Background

On December 1, 2004, the Department initiated and the Commission instituted sunset reviews of the antidumping duty orders on pipe fittings from Brazil, Taiwan, Japan, Thailand, and China

pursuant to section 751(c) of the Act.¹ As a result of its review, the Department found that revocation of the antidumping duty orders would be likely to lead to continuation or recurrence of dumping and notified the Commission of the magnitude of the margins likely to prevail were the orders to be revoked.²

On October 31, 2005, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders on pipe fittings from Brazil, Taiwan, Japan, Thailand, and China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See Carbon Steel Butt-Weld Pipe Fittings from Brazil, China, Japan, Taiwan, and Thailand, 70 FR 66847 (November 3, 2005), USITC Publication 3809 (October 2005) (Investigations Nos. 731–TA–308–310, 520, and 521 (Second Review)).

Determination

As a result of the determinations by the Department and the Commission that revocation of these antidumping duty orders would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty orders on pipe fittings from Brazil, Taiwan, Japan, Thailand, and China.

U.S. Customs and Border Protection will continue to collect antidumping duty deposits at the rates in effect at the time of entry for all imports of subject merchandise.
