Individuals may request confidentiality with respect to their name, address, and phone number. If you wish to have your name or street address withheld from public review, or from disclosure under the Freedom of Information Act, the first line of the comment should start with the words "CONFIDENTIALITY REQUESTED" in uppercase letters in order for BLM to comply with your request. Such requests will be honored to the extent allowed by law. Comment contents will not be kept confidential.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to the planning project mailing list, visit the Web site shown above. You may also contact Dave Moore, Supervisory Planning Coordinator, Bureau of Land Management, Vernal Field Office, 170 South 500 East, Vernal, Utah 84078, telephone: (435) 781-4400, or e-mail through the Web site: <http://www.vernalrmp.com>.

SUPPLEMENTARY INFORMATION: The planning area includes all of the public land and federal mineral ownership managed by the Vernal Field Office in Daggett, Duchesne, and Uintah Counties, in northeast Utah, and about 3,000 acres in Grand County. The planning area encompasses public lands currently managed under the Book Cliffs and Diamond Mountain Resource Management Plans (RMP). This area includes approximately 1.8 million acres of BLM administered surface lands and 2.1 million acres of federal mineral lands under federal, state, private, and Ute Tribal surface in the three county areas.

The Draft RMP Revision/EIS addresses alternatives, management guidance, monitoring, and impact analysis of the alternatives. The alternatives present differing management balances between the various resources and uses. This planning effort will revise the Book Cliffs (1985) and Diamond Mountain (1994) RMPs. Once approved, the Record of Decision (ROD) for the Vernal Field Office RMP Revision will supercede all existing management plans for the planning area. SWCA Environmental Consultants in Salt Lake City, Utah is assisting the BLM in the planning process and in the preparation of the document. In order to receive full consideration, comments should focus on specific management actions being considered and the adequacy of analysis. Responses to the comments will be published as part of the Final RMP Revision/EIS. The Draft RMP Revision/EIS contains four alternatives (including the No Action Alternative). Major issues considered are: management of oil and gas resources, special designation areas, wildlife, special status plants and animals, regional air quality, and recreation.

Dated: November 3, 2004.
