CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Submission for OMB Emergency Review

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), submitted the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, (PRA 95) (44 U.S.C. Chapter 35). The Corporation has requested OMB to review and approve its emergency request by February 1, 2005, for a period of six months. A copy of this ICR, with applicable supporting documentation, may be obtained by contacting the Corporation for National and Community Service, Office of Grants Policy and Operations, Marci Hunn, (202) 606-5000, Ext. 432, or by e-mail at mhunn@cns.gov. Individuals who use a telecommunications device for the deaf (TTY-TDD) may call (202) 565-2799 between 8:30 a.m. and 5 p.m. eastern time, Monday through Friday.

ADDRESSES: Comments may be submitted, identified by the title of the information collection activity, by any of the following two methods:

(1) By fax to: (202) 395-6974, Attention: Ms. Katherine Astrich, OMB Desk Officer for the Corporation for National and Community Service; and

(2) Electronically by e-mail to: Katherine_T_Astrich@omb.eop.gov.

SUPPLEMENTARY INFORMATION: The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Propose ways to enhance the quality, utility, and clarity of the information to be collected; and
- Propose ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Description: The purpose of this grant competition is to engage persons with disabilities in national and community service programs. Through Congressional appropriations, this competition was established to fund innovative national or regional (operating in three or more states) partnership models in which persons with disabilities are engaged in service that results in a measurable impact on the community served. The Corporation encourages all eligible public and private non-profit organizations, including faith-based and other community-based organizations, to apply. This information collection contains application instructions to apply for funding under the Engaging Persons with Disabilities in National and Community Service competition.

Type of Review: Emergency request.

Agency: Corporation for National and Community Service.

Title: Engaging Persons with Disabilities in National and Community Service Application Instructions.

OMB Number: None.

Agency Number: None.

Affected Public: Eligible applicants to the Corporation for funding for disability programs.

Total Respondents: 40.

Frequency: On occasion.

Average Time Per Response: Ten (10) hours.

Estimated Total Burden Hours: 400 hours.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Dated: January 19, 2005.

Amy Mack,

Chief of Staff, Office of Chief Executive Officer.

DEPARTMENT OF DEFENSE

Department of the Army

Final Environmental Impact Statement for the Proposed Leasing of Lands at Fort Bliss, TX for the Proposed Siting, Construction, and Operation by the City of El Paso of a Brackish Water Desalination Plant and Support Facilities

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Department of the Army announces the availability of the Final Environmental Impact Statement (FEIS) evaluating the potential environmental impacts that could result from granting an easement to the City of El Paso, El Paso Water Utilities (EPWU), to use land in the South Training Areas of Fort Bliss for construction and operation of a desalination plant and support facilities, including wells, pipelines, and disposal sites for the residual brine resulting from the desalination process. The purpose of the proposed plant is to treat brackish (salty) water pumped from the Hueco Bolson Aquifer to provide an additional reliable source of potable water for use by the City of El Paso and Fort Bliss. Pumping of fresh water by EPWU, Fort Bliss, Ciudad Juárez, and others has resulted in declining groundwater levels in the aquifer. In addition, brackish water is intruding into the aquifer's freshwater layer and has the potential to affect water wells on Fort Bliss and in other areas of El Paso.

A sizable volume of brackish water exists adjacent to the freshwater zone of the Hueco Bolson Aquifer. Desalination of the brackish water offers a way to extend the life of the freshwater aquifer as a source of potable water that is to the mutual benefit of Fort Bliss and the City of El Paso. The proposed desalination plant would reduce withdrawals of fresh water from the aquifer, extending its useful life and intercepting the flow of brackish water to wells that are operated by Fort Bliss. Both Fort Bliss and the City of El Paso have considered constructing desalination facilities to tap into this potential water source. The Army and EPWU believe that building a single desalination plant to provide potable water for both the installation and the city would be more efficient and
