

lease of the airport property. The proposal consists of 1 parcel of land, totaling approximately 19.49 acres. Current use and present condition is undeveloped land compatible with local commercial/industrial zoning classification. The land was acquired under the FAA Project Numbers 3-26-0031-1798 and 3-26-0031-1899. There are no impacts to the airport by allowing the airport to lease of the property. Approval does not constitute a commitment by the FAA to financially assist in the lease of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the lease of the airport property will be in accordance with FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999.

In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.
