

Commission received no comments on the proposal.

II. Description of the Proposal

The Exchange proposed the following amendments to BOXR's By-laws: (1) Replace the requirement in Section 4 that the BSE Chairman be a member of the BOXR Board with the requirement that at least one Governor of the BSE Board of Governors must be a member of the BOXR Board; (2) replace the requirement in Section 14 that the BSE Chairman must be a member of BOXR's Executive Committee with the requirement that at least one Governor of the BSE Board of Governors, who shall also be a member of the BOXR Board, must be a member of BOXR's Executive Committee; and (3) eliminate language in both Sections 3 and 4 that provides that the BSE Chairman shall not be considered a member of the BOXR Board for "qualification purposes." Section 4 of BOXR's By-laws provides that at least 50% of the Directors on the BOXR Board must be Public Directors⁸ and at least 20% of the Directors on the BOXR Board must be representatives of BOX Options Participants.⁹ However, currently, the BSE Chairman is not considered to be a Public Director, BOX Options Participant Director or Industry Director¹⁰ and is not taken into account when determining whether the composition of the BOXR Board complies with the composition requirements of Section 4, although the BSE Chairman is a voting member of the BOXR Board. The proposed rule change, however, would require BOXR to consider the BSE Governor representative on the BOXR Board for the purpose of determining compliance with the composition requirements of Section 4, whether the BSE Governor representative is the BSE's Chairman or another member of the BSE Board of Governors.

III. Discussion and Commission Findings

The Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange¹¹ and, in particular,

⁸ See Definitions, Paragraph (p) of the BOXR By-laws.

⁹ See Definitions, Paragraph (o) of the BOXR By-laws.

¹⁰ See Article II, Section 1 of the BSE Constitution.

¹¹ In approving this proposed rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

the requirements of Section 6(b) of the Act¹² and the rules and regulations thereunder. The Commission finds specifically that the proposed rule change, as amended, is consistent with Section 6(b)(1) of the Act,¹³ in that the proposal is designed so that the Exchange is organized and has the capacity to carry out the purposes of the Act; Section 6(b)(3) of the Act,¹⁴ in that the proposal is designed so the rules of the Exchange assure a fair representation of its members in the selection of its directors and the administration of its affairs; and Section 6(b)(5) of the Act,¹⁵ in that the proposal is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national market system, and to protect investors and the public interest.

The Commission notes that the proposal is designed to provide the Exchange with greater flexibility with respect to the appointment of a BSE Governor to serve on the BOXR Board and Executive Committee. The Exchange's Constitution permits, but does not mandate, that the Exchange's Chairman and Chief Executive Officer ("CEO") positions be separated. If the positions are in fact held by two individuals, then the Exchange's Chairman would be responsible for the regulatory functions of the Exchange and it would be consistent with BOXR's regulatory mandate to have the BSE Chairman be a member of the BOXR Board and Executive Committee. However, in the event that the positions are held by a single individual, then the Exchange's Board would be able to appoint a BSE Governor other than the BSE Chairman to the BOXR Board. The Commission considers it appropriate for the Exchange to have a BSE Governor other than the Exchange's Chairman be appointed to the BOXR Board and Executive Committee, particularly in light of the Exchange's goal to maintain an adequate separation between its business and regulatory functions.

In addition, the proposal would allow the BSE Governor that serves on the BOXR Board to be considered for the purpose of determining the qualification percentages of the BOXR Board. The Commission notes that this provision would not alter the current requirement of the BOXR By-laws that at least 20% of the BOXR Directors (but no fewer than two Directors) be officers or directors of a firm approved as a BOX

Option Participant. Therefore, in the Commission's view, the proposal is consistent with the Act's requirement that the Exchange assure the fair representation of members in the selection of its directors and administration of its affairs.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁶ that the proposed rule change (SR-BSE-2004-58), as amended, be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁷

To the extent there may be any excess monies collected under this Section 6, the Exchange may retain those monies to help fund its general operating expenses. The sales transactions to which the Fee applies are sales of options (other than options on a security index), sales of non-option securities, and sales of securities resulting from the exercise of physical-delivery options traded on CBOE. The Fee is collected indirectly from members through their clearing firms by OCC on behalf of CBOE with respect to options sales and options exercises.
