

Letter from Susan H. Kuhbach to Barbara P. Sidari, dated July 30, 1998, which is available in the CRU.

3. On October 23, 1997, the petitioners filed an application requesting that the Department initiate an anti-circumvention investigation of Barilla S.r.L. ("Barilla"), an Italian producer and exporter of pasta. The Department initiated the investigation on December 8, 1997. See *Initiation of Anti-Circumvention Inquiry on Antidumping Duty Order on Certain Pasta From Italy*, 62 FR 65673 (December 15, 1997). On October 5, 1998, the Department issued its final determination that, pursuant to section 781(a) of the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act effective January 1, 1995 ("the Act"), circumvention of the antidumping order on pasta from Italy was occurring by reason of exports of bulk pasta from Italy produced by Barilla which subsequently were repackaged in the United States into packages of five pounds or less for sale in the United States. See *Anti-Circumvention Inquiry of the Antidumping Duty Order on Certain Pasta from Italy: Affirmative Final Determination of Circumvention of the Antidumping Duty Order*, 63 FR 54672 (October 13, 1998).

4. On October 26, 1998, the Department self-initiated a scope inquiry to determine whether a package weighing over five pounds as a result of allowable industry tolerances is within the scope of the antidumping and countervailing duty orders. On May 24, 1999, we issued a final scope ruling finding that, effective October 26, 1998, pasta in packages weighing or labeled up to (and including) five pounds four ounces is within the scope of the antidumping and countervailing duty orders. See *Memorandum from John Brinkmann to Richard Moreland*, dated May 24, 1999, which is available in the CRU.

5. On April 27, 2000, the Department self-initiated an anti-circumvention inquiry to determine whether Pastificio Fratelli Pagani S.p.A.'s importation of pasta in bulk and subsequent repackaging in the United States into packages of five pounds or less constitutes circumvention with respect to the antidumping and countervailing duty orders on pasta from Italy pursuant to section 781(a) of the Act and 19 CFR 351.225(b). See *Certain Pasta from Italy: Notice of Initiation of Anti-Circumvention Inquiry of the Antidumping and Countervailing Duty Orders*, 65 FR 26179 (May 5, 2000). On September 19, 2003, we published an affirmative finding of the anti-

circumvention inquiry. See *Anti-Circumvention Inquiry of the Antidumping and Countervailing Duty Orders on Certain Pasta from Italy: Affirmative Final Determinations of Circumvention of Antidumping and Countervailing Duty Orders*, 68 FR 54888 (September 19, 2003).

Rescission of Review

The Department's regulations at 19 CFR 351.213(d)(1) provide that the Department will rescind an administrative review, in part, if a party that requested a review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. Pastificio Laporta S.a.s. withdrew its request for an administrative review on September 15, 2005, which is within the 90-day deadline, and no other party requested a review with respect to this company. Therefore, the Department is rescinding this administrative review, in part, for Pastificio Laporta S.a.s..

This notice is issued and published in accordance with 19 CFR 351.213(d)(4).

Dated: October 6, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from the other country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). The Investigating Authority was directed to complete its remand determination no later than October 28, 2005.

Western Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting; public hearing.

SUMMARY: The Western Pacific Fishery Management Council (Council) will meet to discuss measures for reducing interactions between seabirds and longline fishing.

DATES: The meeting will be held on Tuesday, November 1, 2005, at 12 noon HST.

ADDRESSES: The meeting will be held via telephone conference call at the Council office, 1164 Bishop St., Suite 1400, Honolulu, HI 96813; telephone: (808) 522-8220; fax: (808) 522-8226. The call-in number for the conference call is: (866) 867-8289, and the passcode is: 1683776.

FOR FURTHER INFORMATION CONTACT: Kitty M. Simonds, Council Executive Director; telephone: (808) 522-8220.

SUPPLEMENTARY INFORMATION: The items of discussion in the Council meeting's agenda are as follows:

1. *Pelagic Fisheries.*

On April 6, 2005, the Council transmitted to NMFS an amendment to the Council's Fishery Management Plan for Pelagic Fisheries in the Western Pacific (FMP), that recommended new measures for mitigating interactions between pelagic longline vessels and seabirds. This amendment would require all Hawaii-based longline fishing vessels to either (a) side-set (deploy longline gear from the side of the vessel rather than from the stern), or (b) use a combination of other mitigation measures to prevent seabirds (e.g., Laysan and black-footed albatrosses), from being accidentally hooked or entangled during fishing operations in certain areas. These measures would also reduce the potential for fishery interactions with endangered short-tailed albatrosses that are known to be in the area in which the fishery operates. On July 13, 2005, NMFS published a proposed rule (70 FR 40302) with a request for public comments. Comments received indicated that modification of some aspects of the proposed measures should be considered, based on recent observer and experimental observations.

Under the proposed rule, seabird mitigation measures would be required everywhere for Hawaii-based vessels using shallow-set longline fishing gear, and north of 23°N latitude for Hawaii-based vessels using deep-set longline fishing gear. Operators of shallow-setting longline vessels that elect not to side-set would continue to be required
