General Schedule Locality Pay Areas

AGENCY: Office of Personnel Management.

ACTION: Final rule.

SUMMARY: On behalf of the President’s Pay Agent, the Office of Personnel Management is issuing final regulations on locality pay areas for General Schedule employees. The final regulations merge the Kansas City, St. Louis, and Orlando locality pay areas with the Rest of U.S. locality pay area;

create new locality pay areas for Buffalo, NY; Phoenix, AZ; and Raleigh, NC; add the Federal Correctional Complex Butner, NC, to the Raleigh locality pay area under revised criteria for evaluating Federal facilities that cross locality pay area boundaries; add Fannin County, TX, to the Dallas-Fort Worth locality pay area; and make minor changes in the official description of the Los Angeles-Long Beach-Riverside and Washington-Baltimore-Northern Virginia locality pay areas. The new locality pay area definitions will become effective in January 2006.

DATES: The regulations are effective January 1, 2006. The regulations are applicable on the first day of the first pay period beginning on or after January 1, 2006.

FOR FURTHER INFORMATION CONTACT: Allan Hearne, (202) 606–2838; FAX: (202) 606–4264; e-mail: *pay-performance-policy@opm.gov*.

SUPPLEMENTARY INFORMATION: Section 5304 of title 5, United States Code, authorizes locality pay for General Schedule (GS) employees with duty stations in the contiguous United States and the District of Columbia. By law, locality pay is set by comparing GS pay rates with non-Federal pay rates for the same levels of work in each locality pay area. Non-Federal pay levels are estimated by means of salary surveys conducted by the Bureau of Labor Statistics (BLS). In 2005, there are 32 locality pay areas: 31 separate metropolitan locality pay areas and a Rest of U.S. (RUS) locality pay area that consists of all locations in the contiguous United States that are not part of one of the 31 separate metropolitan locality pay areas.

Section 5304(f) of title 5, United States Code, authorizes the President’s Pay Agent (the Secretary of Labor, the Director of the Office of Management and Budget (OMB), and the Director of the Office of Personnel Management (OPM)) to determine locality pay areas. The boundaries of locality pay areas must be based on appropriate factors, which may include local labor market patterns, commuting patterns, and the practices of other employers. The Pay Agent must give thorough consideration to the views and recommendations of the Federal Salary Council, a body composed of experts in the fields of labor relations and pay policy and representatives of Federal employee organizations. The President appoints the members of the Federal Salary Council, which submits annual recommendations to the President’s Pay Agent about the locality pay program. Based on recommendations of the

Federal Salary Council, we use Metropolitan Statistical Area (MSA) and Combined Statistical Area (CSA) definitions established by OMB as the basis for locality pay area definitions.

On June 20, 2005, OPM issued a proposed rule on behalf of the Pay Agent to—

- Create new locality pay areas for Buffalo, Phoenix, and Raleigh;
- Merge the Kansas City, St. Louis, and Orlando locality pay areas with the Rest of U.S. locality pay area;
- Include several new areas of application in the new Raleigh locality pay area; and
- Add Fannin County, TX, to the Dallas locality pay area, Culpepper County, VA, to the Washington, DC, locality pay area, and change the name of the Santa Barbara-Santa Maria-Goleta, CA, Metropolitan Statistical Area within the Los Angeles locality pay area.

Comments Received

We received 31 comments on the proposed regulations. Several of the commenters requested that separate locality pay areas be established in additional locations due to high living costs. The suggested areas included Eureka, CA; Fresno, CA; Las Vegas, NV; Norfolk, VA; Preston County, WV; Salt Lake City, UT; Tampa, FL; and Toledo, OH. Norfolk, Salt Lake City, and Tampa have been surveyed for the locality pay program in the past, but the surveys indicated that pay levels in each location were below pay levels in the RUS locality pay area.

Living costs are not directly considered in setting locality pay or defining locality pay areas. Locality pay is set by comparing GS and non-Federal pay for the same levels of work to allow the Government to recruit and retain an adequate workforce. Locality pay is not designed to equalize living standards for GS employees across the country. Since living costs are just one of many factors that affect the supply and demand for labor, they are not considered separately.

Several commenters were opposed to merging the Kansas City, St. Louis, and Orlando locality pay areas with the RUS area and expressed concerns about the impact on pay for employees in those areas. Salary survey results consistently show that the pay disparity in these three areas is below that in the RUS locality pay area. Since the purpose of locality pay is to enable the Government to offer higher pay in high-pay areas, there is no policy-based justification for continuing these three cities as separate locality pay areas.

Commenters expressed several other concerns about Kansas City, St. Louis,
