

permit U.S. Institute staff to evaluate how well the roster program is performing to help users find appropriate practitioners. Affected Entities: Entities potentially affected by this action are individuals who use the roster search system. Burden Statement: It is estimated that the annual national public burden and associated costs will be approximately 17 hours and \$663, respectively. These values were calculated assuming that on average: (a) Users will require four minutes to complete the questionnaire; (b) there will be 250 follow-up evaluations administered each year; and (c) searchers are asked to complete this questionnaire once per search. Cost burden estimates assume: (a) There are no capital or start-up costs for respondents, and (b) respondents' time is valued at \$39/hr.

Program Support and System Design Services

The U.S. Institute provides leadership and assistance to agencies/organizations developing collaborative problem solving and dispute resolution programs and systems. Program development and dispute system design services include assistance with planning, developing, designing, implementing, evaluating, and/or refining federal environmental conflict resolution programs, systems for handling administrative disputes, or approaches for managing environmental decision making (e.g., with processes under the National Environmental Policy Act (NEPA)).

(11) Program Support and System Design Services—Questionnaire for Agency Representatives and Key Participants (annual survey for length of project); New collection request; Abstract: Agency representatives and key project participants who request and receive U.S. Institute program support and system design services will be asked to complete a voluntary questionnaire containing six questions. The questionnaire will require fill-in-the-blank and open-ended responses. Affected Entities: Entities potentially affected by this action are individuals who benefit from program support and system design services from the U.S. Institute. Burden Statement: It is estimated that the annual national public burden and associated costs will be approximately six hours and \$234, respectively. These values were calculated assuming that on average: (a) Agency representatives or key project participants require six minutes to complete the questionnaire; (b) there will be 60 responses each year; and (c) on average three agency representatives/key participants are involved in each

initiative. Cost burden estimates assume: (a) There are no capital or start-up costs for respondents, and (b) respondents' time is valued at \$39/hr.

NUCLEAR REGULATORY COMMISSION

Draft Regulatory Guide: Issuance, Availability Public Workshop

The U.S. Nuclear Regulatory Commission (NRC) has issued for public comment a draft revision to an existing guide in the agency's Regulatory Guide Series. This series has been developed to describe and make available to the public such information as methods that are acceptable to the NRC staff for implementing specific parts of the NRC's regulations, techniques that the staff uses in evaluating specific problems or postulated accidents, and data that the staff needs in its review of applications for permits and licenses.
