

(a) Applicant's Contribution Level (40)

- The applicant's 4-year average share (2003–2006) of all contributions (cash and goods and services provided by U.S. entities in support of overseas marketing and promotion activities) compared to
- The applicant's 4-year average share (2003–2006) of the funding level for all MAP participants.

(b) Past Performance (30)

- The 3-year average share (2003–2005) of the value of exports promoted by the applicant compared to
- The applicant's 2-year average share (2004–2005) of the funding level for all MAP applicants plus, for those groups participating in the Cooperator program, the 2-year average share (2005–2006) of Cooperator marketing plan budgets, and the 2-year average share (2004–2005) of foreign overhead provided for co-location within a U.S. agricultural office;

(c) Projected Export Goals (15)

- The total dollar value of projected exports promoted by the applicant for 2006 compared to
- The applicant's requested funding level;

(d) Accuracy of Past Projections (15)

- Actual exports for 2004 as reported in the 2006 MAP application compared to
- Past projections of exports for 2004 as specified in the 2004 MAP application.

The Commodity Divisions' recommended funding levels for each applicant are converted to percentages of the total MAP funds available then multiplied by each weight factor as described above to determine the amount of funds allocated to each applicant.

2. *Anticipated Announcement Date.* Announcements of funding decisions for the MAP are anticipated during June 2006.

VI. Award Administration Information

1. *Award Notices.* The FAS will notify each applicant in writing of the final disposition of its application. The FAS will send an approval letter and project agreement to each approved applicant. The approval letter and agreement will specify the terms and conditions applicable to the project, including the levels of MAP funding and cost-share contribution requirements.

2. *Administrative and National Policy Requirements.* Interested parties should review the MAP regulations which are available at the following URL address: <http://www.fas.usda.gov/mos/programs/>

[map.asp](http://www.fas.usda.gov/mos/programs/). Hard copies may be obtained by contacting MOS at (202) 720-4327.

3. *Reporting.* The FAS requires various reports and evaluations from MAP participants. Reporting requirements are detailed in the MAP regulations in section 1485.20(b) and (c).

VII. Agency Contact(s)

For additional information and assistance, contact the Marketing Operations Staff, Foreign Agricultural Service, U.S. Department of Agriculture, 1400 Independence Ave., SW., STOP 1042, Washington, DC 20250-1042, phone: (202) 720-4327, fax: (202) 720-9361, e-mail: mosadmin@fas.usda.gov.

Signed at Washington, DC, on December 9, 2005.

A. Ellen Terpstra,

Administrator, Foreign Agricultural Service, Vice President, Commodity Credit Corporation.

BILLING CODE 3410-10-P

DEPARTMENT OF AGRICULTURE**Commodity Credit Corporation****Notice of Funds Availability: Inviting Applications for the Quality Samples Program**

Announcement Type: New.
Catalog of Federal Domestic Assistance (CFDA) Number: 10.605.

SUMMARY: The Commodity Credit Corporation (CCC) announces the availability of \$2.5 million in funding for the 2006 Quality Samples Program (QSP). The intended effect of this notice is to solicit applications by March 2006 and award funds in June 2006. The QSP is administered by personnel of the Foreign Agricultural Service (FAS). This notice supercedes any prior notices concerning the QSP.

DATES: All proposals must be received by 5 p.m. Eastern Standard Time, March 13, 2006. Applications received after this date will be considered only if funds are still available.

FOR FURTHER INFORMATION CONTACT: Entities wishing to apply for funding assistance should contact the Marketing Operations Staff, Foreign Agricultural Service, U.S. Department of Agriculture, 1400 Independence Ave., SW., STOP 1042, Washington, DC 20250-1042, phone: (202) 720-4327, fax: (202) 720-9361, e-mail: mosadmin@fas.usda.gov. Information is also available on the Foreign Agricultural Service Web site at <http://www.fas.usda.gov/mos/programs/QSP.asp>.

SUPPLEMENTARY INFORMATION:**I. Funding Opportunity Description**

Authority: The QSP is authorized under Section 5(f) of the CCC Charter Act, 15 U.S.C. 714c(f).

Purpose: The QSP is designed to encourage the development and expansion of export markets for U.S. agricultural commodities by assisting U.S. entities in providing commodity samples to potential foreign importers to promote a better understanding and appreciation for the high quality of U.S. agricultural commodities.

QSP participants will be responsible for procuring (or arranging for the procurement of) commodity samples, exporting the samples, and providing the technical assistance necessary to facilitate successful use of the samples by importers. Participants that are funded under this announcement may seek reimbursement for the sample purchase price and the costs of transporting the samples domestically to the port of export and then to the foreign port, or point, of entry.

Transportation costs from the foreign port, or point, of entry to the final destination will not be eligible for reimbursement. CCC will not reimburse the costs incidental to purchasing and transporting samples, for example, inspection or documentation fees. Although providing technical assistance is required for all projects, CCC will not reimburse the costs of providing technical assistance. A QSP participant will be reimbursed after CCC reviews its reimbursement claim and determines that the claim is complete.

General Scope of QSP Projects: QSP projects are the activities undertaken by a QSP participant to provide an appropriate sample of a U.S. agricultural commodity to a foreign importer, or a group of foreign importers, in a given market. The purpose of the project is to provide information to an appropriate target audience regarding the attributes, characteristics, and proper use of the U.S. commodity. A QSP project addresses a single market/commodity combination.

As a general matter, QSP projects should conform to the following guidelines:

- Projects should benefit the represented U.S. industry and not a specific company or brand;
- Projects should develop a new market for a U.S. product, promote a new U.S. product, or promote a new use for a U.S. product, rather than promote the substitution of one established U.S. product for another;
- Sample commodities provided under a QSP project must be in

sufficient supply and available on a commercial basis;

- The QSP project must either subject the commodity sample to further processing or substantial transformation in the importing country, or the sample must be used in technical seminars designed to demonstrate to an appropriate target audience the proper preparation or use of the sample in the creation of an end product;

- Samples provided in a QSP project shall not be directly used as part of a retail promotion or supplied directly to consumers. However, the end product, that is, the product resulting from further processing, substantial transformation, or a technical seminar, may be provided to end-use consumers to demonstrate to importers consumer preference for that end product; and,

- Samples shall be in quantities less than a typical commercial sale and limited to the amount sufficient to achieve the project goal (e.g., not more than a full commercial mill run in the destination country).

QSP projects shall target foreign importers and target audiences who:

- Have not previously purchased the U.S. commodity which will be transported under the QSP;

- Are unfamiliar with the variety, quality attribute, or end-use characteristic of the U.S. commodity which will be transported under the QSP;

- Have been unsuccessful in previous attempts to import, process, and market the U.S. commodity which will be transported under the QSP (e.g., because of improper specification, blending, or formulation; or sanitary or phytosanitary issues);

- Are interested in testing or demonstrating the benefits of the U.S. commodity which will be transported under the QSP; or

- Need technical assistance in processing or using the U.S. commodity that will be transported under the QSP.

II. Award Information

Under this announcement, the number of projects per participant will not be limited. However, individual projects will be limited to \$75,000 of QSP reimbursement. Projects comprised of technical preparation seminars, that is, projects that do not include further processing or substantial transformation, will be limited to \$15,000 of QSP reimbursement as these projects require smaller samples. Financial assistance will be made available on a reimbursement basis; that is, cash advances will not be made available to any QSP participant.

All proposals will be reviewed against the evaluation criteria contained herein and funds will be awarded on a competitive basis. Funding for successful proposals will be provided through specific agreements. These agreements will incorporate the proposal as approved by FAS. FAS must approve in advance any subsequent changes to the project.

III. Eligibility Information

1. *Eligible Applicants.* Any United States private or government entity with a demonstrated role or interest in exporting U.S. agricultural commodities may apply to the program. Government organizations consist of federal, state, and local agencies. Private organizations include non-profit trade associations, universities, agricultural cooperatives, state regional trade groups, and profit-making entities.

2. *Cost Sharing.* Although a minimum level of cost share contribution is not required under the program, FAS does consider the applicant's willingness to contribute resources, including cash and goods and services of the U.S. industry and foreign third parties, when determining which proposals are approved for funding.

IV. Application and Submission Information

1. *Address to Request Application Package.* Organizations can submit applications to the FAS through the Unified Export Strategy (UES) application Internet Web site. Applicants also have the option of submitting electronic versions in the UES format (along with two paper copies) of their applications to the FAS on diskette. However, the UES format is not required.

Applicants planning to use the UES Internet-based system must contact the FAS Marketing Operations Staff on (202) 720-4327 to obtain site access information including a user ID and password. The UES Internet-based application, including a Help file containing step-by-step instructions for its use, may be found at the following URL address: <http://www.fas.usda.gov/cooperators.html>.

Applicants who choose to submit applications on diskette can obtain a UES application format by contacting the Marketing Operations Staff, phone: (202) 720-4327, fax: (202) 720-9361, e-mail: mosadmin@fas.usda.gov.

2. *Content and Form of Application Submission.* To be considered for the QSP, an applicant must submit to the FAS information detailed in this notice. In addition, in accordance with the Office of Management and Budget's

issuance of a final policy (68 FR 38402) regarding the need to identify entities that are receiving government awards, all applicants must submit a Dun and Bradstreet Data Universal Numbering System (DUNS) number. An applicant may request a DUNS number at no cost by calling the dedicated toll-free DUNS number request line at 1-866-705-5711. Incomplete applications and applications which do not otherwise conform to this announcement will not be accepted for review.

Applicants to the QSP are not required to submit proposals in any specific format; however, FAS recommends that proposals contain, at a minimum, the following:

(a) Organizational information, including:

- Organization's name, address, Chief Executive Officer (or designee), Federal Tax Identification Number (TIN), and DUNS number;

- Type of organization;

- Name, telephone number, fax number, and e-mail address of the primary contact person;

- A description of the organization and its membership;

- A description of the organization's prior export promotion experience; and

- A description of the organization's experience in implementing an appropriate trade/technical assistance component;

(b) Market information, including:

- An assessment of the market;

- A long-term strategy in the market;

and

- U.S. export value/volume and market share (historic and goals) for 2002-2007;

(c) Project information, including:

- A brief project title;

- Amount of funding requested;

- A brief description of the specific market development trade constraint or opportunity to be addressed by the project, performance measures for the years 2006-2008 which will be used to measure the effectiveness of the project, a benchmark performance measure for 2005, the viability of long term sales to this market, the goals of the project, and the expected benefits to the represented industry;

- A description of the activities planned to address the constraint or opportunity, including how the sample will be used in the end-use performance trial, the attributes of the sample to be demonstrated and its end-use benefit, and details of the trade/technical servicing component (including who will provide and who will fund this component);

- A sample description (i.e., commodity, quantity, quality, type, and

grade), including a justification for selecting a sample with such characteristics (this justification should explain in detail why the project could not be effective with a smaller sample);

- An itemized list of all estimated costs associated with the project for which reimbursement will be sought; and
- The importer's role in the project regarding handling and processing the commodity sample; and

(d) Information indicating all funding sources and amounts to be contributed by each entity that will supplement implementation of the proposed project. This may include the organization that submitted the proposal, private industry entities, host governments, foreign third parties, CCC, FAS, or other Federal agencies. Contributed resources may include cash or goods and services.

3. *Submission Dates and Times.* All applications must be received by 5 p.m. Eastern Standard Time, March 13, 2006. Applications received after this date will be considered only if funds are still available.

4. *Funding Restrictions.* Proposals which request more than \$75,000 of CCC funding for individual projects will not be considered. Projects comprised of technical preparation seminars will be limited to \$15,000 in QSP funding. CCC will not reimburse expenditures made prior to approval of a proposal or unreasonable expenditures.

5. *Other Submission Requirements.* All applications on diskette (with two accompanying paper copies) and any other form of application must be received by 5 p.m. Eastern Standard Time, March 13, 2006, at one of the following addresses:

Hand Delivery (including FedEx, UPS, etc.): U.S. Department of Agriculture, Foreign Agricultural Service, Marketing Operations Staff, 1250 Maryland Ave., SW., 4th Floor, Washington, DC 20024.

U.S. Postal Delivery: U.S. Department of Agriculture, Foreign Agricultural Service, Marketing Operations Staff, STOP 1042, 1400 Independence Ave., SW., Washington, DC 20250-1042.

V. Application Review Information

1. *Criteria.* FAS will use the following criteria in evaluating proposals:

- The ability of the organization to provide an experienced staff with the requisite technical and trade experience to execute the proposal;

- The extent to which the proposal is targeted to a market in which the United States is generally competitive;

- The potential for expanding commercial sales in the proposed market;

- The nature of the specific market constraint or opportunity involved and how well it is addressed by the proposal;

- The extent to which the importer's contribution in terms of handling and processing enhances the potential outcome of the project;

- The amount of reimbursement requested and the organization's willingness to contribute resources, including cash and goods and services of the U.S. industry and foreign third parties; and

- How well the proposed technical assistance component assures that performance trials will effectively demonstrate the intended end-use benefit.

Highest priority for funding under this announcement will be given to meritorious proposals that target countries that meet either of the following criteria:

- Per capita income less than \$10,065 (the ceiling on upper middle income economies as determined by the World Bank [World Development Indicators 2005/2006]); and population greater than 1 million. Proposals may address suitable regional groupings, for example, the islands of the Caribbean Basin; or

- U.S. market share of imports of the commodity identified in the proposal of 10 percent or less.

2. *Review and Selection Process.* Proposals will be evaluated by the applicable FAS commodity division. The divisions will review each proposal against the factors described above. The purpose of this review is to identify meritorious proposals, recommend an appropriate funding level for each proposal based upon these factors, and submit the proposals and funding recommendations to the Deputy Administrator, Commodity and Marketing Programs.

3. *Anticipated Announcement Date.* Announcements of funding decisions for the QSP are anticipated during June 2006.

VI. Award Administration Information

1. *Award Notices.* The FAS will notify each applicant in writing of the final disposition of its application. The FAS will send an approval letter and agreement to each approved applicant. The approval letter and agreement will specify the terms and conditions applicable to the project, including the levels of QSP funding and any cost-share contribution requirements.

2. *Administrative and National Policy Requirements.* The agreements will incorporate the details of each project as approved by FAS. Each agreement will

identify terms and conditions pursuant to which CCC will reimburse certain costs of each project. Agreements will also outline the responsibilities of the participant, including, but not limited to, procurement (or arranging for procurement) of the commodity sample at a fair market price, arranging for transportation of the commodity sample within the time limit specified in the agreement (organizations should endeavor to ship commodities within 6 months of effective date of agreement), compliance with cargo preference requirements (shipment on United States flag vessels, as required), compliance with the Fly America Act requirements (shipment on United States air carriers, as required), timely and effective implementation of technical assistance, and submission of a written evaluation report within 90 days of expiration of the agreement.

QSP agreements are subject to review and verification by the FAS Compliance Review Staff. Upon request, a QSP participant shall provide to CCC the original documents which support the participant's reimbursement claims. CCC may deny a claim for reimbursement if the claim is not supported by adequate documentation.

3. *Reporting.* A written evaluation report must be submitted within 90 days of the expiration of each participant's QSP agreement. Evaluation reports should address all performance measures that were presented in the proposal.

VII. Agency Contact(s)

For additional information and assistance, contact the Marketing Operations Staff, Foreign Agricultural Service, U.S. Department of Agriculture, 1400 Independence Ave., SW., STOP 1042, Washington, DC 20250-1042, phone: (202) 720-4327, fax: (202) 720-9361, e-mail: mosadmin@fas.usda.gov.

Signed at Washington, DC, on December 8th, 2005.

A. Ellen Terpstra,
Administrator, Foreign Agricultural Service,
and Vice President, Commodity Credit Corporation.
