U.S. Amps, Inc., Including On-Site Leased Workers of Gevity HR, Gainesville, FL; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Negative Determination Regarding Eligibility To Apply for Alternative Trade Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and

under section 246 of the Trade Act of 1974, as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and a Negative Determination Regarding Eligibility to Apply For Alternative Trade Adjustment Assistance on June 3, 2005, applicable to workers of U.S. Amps Inc., Gainesville, Florida. The notice will soon be published in the **Federal Register**.

At the request of the State Agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of car stereo amplifiers.

The review of the certification confirms that the Department inadvertently failed to include the on-site leased workers in the certification. U.S. Amps Inc., Gainesville, Florida leased employees from Gevity HR, Gainesville, Florida, to work on-site at plant.

Therefore, the Department is amended the certification to include the leased workers from Gevity HR working on-site at U.S. Amps Inc., Gainesville, Florida.

The amended notice applicable to TA-W-55,966 is hereby issued as follows:

All workers of U.S. Amps, Inc. including on-site leased workers from Gevity HR, Gainesville, Florida, including on-site leased workers from Gevity HR, who became totally or partially separated from employment on or after April 8, 2004, through June 3, 2007, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974;

and

I further determine that all workers of U.S. Amps, Inc., including on-site leased workers from Gevity HR, Gainesville, Florida, are denied eligibility to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed in Washington, DC, this 17th day of June, 2005.

Linda G. Poole,

Certifying Officer, Division of Trade Adjustment Assistance.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)).

This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and the Occupational Safety and Health Administration's (OSHA) estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the Act) (29 U.S.C. 651 et seq.) authorizes information collection by employers as necessary or appropriate for enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657).

Section 7(c)(1) of the Act authorizes the Secretary of Labor to, "with the consent of any State or political subdivision thereof, accept and use the services, facilities, and personnel of any agency of such State or subdivision with reimbursement." Section 21(C) of the Act authorizes the Secretary of Labor (Secretary) to, "consult with and advise employers and employees * * * as to effective means of preventing occupational illnesses and injuries."
