August 10, 2005.

Central Illinois Generation, Inc. (CIGI) filed an application for market-based rate authority, with an accompanying rate tariff. The proposed rate tariff provides for wholesale sales of energy, capacity and ancillary services at market-based rates. CIGI also requested waiver of various Commission regulations. In particular, CIGI requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by CIGI.

On October 25, 2002, the Commission granted the request for blanket approval under part 34, subject to the following:

Notice is hereby given that the deadline for filing motions to intervene or protest, is August 19, 2005.

Absent a request to be heard in opposition by the deadline above, CIGI is authorized to issue securities and assume obligations or liabilities as a guarantor, endorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of CIGI, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of CIGI's issuances of securities or assumptions of liability.

[Docket No. CP05-398-000]

#### Dominion Transmission, Inc.; Notice of Application

August 10, 2005.

On August 3, 2005, Dominion Transmission, Inc. (Dominion), pursuant to section 7(b) of the Natural Gas Act, and Part 157 of the regulations of the Federal Energy Regulatory Commission (Commission) filed an abbreviated application for emergency abandonment of three wells at its Oakford Storage Complex located in Westmoreland County, Pennsylvania. Dominion states that deteriorated conditions of the wells' production casings necessitate this action to prevent rupture and gas leakage. Construction and operation of the storage field was originally authorized in 1950. This filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov> by using the eLibrary (FERRIS) link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free at (866) 206-3676, or for TTY, contact (202) 502-8659.

Questions concerning the application may be directed to Matthew R. Bley, Certificates Manager, Dominion Transmission, Inc., 120 Tredegar Street, Richmond, Virginia 23219, by calling (804) 819-2877, or facsimile (804) 819-2064.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding. However, a person does not have to intervene in order to have comments considered.

The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages intervenors to file electronically.
