South Asia – Earthquake

Fact Sheet #21, Fiscal Year (FY) 2006

November 3, 2005

BACKGROUND

- A magnitude 7.6 earthquake struck Pakistan, India, and Afghanistan, on October 8, 2005, at 8:50 a.m. local time, according to the U.S. Geological Survey (USGS). The epicenter of the earthquake was located near Muzaffarabad, the capital of Pakistani-administered Kashmir, and approximately 60 miles north-northeast of Islamabad.
- Aftershocks continue in the affected areas. The delivery of humanitarian assistance is constricted by the mountainous area, cold weather, and damaged or collapsed infrastructure. The most affected areas are the North West Frontier Province (NWFP), Northern Punjab, and Pakistani-administered Kashmir in Pakistan, and Indian-administered Kashmir in India.

NUMBERS AT A GLANCE ¹		SOURCE
Pakistan	73,000 dead	Government of Pakistan (GOP) – November 2
	69,000 injured	GOP – November 2
	2.8 million homeless	International Organization for Migration (IOM) – October 21
India	1,309 dead	Government of India (GOI) – October 26
	6,622 injured	GOI – October 26
	150,000 homeless	GOI – October 14

USAID Humanitarian and Reconstruction Assistance Pledged	\$100,000,000
USAID/OFDA Humanitarian Assistance Committed to Pakistan	\$38,123,287
Total USAID Humanitarian Assistance Committed to Pakistan	\$41,849,887
USAID/OFDA Humanitarian Assistance Committed to India	\$604,216
Total USG Humanitarian Assistance Committed to South Asia	\$42,454,103

CURRENT SITUATION

Pakistan

- According to the USAID/Disaster Assistance Response Team (DART) Field Officer (FO) in Mansehra, the most pressing issues in Mansehra are setting up camps for people who will likely descend from the mountains and providing shelter materials for those who do not wish to move to the camps.
- On November 3, the GOP reported accessing more than 98 percent of the 2,775 villages affected by the earthquake. The remaining 41 villages had not yet been accessed by relief and rescue teams due to damage to the roads.
- According to the U.N. World Food Program (WFP), 6,055 metric tons (MT) of food commodities have been dispatched for the earthquake relief efforts as of November 1. The USAID/DART reports that since most roads are fully or partially blocked, food distributions are occurring at roadblocks as far into the valley as possible. From these distribution points, mule packs carry food further into the mountains.
- The USAID/DART reports that while many roads are impassable, accessible back trails allow those who live at higher elevations to travel to lower elevations to access markets and purchase food. The USAID/DART notes that although some people lost food stocks in the earthquake, people in earthquake-affected areas have fairly significant stocks of food at present due to the recent harvest.
- According to the GOP National Plan of Action (NPA), an estimated 65 percent of the health infrastructure has been damaged beyond use in the affected areas. The NPA indicates that of 564 health facilities, 291 have been destroyed and 74 damaged.
- The U.N. Office for the Coordination of Humanitarian Affairs (OCHA) reports that Acute Respiratory Infection (ARI) is the most common diagnosis reported. In addition, as of November 1, the total number of reported tetanus cases has increased to 113, with 22 deaths. Health facilities are not currently reporting any measles cases or outbreaks of other major communicable diseases.

India

- From October 24 – 30, a team from the U.N. World Health Organization (WHO) conducted a rapid health assessment of the Jammu and Kashmir region. The WHO team reported that the earthquake damaged nearly 100 percent of the health infrastructure in the affected area. However, in spite of the damage to the physical structures, WHO reported that health centers continue to function from alternate locations.

¹ These figures are the best available estimates.

USG HUMANITARIAN ASSISTANCE

Pakistan

- A USAID/DART has been on the ground in Pakistan since October 10. The mission of the USAID/DART is to assess humanitarian needs, assist with targeting and coordination of USG assistance in conjunction with USAID/Pakistan, and provide technical assistance as required. Headquartered in Islamabad, the USAID/DART has also established bases of operations in Muzaffarabad and Mansehra.
- To date, USAID has provided more than \$41.8 million in humanitarian assistance to earthquake-affected communities in Pakistan. USAID identified shelter, relief supplies, health, water and sanitation, and logistics as priority sectors for immediate relief operations.
- From October 10 to 31, USAID completed nine airlifts of emergency relief commodities to Pakistan. The airlifts delivered a total of 45,000 blankets, 1,570 winterized tents, 6,150 rolls of plastic sheeting for approximately 30,750 families, 15,000 water containers, 17 water bladders, 2 water purification units, 10 WHO emergency health kits, and 20 concrete cutting saws. The total value of the completed airlifts, including transport, is more than \$4 million.
- In response to the U.N. Flash Appeal, USAID/OFDA has provided \$14.3 million in funding to support transitional shelter programs, health, water and sanitation, humanitarian air service, logistical coordination, and the movement of supplies to affected populations and movement of those populations to safe areas.
- To date, USAID/FFP has responded to the WFP emergency operation for Pakistan with 2,400 MT of vegetable oil and 480 MT of wheat soy blend. The total value of this contribution is approximately \$3.4 million.
- On October 20, USAID and Procter & Gamble announced a \$600,000 public-private alliance to provide safe drinking water for those affected by the earthquake. Through this partnership, USAID and Procter & Gamble are supplying a point-of-use water purification product that significantly reduces diarrheal illnesses. Through the Global Development Alliance (GDA), USAID contributed \$300,000 toward this partnership, which provides safe drinking water for more than 50,000 households for 3 months.
- As of November 3, the U.S. Department of Defense (DOD) has 933 personnel providing relief and reconstruction assistance in support of the Pakistan earthquake relief effort. To date, DOD has flown 788 helicopter missions delivering 1,921 tons of relief supplies and evacuated 8,218 casualties from the affected area. The 212th Mobile Army Surgical Hospital (MASH), established October 25 in Muzaffarabad, currently has 36 Intensive Care Unit beds, 60 intermediate minimal care beds, and two operating rooms. To date the MASH has performed 46 surgeries, and treated 548 non-surgical patients.

India

- From October 11 to October 17, a USAID/OFDA Regional Advisor was in India assisting USAID/India with damage and needs assessments and making recommendations regarding USG assistance.
- On October 10, U.S. Ambassador to India David C. Mulford issued a disaster declaration due to the effects of the October 8 earthquake across northern India. As of November 1, USAID has provided more than \$600,000 to relief organizations for emergency relief supplies and shelter.
- To date, India has not requested international assistance.

U.S. GOVERNMENT HUMANITARIAN ASSISTANCE TO PAKISTAN

USAID/OFDA ASSISTANCE¹			
ACTED	Relief supplies, shelter, water and sanitation, cash-for-work	NWFP: Balakot	\$2,351,232
Action Against Hunger	Shelter, relief supplies	Earthquake Affected Regions of NWFP and AJK	\$2,180,000
American Red Cross	IFRC preliminary emergency appeal	Earthquake Affected Regions of NWFP and AJK	\$1,998,276
CRS	Livelihoods, water and sanitation, shelter	NWFP/AJK: Mansehra, Balakot, Muzaffarabad	\$2,470,000
GOAL	Shelter, livelihoods	AJK: Bagh	\$2,000,000
ICRC	Emergency relief supplies, shelter	Earthquake Affected Regions of NWFP and AJK	\$5,000,000
IOM	Delivery of relief supplies (surface transport), transport of displaced populations to safe areas, transitional shelter	Earthquake Affected Regions of NWFP and AJK	\$3,000,000
IRC	Shelter, emergency relief supplies, child protection	NWFP: Abbottabad, Batagram, Mansehra, and Shangla	\$2,500,000
Mercy Corps	Shelter, water and sanitation, cash-for-work	NWFP: Mansehra	\$1,511,168
Save the Children/US	Shelter, emergency relief supplies, livelihoods, psychological and social assistance	NWFP: Muzaffarabad, Mansehra, Balakot, Batagram, Abbottabad, Rawalakot	\$2,500,000

World Vision	Emergency relief supplies, shelter	Baramulla, Kupwara districts	\$99,938
TOTAL USAID/OFDA HUMANITARIAN ASSISTANCE TO INDIA			\$604,216

²USAID/OFDA funding represents anticipated or actual obligated amounts as of November 3, 2005.

PUBLIC DONATION INFORMATION

- The most effective way people can assist relief efforts is by making cash contributions to humanitarian organizations that are conducting relief operations. Information on identifying such organizations is available in the “How Can I Help” section of www.usaid.gov – Keyword: South Asia Earthquake, or by calling The Center for International Disaster Information (CIDI) at 703-276-1914.
- USAID encourages cash donations because they: allow aid professionals to procure the exact items needed (often in the affected region); reduce the burden on scarce resources (such as transportation routes, staff time, warehouse space, etc); can be transferred very quickly and without transportation costs; support the economy of the disaster-stricken region; ensure culturally, dietary, and environmentally appropriate assistance.
- More information can be found at:
 - USAID: www.usaid.gov – Keyword: Donations
 - The Center for International Disaster Information: www.cidi.org or (703) 276-1914
 - Information on relief activities of the humanitarian community can be found at www.reliefweb.int
