

Transportation and Highway Safety approved a new National Safety Code Standard for cargo securement. The new Canadian securement requirements are expected to be fully implemented by this summer, 2005.

Maintaining Uniformity Between U.S. and Canadian Cargo Securement Standards

FMCSA believes it is necessary to continue working with U.S. and Canadian industry experts, Federal, State, and Provincial enforcement officials and other interested parties to maintain harmonization of U.S. and Canadian cargo securement standards. A major part of this effort includes uniformity in interpreting the meaning of requirements adopted by the U.S. and Canada. While there are some differences between certain provisions adopted by FMCSA and Canada's National Safety Code Standard 10, the contents of most of the Model Regulations have been adopted, or will be adopted shortly, by almost all jurisdictions in the U.S. and Canada. To ensure consistency in the interpretation and enforcement of the requirements, FMCSA is working with its Canadian partners to develop a process for sharing information about requests for interpretation, and exchanging technical information that will be helpful to the regulatory agencies in developing their responses to such requests. FMCSA will continue to work with its Canadian partners to ensure that interpretations are provided in an efficient and timely manner to all interested parties.

As a first step, FMCSA is holding a public meeting to provide all interested parties an opportunity to participate in discussions between the agency and its Canadian counterparts about interpretations and other implementation issues.

Additional Meeting Information

The meeting is on April 21–22, 2005, at the Albuquerque Convention Center (Enchantment 1 Room), 401 Second Street NW., Albuquerque, New Mexico. On April 21, the meeting is from 1 to 5 p.m.; and on April 22, from 8 a.m. to 5 p.m. This meeting is free of charge and open to all interested parties.

The public meeting is being held immediately after the Commercial Vehicle Safety Alliance's (CVSA's) 2005 Annual Conference ends. If you are interested in attending CVSA's conference sessions and committee meetings, you must register with CVSA and pay the appropriate registration fee. For further information about registering, you should contact CVSA at (202) 775-1623.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of denials.

SUMMARY: The FMCSA announces its denial of 102 applications from individuals who requested an exemption from the Federal vision standard applicable to interstate truck drivers and the reasons for the denials. The FMCSA has statutory authority to exempt individuals from the vision standard if the exemptions granted will not compromise safety. The agency has concluded that granting these exemptions does not provide a level of safety that will equal or exceed the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Office of Bus and Truck Standards and Operations, (MC-PSD) 202-366-4001, Department of Transportation, FMCSA, 400 Seventh Street, SW., Washington, DC 20590-0001. Office hours are 7:45 a.m. to 4:15 p.m. e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31315 and 31136(e), FMCSA may grant an exemption from the Federal vision standard for a two-year period if it finds such an exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such an exemption (49 CFR 381.305(a)).

Accordingly, FMCSA evaluated 102 individual exemption requests on their merits and made a determination that these applicants do not satisfy the criteria established to demonstrate that granting an exemption is likely to achieve an equal or greater level of safety than exists without the exemption. Each applicant has, prior to this notice, received a letter of final disposition on his/her exemption request. Those decision letters fully outlined the basis for the denial and

constitute final agency action. The list published today summarizes the agency's recent denials as required under 49 U.S.C. § 31315(b)(4) by periodically publishing names and reasons for denials.

The following 52 applicants lacked sufficient recent driving experience during the three-year period prior to the date of their application:

Garcia, Larry G.
 McQuilty, Duane A.
 Shamblin, Hoyt M.
 Waiters, Clifton

One applicant, John Bruins, was denied because his license was suspended for "refusing to submit to test."
