepted if submitted via phone or fax.
