MASTHEAD

Agreement by and between the Northern California Chapter, NECA, Alameda County Branch, and Local Union 595, International Brotherhood of Electrical Workers.

It shall apply to all firms who sign a Letter of Assent to be bound by this Agreement.

As used hereinafter in this Agreement, the term "Chapter" shall mean the Northern California Chapter, Alameda County Branch, NECA, Inc., and the term "Union" shall mean Local Union 595, IBEW.

The term "Employer" shall mean an individual firm who has been recognized by an Assent to this Agreement.

BASIC PRINCIPLES

The Employer and the Union have a common and sympathetic interest in the Electrical Industry. Therefore, a working system and harmonious relations are necessary to improve the beneficial relationship between the Employer, the Union and the public. Progress in industry demands a mutuality of confidence between the Employer and the Union.

The Union recognizes the desirability of dealing with reputable and stable Employers. The Employer recognizes the responsibility of supplying the public with services performed by experienced personnel who can effectively install, service and maintain electrical installations in an efficient and safe manner prescribed by the National Board of Fire Underwriters, federal, state and local laws and ordinances.

The Employer finds it economically impossible to maintain or recruit his manpower requirements for the intermittent and temporary character of the work inherent in the Building Trades Industry. Therefore, the Employer desires to avail him/herself of a proven method of securing trained personnel on short notice and requests the Union to assist him/her in meeting this public responsibility. All will benefit by continuous peace by adjusting any differences by rational, common sense methods. Now, therefore, in consideration of the mutual promise and agreements herein contained, the parties hereto agree as follows.

No employee covered by the provisions of the Agreement will be discriminated against on the basis of his or her race, color, sex, marital status, religion, age, national origin or ancestry, with regard to hiring, promotion, termination, or any other term or condition of employment. The intent and purpose of this Section is to meet the spirit and letter of all federal and state laws, regulations and executive orders that deal with equal employment.

ARTICLE I

Effective Date - Termination - Amendments - Disputes

Effective Date

Section 1 [1.01]

This Agreement shall take effect June 1, 2000, and shall remain in effect through May 31, 2004, unless otherwise specifically provided for herein. It shall continue in effect from year to year thereafter, from June 1 through May 31 of each year, unless changed or terminated in the way later provided herein.

Changes, Termination and Arbitration

Section 2 [1.02]

Subsection (a) Either party or an Employer withdrawing representation from the Chapter or not represented by the Chapter desiring to change or terminate this Agreement must provide written notification at least 90 days prior to the expiration date of the Agreement or any anniversary date occurring thereafter.

Subsection (b) Whenever notice is given for changes, the nature of the changes desired must be specified in the notice, or no later than the first negotiating meeting unless mutually agreed otherwise.

Subsection (c) The existing provisions of the Agreement, including this Article, shall remain in full force and effect until a conclusion is reached in the matter of proposed changes.

Subsection (d) In the event that either party, or an Employer withdrawing representation from the Chapter or not represented by the Chapter, has given a timely notice of proposed changes and an agreement has not been reached by the expiration date or by any subsequent anniversary date to renew, modify or extend this Agreement or to submit the unresolved issues to the Council on Industrial Relations for the Electrical Contracting Industry (CIR), either party or such an Employer may serve the other a ten (10) day written notice terminating this Agreement. The terms and conditions of this Agreement shall remain in full force and effect until the expiration of the ten (10) day period.

Subsection (e) By mutual agreement only, the Chapter or an Employer withdrawing representation from the Chapter or not represented by the Chapter may jointly, with the Union, submit the unresolved issues to the Council on Industrial Relations for adjudication. Such unresolved issues shall be submitted no later than the next regular meeting of the Council following the expiration date of this Agreement or any subsequent anniversary date. The Council's decisions shall be final and binding.

Subsection (f) When a case has been submitted to the Council, it shall be the responsibility of the negotiating committee to continue to meet weekly in an effort to reach a settlement on the local level prior to the meeting of the Council.

Subsection (g) Notice of a desire to terminate this Agreement shall be handled in the same manner as a proposed change.

Amendment by Mutual Consent

Section 3 [1.03]

This Agreement shall be subject to change or supplement at any time by mutual consent of the parties hereto. Any such change or supplement agreed upon shall be reduced to writing, signed by the parties hereto, and submitted to the International Office of the IBEW for approval, the same as this Agreement.

Grievances - Disputes

Section 4 [1.04]

During the term of this Agreement, there shall be no stoppage of work either by strike or lockout because of any proposed changes in this Agreement or dispute over matters relating to this Agreement. All such matters must be handled as stated herein.

Composition of Labor-Management Committee

Section 5 [1.05]

There shall be a Labor-Management Committee of three (3) representing the Union and three (3) representing the Employers. It shall meet regularly at such stated times as it may decide. However, it shall also meet within 48 hours when notice is given by either party. It shall select its own Chairman and Secretary. The Local Union shall select the union representatives, and the Chapter shall select the management representatives.

First Step of Grievance Procedure

Section 6 [1.06]

All grievances or questions in dispute shall be adjusted by the duly authorized representative of each of the parties to this Agreement. In the event that these two are unable to adjust any matter within 48 hours, they shall refer the same to the Labor-Management Committee.

Decision of Labor-Management Committee

Section 7 [1.07]

All matters coming before the Labor-Management Committee shall be decided

by majority vote. Four (4) members of the Committee, two (2) from each of the parties hereto, shall be a quorum for the transaction of business, but each party shall have the right to cast the full vote of its membership, and it shall be counted as though all were present and voting.

Section 9 [1.09]

When any matter in dispute has been referred to conciliation or arbitration for adjustment, the provisions and conditions prevailing prior to the time such matters arose shall not be changed or abrogated until agreement has been reached or a ruling has been made.

ARTICLE II

Employer Rights - Union Rights

Employer Qualifications

Section 1 [2.01]

Subsection (a) *Certain qualifications, knowledge, experience, and proof of financial responsibility are required of everyone desiring to be an Employer in the Electrical Industry. Therefore, an Employer who contracts for electrical work is a person, firm or corporation having these qualifications and maintaining a place of business, a suitable financial status to meet payroll requirements and employing not less than one (1) Journeyman Wireman. Such Employer must be in possession of a valid state license as an Electrical Contractor and shall employ at least one (1) Journeyman regularly.*

Subsection (b) *To provide the Union with more flexibility in organizing non-signatory employers, up to ten (10) electrical contractors who presently have no additional electrician employees shall be eligible to sign the Agreement. This provision does not excuse the Employers from any of the other requirements in Subsection (a) above. The Union and the Association will jointly develop monitoring, reporting and control procedures to assure the other union Employers that the "single employers" are paying all costs under the Agreement and complying with all specified terms and conditions. This Section is limited to residential work only.*

Management Rights

Section 2 [2.02]

The Union understands that the Employer is responsible to perform the work required by the owner. The Employer shall, therefore, have no restrictions except those specifically provided for in the collective bargaining agreement, in planning, directing and controlling the operation of all his work, in deciding the number and kind of employees to properly perform the work, in hiring and laying off employees, in transferring employees from job to job within the Local Union's geographical jurisdiction, in determining the need and number as well as the person who will act as Foreman, in requiring all employees to observe the Employer's and/or owner's rules and regulations not inconsistent with this Agreement, in requiring all employees to observe all safety regulations and in discharging employees for proper cause.

Worker's Compensation Insurance

Section 3 [2.03]

For all employees covered by this Agreement the Employer shall carry Worker's Compensation Insurance with a company authorized to do business in this State, Social Security and such other protective insurance as may be required by the laws of the State, and shall furnish satisfactory proof of such to the Union. He shall also make payments to the California Unemployment Compensation Commission for all employees covered by the terms of this Agreement.

Grievance Procedure

Section 4 [2.04]

Employee grievances brought pursuant to this Agreement will not be considered timely unless the Employer receives notice of such claim within thirty (30) days of the date the alleged violation of the Agreement occurred or within thirty (30) days of the date by which the employee could have been reasonably expected to make such a claim, whichever occurs later. The terms of this Section will have no application to, and in no way affect, the right of the Trustees of fringe benefit plans, which exist pursuant to this Agreement, to proceed against delinquent Employers. It is the intent of the parties that the Trustees of said funds shall in no way be limited by this Section.

Favored Nations Clause

Section 5 [2.05]

The Union agrees that if, during the life of this Agreement, it grants to any other Employer in the Electrical Contracting Industry on work covered by this

Agreement any better terms or conditions than those set forth in this Agreement, such better terms or conditions shall be made available to the Employer under this Agreement, and the Union shall immediately notify the Employer of any such concession.

Section 6 [2.06]

Any special terms, conditions or amendments provided for a specific marketing need as agreed by the parties may be implemented in accordance with established procedures negotiated between the Employer and the Union not in conflict with IBEW policies. To the extent feasible within time constraints, such terms, conditions or amendments shall be made available to all signatory Employers with an interest or involvement in the specific job in question as defined above. In no event shall terms, conditions or amendments, referred to herein, constitute an action subject to or invoking the Favored Nations Clause in the Agreement.

Manpower Portability

Section 7 [2.07]

An employer signatory to a collective bargaining agreement or to a letter of assent to an agreement with another IBEW Local Union, who signs an assent to this Agreement, may bring up to four (4) bargaining unit employees employed in that Local Union's jurisdiction into this Local's jurisdiction and up to two (2) bargaining unit employees per job from that Local's jurisdiction to this Local's jurisdiction for specialty or service and maintenance work. All charges of violations of this Section shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement for the handling of grievances with the exception that any decision of a local labor-management committee that may be contrary to the intent of the parties to the National Agreement on Employee Portability, upon recommendation of either or both the appropriate IBEW International Vice President or NECA Regional Executive Director, is subject to review, modification, or rescission by the Council on Industrial Relations.

Designated Management Worker

Section 8 [2.08]

Subsection (a) Each Employer may designate up to one (1) management representative ("DMW"), who may be either an owner or an employee, to "work with the tools." The DMW shall not be subject to the referral procedure but shall comply with all working hours and conditions of the Agreement for all covered work subject to the following specific provisions:

1. Out-of-area contractors may utilize such a DMW or an employee referred through other Local IBEW referral procedures under the provisions of Article II, Section 7 of the Agreement but shall pay fringe contributions on DMW hours on the same basis as employee hours.

2. A signatory Employer shall be permitted to utilize a DMW provided that the Employer maintains on a full-time basis at least one (1) employee referred under the Agreement.

3. Unless the DMW is a proprietor, partner, or principal operating officer of a signatory company, the Union security provisions of the contract shall apply.

4. The DMW of an Employer with a permanent place of business within the jurisdiction of this Agreement shall be paid wages and fringe contributions in accordance with the Agreement, except that partners and proprietors shall not pay Health and Welfare, Local Pension and NEBF contributions on their own behalf.

5. Each DMW must be registered with the Union prior to the performance of any work under the Agreement.

6. A DMW must have been on the Employer's "non-field" payroll for at least ninety- (90) days prior to being assigned to perform work under the Agreement.

Subsection (b) The provisions of this Section may be reopened at any time by mutual consent, or unilaterally on the first of any month, upon thirty (30) days' advance written notice to the other party.

Avoidance of the intent of this Section shall not be permitted by the pretense of ownership of the business by an immediate member of the family.

Contractor Eligibility

Section 9 [2.09]

Employees subject to this Agreement except those meeting the requirements of "Employer," as defined herein, shall not contract for any electrical work.

Employees subject to this Agreement who may become Electrical Contractors shall do no work as Journeymen or as Apprentices, except in case of emergency for the protection of life or property. Avoidance of the intent of this Section shall not be permitted by the pretense of ownership of the business by an immediate member of the family. This is subject to provisions of Article II, Section 8.

Loaning of Men

Section 10 [2.10]

The Employer shall not loan or cause to be loaned any workers in his employ under the terms of this Agreement to another Employer without first securing

permission of the Union and then only when applicants possessing the required skill are not available under the referral procedure.

Union Access to Work Site

Section 12 [2.12]

The representative of the Union shall be allowed access to any shop or job at any reasonable time where workers are employed under the terms of this Agreement provided he/she first reports to the Employer's main office.

Picket Lines

Section 13 [2.13]

Subsection (a) It shall not be considered a violation of this Agreement nor shall the Employer discharge any worker if he/she recognizes another labor organization's bona fide picket line which is sanctioned by the Local Central Labor Council, the Building Trades Council or the International Office of the craft involved. The Union will notify the Employer as soon as possible if an organization secures such sanction.

Subsection (b) Should workers leave a job where a recognized picket line is sanctioned by the Central Labor Council, the Building Trades Council or the International Office of the craft involved, such workers shall carefully put away all tools, material and equipment or other property of the Employer in a safe manner. The Union will be financially responsible for any loss to the Employer

by members of the Union for neglect in carrying out this provision, but only when a safe place is provided for such property by the Employer, and provided further that reasonable time be allowed the Employer to provide such safe place.

Referral Procedure - Introduction

Section 1 [4.01]

In the interest of maintaining an efficient system of production in the industry, providing for an orderly procedure of referral of applicants for employment, preserving the legitimate interests of the employees in their employment status within the area and of eliminating discrimination in employment because of membership or non-membership in the Union, the parties hereto agree to the following system of referral of applicants for employment.

Exclusive Referral

Section 2 [4.02]

The Union shall be the sole and exclusive source of referral of applicants for employment.

Right of Rejection

Section 3 [4.03]

The Employer shall have the right to reject any applicant for employment.

Non-Discriminatory Referral

Section 4 [4.04]

The Union shall select and refer applicants for employment without discrimination against such applicants by reason of membership or non-membership in the Union, and such selection and referral shall not be affected in any way by rules, regulations, bylaws, constitutional provisions or any other aspect or obligations of Union membership policies or requirements. All such selection and referral shall be in accord with the following procedure.

Register of Applicants

Section 5 [4.05]

The Union shall maintain a register of applicants for employment established on the basis of the GROUPS listed below. Each applicant for employment shall be registered in the highest priority Group for which he/she qualifies.

JOURNEYMAN WIREMAN & TECHNICIAN

Group I

All applicants for employment who have four (4) or more years' experience in the trade, are residents of the geographical area constituting the "normal construction labor market," have passed a Journeyman Wireman examination given by a duly constituted Inside Construction Local Union of the I.B.E.W. or have been certified as a Journeyman Wireman by any Inside Joint Apprenticeship and Training Committee and who have been employed for a period of at least one (1) year in the last four (4) years in the geographical area covered by the collective bargaining agreement.

Group II

All applicants for employment who have four (4) or more years' experience in the trade and who have passed a Journeyman Wireman's examination given by a duly constituted Inside Construction Local Union of the I.B.E.W. or have been certified as a Journeyman Wireman by any Inside Joint Apprenticeship and Training Committee.

Group III

All applicants for employment who have two (2) or more years' experience in the trade, are residents of the geographical area constituting the "normal construction labor market" and who have been employed for at least six (6) months in the last three (3) years in the trade under a collective bargaining agreement between the parties to this Agreement.

Group IV

All applicants for employment who have worked at the trade for more than one (1) year.

48-Hour Clause

Section 6 [4.06]

If the registration list is exhausted and the Local Union is unable to refer applicants for employment to the Employer within 48 hours from time of receiving the Employer's request, Saturdays, Sundays and holidays excepted, the Employer shall be free to secure applicants without using the Referral Procedure, but such applicants, if hired, shall have the status of "temporary employees."

Temporary Employees

Section 7 [4.07]

The Employer shall notify the Business Manager promptly of the names and

Social Security numbers of such "temporary employees" and shall replace such "temporary employees" as soon as registered applicants for employment are available under the Referral Procedure.

Normal Construction Market

Section 8 [4.08]

"Normal construction labor market" is defined to mean the following geographical area plus the commuting distance adjacent thereto, which includes the area from which the normal labor supply is secured:

ALAMEDA COUNTY, CALIFORNIA

The above geographical area is agreed upon by the parties to include the area defined by the Secretary of Labor to be the appropriate prevailing wage areas under the Davis-Bacon Act to which the Agreement applies.

Resident

Section 9 [4.09]

"Resident" means a person who has maintained his permanent home in the above defined geographical area for a period of not less than one (1) year or who, having had a permanent home in this area, has temporarily left with the intention of returning to this area as his permanent home.

Examinations

Section 10 [4.10]

An "examination" shall include experience rating tests if such examination shall have been given prior to the effective date of this procedure, but from and after the date of this procedure shall include only written and/or practical examinations given by a duly constituted Inside Construction Local Union of the IBEW. Reasonable intervals of time for examinations are specified as ninety- (90) days. An applicant shall be eligible for examination if he/she has four (4) years' experience in the trade.

Out-of-Work List

Section 11 [4.11]

The Union shall maintain an "Out-of-Work List" which shall list the applicants within each Group in chronological order of the dates they register their availability for employment.

Short Workweek

Section 12 [4.12]

An applicant who is hired and who receives, through no fault of his own, work of forty- (40) hours or less, shall, upon registration, be restored to his appropriate place within his Group.

Order of Referral

Section 13 [4.13]

Employers shall advise the Business Manager of the Local Union of the number of applicants needed. The Business Manager shall refer applicants to the Employer by first referring applicants in GROUP I in the order of their place on the "Out-of-Work List" and then referring applicants in the same manner successively from the "Out-of-Work List" in GROUP II, then GROUP III, and then GROUP IV. Any applicant who is rejected by the Employer shall be returned to his appropriate place within his GROUP and shall be referred to other employment in accordance with the position of his GROUP and his place within his GROUP.

Bona Fide Requirements

Section 14 [4.14]

The only exceptions which shall be allowed in this order of referral are as follows:

(a) When the Employer states bona fide requirements for special skills and abilities in his request for applicants, the Business Manager shall then refer the first applicant on the register possessing such skills and abilities.

(b) The age ratio clause in the Agreement calls for the employment of an additional employee or employees on the basis of age. Therefore, the Business Manager shall refer the first applicant on the register satisfying the applicable age requirements provided, however, that all names in higher priority GROUPS, if any, shall first be exhausted before such overage reference can be made.

Appeals Committee

Section 15 [4.15]

An Appeals Committee is hereby established composed of one (1) member appointed by the Union, one (1) member appointed by the Employer or by the Association, as the case may be, and a public member appointed by both these members.

Section 16 [4.16]

It shall be the function of the Appeals Committee to consider any complaint of any employee or applicant for employment arising out of the administration by the Local Union of Article IV, Sections 4 through 15 of this Agreement. The Appeals Committee shall have the power to make a final and binding decision on any such complaint, which shall be complied with by the Local Union. The Appeals Committee is authorized to issue procedural rules for the conduct of its business, but it is not authorized to add to, subtract from, or modify any of the provisions of this Agreement, and its decisions shall be in accord with this Agreement.

Inspection of Referral Records

Section 17 [4.17]

A representative of the Employer or of the Association, as the case may be, designated to the Union in writing, shall be permitted to inspect the Referral Procedure records at any time during normal business hours.

Posting of Referral Procedure

Section 19 [4.19]

Apprentices shall be hired and transferred in accordance with the apprenticeship provisions of the Agreement between the parties.

ARTICLE V

Apprenticeship and Training

Joint Apprenticeship and Training Committee

Section 1 [5.01]

There shall be a local Joint Apprenticeship and Training Committee (JATC) consisting of a total of eight members who shall also serve as Trustees to the local apprenticeship and training trust. An equal number of four members each shall be appointed, in writing, by the local chapter of the National Electrical Contractors Association (NECA) and the local union of the International Brotherhood of Electrical Workers (IBEW).

The local apprenticeship standards shall be in conformance with national guideline standards and policies. All apprenticeship standards shall be registered with the NJATC and thereafter submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all others (unindentured, intermediate journeymen, etc.).

Section 2 [5.02]

All JATC member appointments, reappointments and acceptance of appointments shall be in writing. Each member shall be appointed for a three-year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a chairman and a secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for Trust meetings.

Section 3 [5.03]

Any issue concerning an apprentice or an apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article I of this agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

The JATC should meet on a monthly basis, and also upon the call of the Chair.

Section 4 [5.04]

There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement.

All subcommittee members shall be appointed in writing by the party they represent. A subcommittee member may or may not be a member of the JATC.

Section 5 [5.05]

To help ensure diversity of training, provide reasonable continuous employment opportunities, and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job-training assignments and for transferring apprentices from one employer to another. The employer shall cooperate in providing apprentices with needed work experiences. The local union referral office shall be notified, in writing, of all job-training assignments. If the employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

Section 6 [5.06]

The JATC may select and employ a part-time or full-time training director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the training director, the JATC should review the Training Director's Job Description provided by the NJATC. All employees of the JATC shall serve at the pleasure and discretion of the JATC.

Admission and Indenturement

Section 5 [5.07]

All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at sometime in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

Section 6 [5.08]

The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture a total number of apprentices not to exceed a ratio of one (1) apprentice to three (3) Journeyman Wiremen normally employed under a collective bargaining agreement. The JATC shall indenture a larger number of apprentices provided the individuals are entering the program as the result of direct entry through organizing; as provided for in the registered apprenticeship standards.

Section 9 [5.09]

Though the JATC cannot guarantee any number of apprentices; if a qualified employer requests an apprentice, the JATC shall make reasonable efforts to honor the request. If the JATC is unable to fill the request within ten (10) working days, and if the JATC has fewer indentured apprentices than permitted by its allowable ratio, they shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

Section 10 [5.10]

To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage-and-hour (prevailing wage) job sites. Before being employed, the unindentured person must sign a letter of understanding with the JATC and the employer - agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices, and that they are not to work on wage-and-hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as math review, English, safety, orientation/awareness, introduction to OSHA, first-aid and CPR. Participation shall be voluntary.

Section 5.11 [5.11]

The employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this agreement.

Supervision

Section 12 [5.12]

Each job site shall be allowed a ration of two (2) apprentices for every three (3) Journeyman Wireman or fraction thereof as illustrated below.

Number of Journeymen	Maximum Number of Apprentices/Unindentured
1 to 3	2
4 to 6	4
7 to 9	6
↓	↓
97 to 99	66
etc.	etc.

The first person assigned to any job site shall be a Journeyman Wireman.

A job site is considered to be the physical location where employees report for their work assignments. The employer's shop (service center) is considered to be a separate, single job site.

All other physical locations where workers report for work are each considered to be a single, separate job site.

Section 13 [5.13]

An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in-sight-of a Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the employer's designated supervisor or journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

Apprentices who have satisfactorily completed the first four years of related classroom training using the NJATC curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman Wireman.

An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

Section 14 [5.14]

Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this agreement.

Trust Fund

Section 15 [5.15]

Subsection (a) The parties to this Agreement shall be bound by the Local Joint Apprenticeship and Training Trust Fund Agreement which shall conform to Section 302 of the Labor-Management Relations Act of 1947, as amended, ERISA and other applicable regulations.

Subsection (b) The Trustees authorized under this Trust Agreement are hereby empowered to determine the reasonable value of any facilities, materials or services furnished by either party. All funds shall be handled and disbursed in accordance with the Trust Agreement.

Contribution

Section 16 [5.16]

Subsection (a) All Employers subject to the terms of this Agreement shall contribute the amount of funds specified by the parties signatory to the local apprenticeship and training trust agreement. Effective June 1, 2000, the contribution rate is \$0.35. Effective June 1, 2002, the contribution rate will be increased to \$0.45. This sum shall be due the Trust Fund by the same date as is their payment to the NEBF under the terms of the Restated Employees Benefit Agreement and Trust.

ARTICLE VI

Fringe Benefits

N.E.B.F.

Section 1 [6.01]

It is agreed that in accord with the Employees Benefit Agreement of the National Electrical Benefit Fund (NEBF), as entered into between the National Electrical Contractors Association and the International Brotherhood of Electrical Workers on September 3, 1946, as amended, and now delineated as the Restated Employees Benefit Agreement and Trust, that unless authorized

otherwise by the NEBF the individual Employer will forward monthly to the NEBF's designated local collection agent an amount equal to 3% of the gross monthly labor payroll paid to, or accrued by, the employees in this bargaining unit, and a completed payroll report prescribed by the NEBF. The payment shall be made by check or draft and shall constitute a debt due and owing to the NEBF on the last day of each calendar month, which may be recovered by suit initiated by the NEBF or its assignee. The payment and the payroll report shall be mailed to reach the office of the appropriate local collection agent not later than fifteen (15) calendar days following the end of each calendar month.

The individual Employer hereby accepts, and agrees to be bound by, the Restated Employees Benefit Agreement and Trust.

An individual Employer who fails to remit as provided above shall be additionally subject to having this Agreement terminated upon seventy-two (72) hours notice, in writing being served by the Union, provided the individual Employer fails to show satisfactory proof that the required payments have been paid to the appropriate local collection agent.

The failure of an individual Employer to comply with the applicable provisions of the Restated Employees Benefit Agreement and Trust shall also constitute a breach of this Agreement.

Health and Welfare Trust

Section 2 [6.02]

Subsection (a) The Employer agrees to comply with all the provisions of the Alameda County Electrical Workers Health and Welfare Trust Agreement, as amended (copy of which is on file in the Union's office and the office of the Trust), and shall pay to the Trust \$4.76 per hour worked by all employees working under the terms of this Agreement from and after June 1, 1988, and such additional amounts as may be allocated pursuant to the provisions of Appendix A. Such amounts shall be used to provide health and welfare benefits as determined by the Board of Trustees. Copies of current benefit plans are available at the office of the Trust.

Subsection (b) The Employer agrees to abide by any amendment to the Trust Agreement necessary to comply with ERISA, provided no such amendment shall preclude the continuation of participation or commencing of participation in the Trust by any Employer of the type presently permitted to participate under the terms of this Trust or coverage of any of the type of employees of such Employer as are presently permitted to participate in such Trust.

Subsection (c) Certain allocations have been made from such amounts contributed to the Alameda County Electrical Workers Health and Welfare Trust and directly transmitted to the Electrical Workers Retiree Health and Welfare Trust Fund, the Area Health and Welfare Trust Fund and the Area Long Term Disability Trust for the purpose of providing, on behalf of the Alameda County Electrical Workers Health and Welfare Trust, health and welfare benefits to employees, retirees, and dependents, including basic and major medical coverage, life insurance, dental supplemental benefits and long term disability benefits. To the extent allocations to the Area Trusts are transmitted by the bank directly, such shall be regarded as contributions to the Alameda County Electrical Workers Health and Welfare Trust from the amounts contributed as above provided. The parties shall continue to participate in such Area Trusts and provide the benefits currently being provided, and as they may from time to time be amended, provided no such amendment shall require increased contributions by any Employer covered by this Agreement. The Trustees of the Alameda County Electrical Workers Health and Welfare Trust may agree to withdraw from any Area Trust if, upon majority agreement of the Trustees, more beneficial terms or benefits can be obtained by the Trustees of the type presently provided by the Area Trusts. However, nothing in this Agreement, including contributions, which may be made to provide benefits to retirees or disabled employees, shall be construed as vesting or guaranteeing such benefits to any employee. As respects Health and Welfare contributions, the Employers' responsibility is limited solely and only to the hourly contribution as required pursuant to this Agreement.

Subsection (d) The contributions required by this Section shall be paid monthly within the time period required by the Trustees, and, in any event, payment for work performed during a calendar month shall be due on or before the 20th day of the following month.

Substance Abuse Program

Section 3 [6.03]

Subsection (a) The dangers and costs that alcohol and other chemical abuses can create in the Electrical Contracting Industry in terms of safety and productivity are significant. The parties to this agreement resolve to combat chemical abuse in any form and agree that to be effective, programs to eliminate substance impairment should contain a strong rehabilitation component. The parties recognize the Employer's right to adopt and implement a drug and alcohol policy subject to all applicable laws and regulations, procedural safeguards, scientific principles, and legitimate interests of privacy and confidentiality. However, the union reserves the right to

negotiate regarding the terms of the Employer's policy before the Employer implements the policy. When drug and alcohol testing is performed, all testing shall be conducted in accordance with the procedures outlined in the aforementioned policy.

Pension Trust

Section 4 [6.04]

Subsection (a) The Employer agrees to comply with the terms of the Alameda County Electrical Workers Pension Trust Agreement, as it may from time to time be amended, and any individual Employer record-keeping requirements as are or may be required by ERISA. Copies of the Alameda County Electrical Workers Pension Trust and Plans are available at the office of the Trust, c/o McMullan & Associates, Inc., 2850 Collier Canyon Rd., Livermore, California, the office of Local Union 595, 6250 Village Parkway, Dublin, California, or the office of the Northern California Chapter, NECA, 4900 Hopyard Road, Suite 120, Pleasanton, California. No amendment of the Plan or Trust shall preclude the continued participation or commencement of participation of any Employer or employee of a type previously permitted to participate in the Trust and to have contributions made to the Trust and benefits provided under the terms of any Plan adopted by the parties.

Subsection (b) The Employer agrees to pay \$7.00 per hour, effective June 1, 1998, for each hour worked by all employees working under the terms of this Agreement in and to said Pension Trust and any further amount allocated to the Pension Trust pursuant to the provisions of Appendix A for the purpose of providing benefits and paying the costs of administration of pension plans established pursuant to the provisions of such Trust.

Vacation Trust

Section 5 [6.05]

Subsection (a) The Employer shall pay to each employee subject to this Agreement as a vacation allowance an amount equal to sixteen and seven tenths percent (16.7%) of each employee's gross wages, which amount is incorporated in the wage rates listed in Appendix A of this Agreement and as Section 5 may be amended.

Subsection (b) The vacation allowance must be paid to all employees covered by the Agreement who are directed by the individual Employer to work on jobs outside the jurisdiction of the Union. When employees are sent by representatives of the Union to work for such individual Employer on work outside the jurisdiction of the Union, they do not come under the provisions of

this vacation allowance plan, and the Employer will not be required to pay the vacation allowance.

Subsection (c) This vacation allowance shall be withheld from the employee's weekly pay and shall be sent on a monthly basis, along with a Monthly Transmittal Form, to the office of the Trust, McMullan & Associates, Inc., 2850 Collier Canyon, Livermore, CA 94550, to be deposited in the individual employee's account with the International Brotherhood of Electrical Workers, Local Union 595 Vacation Trust.

Subsection (d) The Employer shall make all legal payroll withholdings for income tax, Social Security, unemployment insurance, etc., from the total wages including vacation allowance, and shall then withhold the full amount of the vacation allowance for transmittal on a monthly basis to the Trust.

Subsection (e) The Employer agrees to comply with all the provisions of the Agreement and Declaration of Trust for the International Brotherhood of Electrical Workers, Local Union 595 Vacation Trust, as amended (copies of which are available in the offices of the Union, the Chapter and the Trust). The Employer further agrees to comply with all rules, regulations and procedures adopted by the Board of Trustees of the Vacation Trust.

Subsection (f) The rules governing the scheduling of payment of vacations are set forth in Appendix B to this Agreement.

Bond/Deposit

Section 6 [6.06]

Subsection (a) Each Employer shall post a performance bond in the amount of \$10,000 in language agreed to by the parties to this Agreement as a guaranty of the prompt and full payment of fringe benefit contributions required by this Agreement. In lieu of such bond, an Employer may submit "certification of Participation in the NECA West Payroll and Fringe Benefit Guarantee Trust Fund," or may deposit with the Electrical Industry Service Corporation ("EISC" or "Corporation") an amount equal to the aggregate payments of such fringe benefit programs over the preceding six (6) months, provided, however, that the aggregate amount on deposit shall not be less than \$1,000.00 or required to be in excess of \$10,000.00.

Subsection (b) Employers who fail to post the bond or otherwise satisfy the requirements of subsection (a) may, upon five days written notice given by the EISC, be subject to having their employees removed until such time as the requirements of subsection (a) are met.

Electrical Industry Service Corporation

Section 7 [6.07]

Subsection (a) The fringe benefit trusts referred to in this Agreement shall pay such amounts, as set from time to time by their trustees, to fund the Electrical Industry Service Corporation ("EISC" or "the Corporation") so that it can perform the services set forth in this Section 7 [6.07] or elsewhere in this Agreement.

Subsection (b) The EISC or its authorized representative shall serve as the custodian of fringe benefits for all fringe benefit contributions required by this Agreement, by other collective bargaining agreements between the Chapter and the Union requiring contributions to any of the fringe benefit trusts referred to in this Agreement, and by subscription agreements approved by the trustees of the fringe benefit trusts referred to in this Agreement. As custodian of fringe benefits, the EISC shall receive Employer fringe benefit contributions, maintain records of such contributions, distribute such contributions to the various fringe benefit trusts, and perform other related services. The EISC will also provide collection assistance in the event a contributing Employer is delinquent in its contributions to any of the fringe benefit trusts referred to in this Agreement. In so doing, the EISC may take all necessary and lawful steps to collect such delinquencies, including but not limited to, instituting collection proceedings against delinquent Employers, paying the costs of such proceedings, directing payroll audits, demanding joint check arrangements and removing manpower. The EISC may require an Employer who is delinquent in its contribution obligations to the trusts referred to in this Agreement to submit to expedited arbitration before an arbitrator selected by the EISC. The arbitrator shall be listed with the California State Mediation and Conciliation Service or the Federal Mediation and Conciliation Service. Such arbitrator shall have primary and exclusive jurisdiction over all questions, disputes, or disagreements related to the delinquency that arise under this Agreement or the plan documents governing the trusts referred to in this Agreement. The decision of the arbitrator shall be final and binding as to all matters within his or her jurisdiction, and, in connection therewith, the arbitrator shall have the power to make binding determinations regarding money owed to the trusts. The EISC is authorized to collect from delinquent Employers all collection costs, including but not limited to, attorneys fees, audit costs, arbitration costs and court costs as permitted by law or this Agreement.

Subsection (c) The Chapter and the Union agree to instruct their respective appointed trustees to adopt resolutions and/or amendments to the applicable

trust agreements permitting the EISC to perform on the behalf of each such trust the functions set forth in this Section 7 [6.07].

Subsection (d) The EISC shall maintain separate financial records, have an annual audit conducted and operate according to an annual budget.

Subsection (e) The payment of the fringe benefit contributions required by this Agreement shall be made no later than twenty (20) calendar days following the last day of the month in which hours were worked. Such payments shall cover all hours worked in all payroll weeks ending within the month for which contributions are being paid, and shall be accompanied by a transmittal containing the names, social security numbers, wage rates, hours worked, gross wages earned, benefits owing, and other pertinent information relating to covered employees for such hours worked. Payments not received by the twentieth (20th) day of the current month shall thereupon become delinquent, and such delinquent Employer shall pay to the EISC the sum of Ten Dollars (\$10.00) per delinquency or twenty percent (20%) of the unpaid contributions, whichever is the greater, as and for liquidated damages, plus interest upon the total amount from date due.

Subsection (f) The EISC shall have the authority to adjust, compromise, and/or settle all claims for delinquent contributions, liquidated damages, interest and attorneys' fees, in whole or in part. The EISC shall also have full authority to write off uncollectible accounts not prudent to pursue.

Subsection (g) The EISC is authorized to conduct audits of contributing Employers' payroll records, contribution payments, transmittal reports, and related records. Such audits may be conducted on a random basis, provided that no Employer shall be selected on a strictly random basis more than once during any five-year period. Random audits shall cover a period of one full year preceding the EISC's notice and demand for audit entry. In addition, the EISC may conduct exit audits of Employers who have ceased paying contributions to any of the fringe benefit trusts referred to in this Agreement, and/or have terminated their collective bargaining agreement with the Union, for up to three (3) years preceding the date of ceasing to pay contributions or terminating the collective bargaining agreement, whichever is earlier. Further, the EISC may conduct directed audits of Employers when the EISC has reason to believe such Employers may not be complying with their fringe benefit contribution obligations.

Subsection (h) In the event that an audit conducted pursuant to subsection (g) above reveals a delinquency in an amount in excess of five percent (5%) of the total contributions owing for the audit period, the responsible Employer may be audited for up to an additional three (3) years, as the auditors or the

EISC recommend. Additionally, said Employer is liable for the costs of the audit, in addition to the liquidated damages and interest due for any delinquency.

Subsection (i) The EISC may require an Employer who is delinquent in its contribution obligations to the trusts referred to in this Agreement to pay such delinquencies and/or future contributions by checks issued jointly to the Employer and the EISC from the general contractors, prime subcontractors, and/or other parties paying the Employer for the work giving rise to the contribution obligations. The EISC may require such joint check arrangements so long as the EISC reasonably believes such arrangements are necessary to ensure the prompt payment of required fringe benefit contributions.

Loss of Manpower and Termination of Agreement

Section 8 [6.08]

Subsection (a) To reduce the legal costs associated with efforts to collect delinquent fringe benefit contributions, and to reduce the risk of loss from such delinquencies, the principal officers of the EISC may withdraw a delinquent Employer's manpower, upon five days written notice, if the Employer is either sixty (60) days delinquent in its fringe benefit contribution obligations under this Agreement, or has been late in paying required contributions four or more times within any twelve month period.

Subsection (b) For the same reasons set forth in subsection (a) above, the principal officers of EISC may withdraw a delinquent Employer's manpower, upon five days written notice, after one month's delinquency if the principal officers of the EISC reasonably believe there is imminent risk of being unable to collect the delinquent contributions.

Subsection (c) In addition, individual Employers who are sixty days delinquent in their fringe benefit contribution obligations under this Agreement may be subject to having this Agreement terminated upon five days written notice, being served by the Union, provided the individual Employer fails to show satisfactory proof that the contributions owing were paid.

Trust Participation and Arbitration

Section 9 [6.09]

Subsection (a) The Chapter and Union will each notify their respective appointed Trustees to the Local Health and Welfare Trust, the Local Pension Trust, the Local Vacation Trust (if such is required) and the Apprenticeship and Training Trust that the Trustees should take all steps necessary, including amendments to any Plan or Trust Agreement, if such is required, to permit

participation in the Trusts, receipt of contributions and provision of benefits to their employees by Employers who are signatory to agreements with Local 595 requiring contributions to the Trust on the same hourly rate and subject to the same conditions as are applicable to the Employers who have assigned their bargaining rights to the Chapter, provided such Employer has neither previously been admitted and permitted to participate or is engaged in work of the type covered by this Agreement, or by a type of agreement with other Employers where such participation was approved by the Chapter, or of a new type with approval of the Chapter.

Nothing in this subsection or in this Agreement shall prohibit the payment of contributions to, the provision of benefits to employees by, and the participation in the fringe benefit trust funds referred to in this Agreement by, Employers who are signatory to other collective bargaining agreements between the Chapter and the Union.

The Chapter and the Union will also cooperate in effecting any necessary Trust amendments to accomplish the provisions of this Section.

Subsection (b) The Chapter and the Union will each instruct their respective Trustees that participation in and contributions to the Area Long Term Disability Trust and the Retiree Health and Welfare Trust shall be continued, provided, however, such continued participation shall not be required if any contribution to such Trust would render the contributions of the Employer as not deductible under the provisions of the Internal Revenue Code or affect the tax exemption of any existing Trust. The parties will effect any amendments to existing Trust Agreements that may be necessary to accomplish the objectives of such continued participation.

Subsection (c) The Chapter and Union agree to recommend to the Trustees of each Trust the adoption of amendments to the Trust Agreements governing the resolution of disputes that a deadlock of Trustees shall be resolved by the following arbitration procedure:

1. In the event of a deadlock among Trustees, the parties shall submit such a dispute to arbitration for an expedited determination of the dispute. Upon any deadlock any Trustee may request the Arbitrator to forthwith convene a meeting to resolve the dispute, or to establish procedures for the resolution of the dispute, in as expeditious a fashion as is possible, consistent with the nature of the dispute. The Arbitrator may provide any interim disposition pending a final resolution.

Subsection (d) In any initial meeting with the Arbitrator, each party shall state its version of the dispute and the issues. The Arbitrator may utilize "Med-Arb" methods if he/she deems it desirable. Upon a final and binding

decision by the Arbitrator, the expenses of such arbitration, not to exceed \$4,000.00, shall be assessed against the party the Arbitrator determines to be the unsuccessful litigant in the proceeding. The Trust shall provide a rider to any Errors and Omissions Policy to provide "no recourse" coverage for Arbitrator.

ARTICLE VII

Electrical Contractors Trust of Alameda County

The Committee will engage in activities related to the accomplishment of these purposes, including: the study and monitoring of industry trends market indicators, contracting practices and problems that affect the ability of the Union sector to prosper; the development and implementation of activities and programs that will result in increasing the market share of electrical work for IBEW electricians and their Employers in Alameda County; improving public awareness of the advantages of using contractors employing IBEW electricians through education and public media; and enhancing customer relations

Subsection (d) The Committee shall be composed of three (3) representatives of labor and three (3) representatives of management. The Committee shall conduct at least six (6) meetings annually and shall not allow more than seventy-five (75) days to elapse between meetings. Section 4 [7.04]

Adequate safety or protection devices shall be supplied by the Employer on all hazardous work in accord with the Safety Orders of the Industrial Accident Commission and the rules of the Union. They shall also observe the instructions of the Employer in matters of safety, provided such instructions are not in conflict with the Safety Orders of the Industrial Accident Commission and recognized practices of the trade.

Where a question of safety arises and leads to a dispute that cannot be settled on the job, then no work shall be performed on that portion of work involved until the Industrial Accident Commission Safety Inspector has inspected that portion of work and the equipment involved and rendered a ruling which shall be obeyed.

Hard Hat Liner

Section 2 [8.02]

Such Radiation Monitors shall determine the location of hazardous zones and shall be responsible for the radiation hazards herein. He shall maintain permanent and accurate time check on all workers

entering and leaving such zones, including radiation dosages of all personnel emerging from the radiation zone. He shall also be in charge of any decontamination of personnel, their tools, materials or equipment. ARTICLE IX

National Electrical Industry Fund (NEIF)

Section 1 [9.01]

Each individual Employer shall contribute an amount not to exceed one percent (1%) nor less than .2 of 1% of the productive electrical payroll as determined by each local Chapter and approved by the Trustees, with the following exclusions:

- 1) Twenty-five percent (25%) of all productive electrical payroll in excess of 75,000 man-hours paid for electrical work in any one Chapter area during any one calendar year but not exceeding 150,000 man hours.
- 2) One Hundred percent (100%) of all productive electrical payroll in excess of 150,000 man-hours paid for electrical work in any one Chapter area during any one calendar year.

(Productive electrical payroll is defined as the total wages including overtime paid with respect to all hours worked by all classes of electrical labor for which a rate is established in the prevailing labor area where the business is transacted.)

Payment shall be forwarded monthly to the National Electrical Industry Fund in a form and manner prescribed by the Trustees no later than fifteen (15) calendar days following the last day of the month in which the labor was performed. Failure to do so will be considered a breach of this Agreement on the part of the individual Employer.

ARTICLE X

Miscellaneous

Ally Clause

Section 1 [10.01]

The signatory Employer agrees that he/she will not become an "Ally" of any Employer lawfully struck by the signatory Union. The term "Ally," as used herein, shall be interpreted in accordance with the controlling legal principles established under the NLRA in "Ally" cases. In the event the Union

reasonably believes that the signatory Employer has become an "Ally," it may, at its option, give forty-eight (48) hours' written notice to the signatory Employer of its intent to withdraw their employees.

In recognition of the fact that the signatory Employer is in possession of all pertinent information relating to transactions for the performance of work, the burden of proof shall be upon the signatory Employer to prove that it is not an "Ally." If the Union still adheres to its contention the signatory Employer is an "Ally" and that the signatory Employer has entered into an agreement, written or oral, or by any subterfuge whatsoever, to perform work for or on behalf of the struck Employer or any customer of the struck Employer at the behest of the struck Employer during the pendency of a lawful strike, the parties shall proceed to immediate arbitration on the "Ally" issue under the expedited arbitration rules of the AAA, except that the arbitrator shall be selected by the Chapter, with a Union representative present, by calling in sequence until an arbitrator is contacted who is willing to hear and determine the dispute within the 48 hour period of notice.

If the decision of the arbitrator sustains the Union, the signatory Employer shall refrain from performing the challenged work. In addition, the arbitrator shall have authority to award damages assessed against the signatory Employer, to employees injured by the Employer's action, or if such an award is not appropriate, to some other appropriate entity, including the Union.

For the reasons set forth above, the burden of proof at the arbitration shall be upon the signatory Employer to prove that it is not an "Ally." Nothing in this Agreement shall preclude the signatory Employer from doing any work for any customer that he/she has customarily serviced, provided that he/she is not doing so as an "Ally" or in conjunction with any agreement, written or oral, express or implied, or by any subterfuge to assist any struck Employer. The losing party in the arbitration shall be required to pay all reasonable costs incurred, including the reasonable attorney fees and related costs incurred by the prevailing party.

Information Requests from Union

Section 2 [10.02]

The Employer shall furnish any information to the Union that is reasonably helpful for the handling of negotiations or grievances with the Employer. If the Union requests information and it is not promptly supplied, the Union may proceed through the Labor-Management Committee, which shall meet within 48 hours, and to arbitration. In the making of any such determination that the information should be or should have been supplied, the arbitrator shall apply

the same tests as would be applied by the United States District Court in any claim or breach of contract or by the NLRB in any unfair practice case based on the refusal of any Employer to supply information for negotiating purposes. The losing party in the arbitration shall be required to pay all reasonable costs incurred, including the reasonable attorney fees and related costs incurred by the prevailing parties.

Escrow Agreements

Section 3 [10.03]

In the event any increase provided in this Agreement results in any challenge or determination pursuant to regulations or any governmental agency, as they now exist or may from time to time be amended, the parties agree to use their best efforts in a joint appeal to such governmental agency to uphold the validity and propriety of the wage and benefit provisions, and, until final ruling by the involved governmental agency, the amounts provided in the contract shall continue to be paid as set forth below until such appeal is finally determined.

If it is required that any contract or agreement requiring additional wage or benefit increases must be submitted to any governmental regulatory agency for approval under the authority of any Wage Control legislation, the Employer agrees to pay into escrow any portion of negotiated increases requiring such approval prior to implementation, pending determination and ultimate approval through governmental processes, but such escrow shall be terminated at the end of the shorter of any of the following periods: (a) six months; (b) any maximum period of time set forth in any law or regulation; (c) any directive from the International Brotherhood of Electrical Workers relating to the time such an escrow may be maintained.

In the event the governmental processes provide an appeal procedure, the parties agree to expedite such an appeal. While any sums are accumulated in escrow, any earnings on such escrow funds shall be first utilized to pay expenses incurred in the administration of the escrow agreement. The Chapter and each Employer agree to execute any lawful escrow agreement prepared by the Union in conformance with this Section and submitted to the Chapter, which shall approve such agreement if lawful, consistent with this Section and does not contain any unreasonable provisions. In the event the Chapter or any Employer contends the escrow provisions submitted by the Union are not lawful, the money shall nevertheless accumulate in an escrow established with the bank, and the dispute with respect to the lawfulness of the proposed Union escrow agreement shall be promptly submitted at the request of either party to the Council of Industrial Relations for adjudication. In the event of any Price Control legislation, the Union agrees to support and assist

the Employer in any appeal relating to processes the Employer deems necessary to profitably operate and pay the labor costs set forth in this Agreement.

Labor-Management Relations Act of 1947

Section 4 [10.04]

In the event that the Labor-Management Relations Act of 1947 is amended or is reinterpreted by the National Labor Relations Board or by the courts legally to permit the inclusions of Section of Article 2 of the Agreement of June 29, 1946, said Section shall be reincorporated in any collective bargaining agreement between the parties.

Litigation

Section 5 [10.05]

The parties jointly agree that all of the provisions of this Agreement are lawful, proper and enforceable. No litigation shall be instituted, directly or indirectly, by either party arising out of negotiation of this Agreement, and any dispute concerning the interpretation, application, legality, or enforceability of any of the provisions of this Agreement shall be submitted to the grievance and arbitration provisions of this Agreement. (This shall not be applicable to any injunctive relief requiring recourse to the grievance provisions of the Agreement and enjoining any violation of the prohibition against strikes or lockouts contained in this Agreement.) In the event any person or company institutes any such litigation, the parties agree to use their best efforts to uphold the legality and validity of this Agreement and the propriety of the negotiations leading to the execution of this Agreement.

Savings Clause

Section 6 [10.06]

It is not the intent of either party hereto to violate any laws, rulings or regulations of any governmental authority or agency having jurisdiction of the subject matter or of this Agreement, and the parties hereto agree that in the event any provisions of this Agreement are finally determined to be illegal or void as being in contravention of any such laws, rulings or regulations, the remainder of the Agreement shall remain in full force and effect, and the parties shall immediately enter into negotiations for the purpose of correcting the illegal or void portions so as best to effectuate the intent of this Agreement.

In the event the parties are unable to agree on such corrections, the matter may be referred to arbitration by either in accordance with the provisions contained herein. Under no circumstances shall any dispute over legality excuse payment of wages or fringe benefits specified in this Agreement pending a determination of the issue.

If the parties are in dispute over legality, the Employer shall pay the dispute amounts in escrow by the same date such disputed amounts would be paid to the employee or any Trust Fund. However, either party may obtain, ex parte binding interim determination by the IBEW and NECA on the matter, and the parties shall abide by such interim determination (including any order to pay such amounts in dispute) pending any arbitration or judicial rulings. The parties agree to expedite requests for such an interim ruling or arbitration or judicial proceeding.

Separability Clause

Section 7 [10.07]

Should any provision of this Agreement be declared illegal by any court of competent jurisdiction, such provisions shall immediately become null and void, leaving the remainder of the Agreement in full force and effect and the parties shall, thereupon, seek to negotiate substitute provisions which are in conformity with the applicable laws.

APPENDIX B

RULES GOVERNING SCHEDULING AND PAYMENT OF VACATION BENEFITS

The rules governing scheduling and payment of vacation benefits pursuant to Article VI, Section 4 [6.04], of this Agreement are as follows:

1. Payments Directly to Employee

(a) **Payment for Scheduled Vacations:** An employee may request payment of vacation benefits for one scheduled vacation at any time throughout the year, except during the month of November, when calculations for the annual distribution are made. A request for payment of benefits for a scheduled vacation must be made on or before the first day of the month in which the employee seeks to receive such payment

(b) **Quarterly Vacation Withdrawals:** An employee may also request a quarterly withdrawal of funds from his or her individual vacation account to be paid during the first seven (7) days of March, June and September of each year. A request for payment of benefits for a quarterly withdrawal must be made on or before the first day of the month in which the quarterly withdrawal may be paid (i.e., March, June and September). Any funds remaining in an employee's individual vacation account at the end of November of each year will automatically be paid out to the employee during the first seven (7) days of December of that year; provided, however, that employees may notify the Plan Manager in writing, on or before the first day of December of each year, of their desire to retain such funds in their individual accounts.

(c) **Additional Payments:** An employee may request additional payments of funds from his or her individual vacation account for a reasonable administrative fee per payment, to be set from time to time by the Board of Trustees of the Vacation Trust. A request for such additional payment must be made on or before the first day of the month in which the employee seeks to receive such payment. For ease of administration, and in accordance with the above rules providing for five withdrawals per year, the first five requests for withdrawal during any calendar year by an employee shall be without charge with subsequent withdrawals being subject to the above administrative fee.

2. **Transfers to the Electricians #595 Credit Union.** In lieu of direct payments, an employee may authorize monthly transfers of amounts paid into his or her individual vacation account into the Electricians #595 Credit Union pursuant to Article III, Section 9(b) of the collective bargaining agreement. Forms authorizing such transfers of funds are available at the Union office and completed forms must be returned to the Union office. For the purpose of

providing parallel benefits, an employee authorizing such transfers will receive the first five monthly transfers in any given calendar year free of charge, with subsequent transfers subject to the same reasonable administrative fee per transfer as will be charged for more than five withdrawals per year. The Board of Trustees of the Vacation Trust will set said fee from time to time.

3. Authorized Deductions. The funds in an employee's individual vacation account shall be available to the employee through the above-described procedures; provided, however, that any amounts in the account which are necessary to satisfy the employee's authorized dues, uniform assessment or political action committee deductions, pursuant to Article III, Subsections 9(a) and 9(c) of this Agreement, shall first be paid or set aside prior to any such payment, withdrawal or transfer.
