

may extend the period of time for making its final determination in a sunset review by not more than 90 days, if it determines that the review is extraordinarily complicated. As set forth in 751(c)(5)(C)(v) of the Act, the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order. The sunset reviews subject to this notice are reviews of transition orders. Therefore, the Department has determined, pursuant to section 751(c)(5)(C)(v) of the Act, that the sunset reviews of the antidumping and countervailing duty orders on brass sheet and strip from Germany, Brazil, and France are extraordinarily complicated and require additional time for the Department to complete its analysis. Therefore, the Department will extend the deadlines in these proceedings, and, as a result, intends to issue the final results of the sunset reviews of the antidumping and countervailing duty orders of brass sheet and strip from Germany, Brazil, and France, on or about October 28, 2005, 90 days from the original scheduled date of the final results of these reviews.

This notice is issued and published in accordance with sections 751(c)(5)(B) and (C) of the Act.

Dated: July 20, 2005.

BILLING CODE 3510-22-S

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Extension of Period of Determination on Request for Textile and Apparel Safeguard Action on Imports from China

July 25, 2005.

AGENCY: The Committee for the Implementation of Textile Agreements (the Committee)

ACTION: Notice

SUMMARY: The Committee is extending through July 31, 2005, the period for making a determination on whether to request consultations with China regarding imports of men's and boys' wool trousers (Category 447).

FOR FURTHER INFORMATION CONTACT: Jay Dowling, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-4058.

SUPPLEMENTARY INFORMATION:

Authority: Section 204 of the Agriculture Act of 1956, as amended; Executive Order 11651, as amended.

BACKGROUND:

On November 12, 2004, the Committee received a request from the American Manufacturing Trade Action Coalition, the National Council of Textile Organizations, the National Textile Association, SEAMS and UNITE HERE requesting that the Committee limit imports from China of men's and boys' wool trousers (Category 447) due to the threat of market disruption.

The Committee determined this request provided the information necessary for the Committee to consider the request and solicited public comments for a period of 30 days. See **Solicitation of Public Comment on Request for Textile and Apparel Action on Imports from China**, 69 FR 71781 (Dec. 10, 2004).

On December 30, 2004, the Court of International Trade preliminarily enjoined the Committee from considering or taking any further action on this request and any other requests "that are based on the threat of market disruption". **U.S. Association of Importers of Textiles and Apparel v. United States**, 350 F. Supp. 2d 1342 (CIT 2004). On April 27, 2005 the Court of Appeals for the Federal Circuit granted the U.S. government's motion for a stay and reversed that injunction. **U.S. Association of Importers of Textiles and Apparel v. United States**, Ct. No. 05-1209, 2005 U.S. App. LEXIS 12751 (Fed. Cir. June 28, 2005). Thus, CITA resumed consideration of this case.

The public comment period for this request had not yet closed when the injunction took effect on December 30, 2004. The number of calendar days remaining in the public comment period beginning with and including December 30, 2004 was 12 days. On May 9, 2005, therefore, the Committee published a notice in the **Federal Register** re-opening the comment period and inviting public comments to be received not later than May 23, 2005. See **Rescheduling of Consideration of Request for Textile and Apparel Safeguard Action on Imports from China and Solicitations of Public Comments**, 70 FR 24397 (May 9, 2005).

The Committee's Procedures, 68 FR 27787 (May 21, 2003) state that the Committee will make a determination within 60 calendar days of the close of the public comment period as to whether the United States will request consultations with China. If the Committee is unable to make a determination within 60 calendar days, it will cause to be published a notice in the **Federal Register**, including the date by which it will make a determination.

The 60 day determination period for the threat case expired on July 22, 2005. However, the Committee is unable to make a determination at this time; it is continuing to evaluate conditions in the U.S. market for men's and boys' wool trousers and information obtained from public comments on the case. The Committee is therefore extending the determination period to July 31, 2005. The Committee may, at its discretion, make such determination prior to July 31, 2005.

James C. Leonard III,
Chairman, Committee for the Implementation
of Textile Agreements.
