

Scope of the Order

The scope of this order includes certain warmwater shrimp and prawns, whether frozen, wild-caught (ocean harvested) or farm-raised (produced by aquaculture), head-on or head-off, shell-on or peeled, tail-on or tail-off,² deveined or not deveined, cooked or raw, or otherwise processed in frozen form.

The frozen warmwater shrimp and prawn products included in the scope of this investigation, regardless of definitions in the Harmonized Tariff Schedule of the United States (“HTS”), are products which are processed from warmwater shrimp and prawns through freezing and which are sold in any count size.

The products described above may be processed from any species of warmwater shrimp and prawns. Warmwater shrimp and prawns are generally classified in, but are not limited to, the *Penaeidae* family. Some examples of the farmed and wild-caught warmwater species include, but are not limited to, whiteleg shrimp (*Penaeus vannamei*), banana prawn (*Penaeus merguensis*), fleshy prawn (*Penaeus chinensis*), giant river prawn (*Macrobrachium rosenbergii*), giant tiger prawn (*Penaeus monodon*), redspotted shrimp (*Penaeus brasiliensis*), southern brown shrimp (*Penaeus subtilis*), southern pink shrimp (*Penaeus notialis*), southern rough shrimp (*Trachypenaeus curvirostris*), southern white shrimp (*Penaeus schmitti*), blue shrimp (*Penaeus stylirostris*), western white shrimp (*Penaeus occidentalis*), and Indian white prawn (*Penaeus indicus*).

Frozen shrimp and prawns that are packed with marinade, spices or sauce are included in the scope of this investigation. In addition, food preparations, which are not “prepared meals,” that contain more than 20 percent by weight of shrimp or prawn are also included in the scope of this investigation.

Excluded from the scope are: (1) Breaded shrimp and prawns (HTS subheading 1605.20.10.20); (2) shrimp and prawns generally classified in the *Pandalidae* family and commonly referred to as coldwater shrimp, in any state of processing; (3) fresh shrimp and prawns whether shell-on or peeled (HTS subheadings 0306.23.00.20 and 0306.23.00.40); (4) shrimp and prawns in prepared meals (HTS subheading 1605.20.05.10); (5) dried shrimp and prawns; (6) Lee Kum Kee’s shrimp sauce; (7) canned warmwater shrimp

and prawns (HTS subheading 1605.20.10.40); (8) certain dusted shrimp; and (9) certain battered shrimp. Dusted shrimp is a shrimp-based product: (1) That is produced from fresh (or thawed-from-frozen) and peeled shrimp; (2) to which a “dusting” layer of rice or wheat flour of at least 95 percent purity has been applied; (3) with the entire surface of the shrimp flesh thoroughly and evenly coated with the flour; (4) with the non-shrimp content of the end product constituting between four and 10 percent of the product’s total weight after being dusted, but prior to being frozen; and (5) that is subjected to individually quick frozen (“IQF”) freezing immediately after application of the dusting layer. Battered shrimp is a shrimp-based product that, when dusted in accordance with the definition of dusting above, is coated with a wet viscous layer containing egg and/or milk, and par-fried.

The products covered by this investigation are currently classified under the following HTS subheadings: 0306.13.00.03, 0306.13.00.06, 0306.13.00.09, 0306.13.00.12, 0306.13.00.15, 0306.13.00.18, 0306.13.00.21, 0306.13.00.24, 0306.13.00.27, 0306.13.00.40, 1605.20.10.10, and 1605.20.10.30. These HTS subheadings are provided for convenience and for customs purposes only and are not dispositive, but rather the written description of the scope of this investigation is dispositive.

Continuation of Suspension of Liquidation

Pursuant to 735(c)(1)(B) of the Act, we will instruct CBP to suspend liquidation of all entries of certain frozen warmwater shrimp and prawns from the PRC (except merchandise produced and exported by Zhanjiang Guolian because this company has a *de minimis* margin) entered, or withdrawn from warehouse, for consumption on or after July 16, 2004, the date of publication of the *Preliminary Determination*. CBP shall continue to require a cash deposit or the posting of a bond equal to the estimated amount by which the normal value exceeds the U.S. price as shown above. These instructions suspending liquidation will remain in effect until further notice.

With regard to canned warmwater shrimp and prawns, CBP shall discontinue suspension of liquidation of all shipments of this merchandise entered, or withdrawn from warehouse, for consumption on or after July 16, 2004. All estimated antidumping duties deposited on entries of the canned warmwater shrimp and prawns from the

PRC shall be refunded and the bonds or other security released at the time of liquidation.

This order is published in accordance with section 736(a) of the Act and 19 CFR 351.211.

Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam¹

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

Amendment to the Final Determination

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended, (“the Act”) on December 8, 2004, the Department of Commerce (“the Department”) published its final determination of sales at less than fair value (“LTFV”) in the investigation of certain frozen and canned warmwater shrimp from the Socialist Republic of Vietnam (“Vietnam”). See *Notice of Final Determination of Sales at Less Than Fair Value: Certain Frozen and Canned Warmwater Shrimp from the Socialist Republic of Vietnam*, 69 FR 71005 (December 8, 2004) (“*Final Determination*”). See *Final Determination* and corresponding “Issues and Decision Memorandum”

¹ On January 21, 2005, the International Trade Commission (“ITC”) notified the Department of its final determination that two domestic like products exist for the merchandise covered by the Department’s investigation: (i) Certain non-canned warmwater shrimp and prawns, and (ii) canned warmwater shrimp and prawns. The ITC determined that there is no injury regarding imports of canned warmwater shrimp and prawns from Vietnam, therefore, canned warmwater shrimp and prawns will not be covered by the antidumping order.

² “Tails” in this context means the tail fan, which includes the telson and the uropods.

dated November 29, 2004; *see also Memorandum from Nicole Bankhead, Case Analyst, through Alex Villanueva, Program Manager, to James Doyle, Office Director, Antidumping Duty Investigation of Certain Frozen and Canned Warmwater Shrimp from the Socialist Republic of Vietnam: Final Determination Separate Rates Memorandum for Section A Respondents*, dated November 29, 2004 (“Final Separate Rates Memo”).

Between December 7, 2004, and December 13, 2004, the following parties filed timely allegations that the Department made various ministerial errors in the *Final Determination*. On December 7, 2004, five Section A Respondents, Truc An Company (“Truc An”), Hai Thuan Export Seafoods Processing Co., Ltd. (“Hai Thuan”), Nha Trang Fisheries Co., Ltd. (“Nha Trang Fisheries”), Ngoc Sinh Seafoods (“Ngoc Sinh”), and Phuong Nam Co., Ltd. (“Phuong Nam”), which had been denied a separate rate by the Department in the *Final Determination*, filed timely requests pursuant to 19 CFR 351.224(e)(1) and (2) requesting that the Department correct alleged ministerial errors in the *Final Determination*. Also on December 7, 2004, the VASEP Shrimp Committee filed ministerial errors regarding additional names to provide in the Department’s instructions to the U.S. Customs and Border Protection (“CBP”) to be issued after the final determination. Camau Frozen Seafood Processing Import Export Corporation (“Camimex”), Minh Phu Seafood Corporation (“Min Phu”) and Minh Hai Joint Stock Seafoods Processing Company (“Seaprodux Minh Hai”), hereinafter collectively referred to as “the Mandatory Respondents,” also filed timely allegations that the Department made ministerial errors in the *Final Determination*. The Ad Hoc Shrimp Trade Action Committee, Versaggi Shrimp Corporation and Indian Ridge Shrimp Company, hereinafter referred to collectively as “Petitioners,” filed timely allegations that the Department made ministerial errors in the *Final Determination*.

Additionally, on December 7, 2004, Red Chamber on behalf of Phuong Nam filed timely allegations that the Department made ministerial errors in the *Final Determination*. However, because Red Chamber submitted new information in its error allegation, the Department sent Red Chamber a letter requesting that it retract the new information from its December 7, 2004, filing in accordance with section 351.302(d) of the Department’s regulations and re-submit it without the new information on December 13, 2004.

On December 17, 2004, Red Chamber re-submitted its ministerial error allegation without the new information.

On December 13, 2004, Petitioners filed comments rebutting the Section A Respondents’ and Mandatory Respondents’ ministerial error allegations. The Mandatory Respondents also submitted comments on December 13, 2004, rebutting Petitioners’ ministerial error allegations.

On December 16, 2004, Eastern Fish Company, Inc. (“Eastern Fish”), an importer of frozen shrimp and interested party in these investigations, and Long John Silver’s, Inc. (“LJS”), a purchaser of shrimp imported by Eastern Fish filed reply comments rebutting Petitioners’ ministerial error allegations. On December 17, 2004, Petitioners filed a letter requesting the Department to reject Eastern Fish and LJS’s untimely filing. On December 21, 2004, Eastern Fish and LJS filed additional reply comments to Petitioners’ ministerial error allegations. Eastern Fish and LJS’s December 16, 2004, and the December 21, 2004, submissions were rejected as replies to comments “must be filed within five days after the date on which the comments were filed with the Secretary.” *See* Section 351.224(c)(3) of the Department’s regulations. *See Letter from Alex Villanueva, Program Manager, China/NME Unit, Office IX to Eastern Fish and LJS Regarding Ministerial Error Allegation Rebuttal Comments*, dated January 26, 2005.

A ministerial error is defined as an error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Department considers ministerial. *See* 19 CFR 351.224(f).

After analyzing all interested party comments and rebuttals, we have determined, in accordance with 19 CFR 351.224(e), that we made ministerial errors in our calculations performed for the final determination. For a detailed discussion of these ministerial errors, as well as the Department’s analysis, *see Antidumping Duty Investigation of Certain Frozen Warmwater Shrimp from the Socialist Republic of Vietnam: Analysis of Allegations of Ministerial Error from the Mandatory Respondents and Section A Respondents*, dated January 26, 2005. Additionally, in the *Final Determination*, we determined that several companies qualified for a separate-rate. The margin we calculated in the *Final Determination* for these companies was 4.38 percent. Because the rates of the selected mandatory respondents have changed since the

Final Determination, we have recalculated the rate for Section A respondents. The rate is 4.57 percent. *See Memorandum to the File from Paul Walker, Amended Calculation of Section A Rate*, dated January 26, 2005.

Therefore, in accordance with 19 CFR 351.224(e), we are amending the final determination of sales at LTFV in the antidumping duty investigation of certain frozen warmwater shrimp from Vietnam. The revised weighted-average dumping margins are in the “Antidumping Duty Order” section, below.

Antidumping Duty Order

In accordance with section 735(a) of the Act, the Department made its final determination that certain frozen and canned warmwater shrimp from Vietnam is being, or is likely to be, sold in the United States at LTFV as provided in section 735 of the Act. *See Final Determination*. On January 21, 2005, the ITC notified the Department of its final determination pursuant to section 735(b)(1)(A)(i) of the Act that an industry in the United States is materially injured by reason of LTFV imports of subject merchandise from Vietnam. In its final determination, however, the ITC determined that two domestic like products exist for the merchandise covered by the Department’s investigation: (i) Certain non-canned warmwater shrimp and prawns, as defined below, and (ii) canned warmwater shrimp and prawns. The ITC determined pursuant to section 735(b)(1) that a domestic industry in the United States is not materially injured or threatened with material injury by reason of imports of canned warmwater shrimp and prawns from Vietnam. Therefore, the ITC’s affirmative determination of material injury covered all certain non-canned warmwater shrimp and prawns other than those specifically excluded under the “Scope of the Order” section below. Accordingly, the scope of the antidumping duty order has been amended as described below to reflect the ITC’s distinction between canned warmwater shrimp and prawns and certain non-canned warmwater shrimp and prawns. Specifically, canned warmwater shrimp and prawns are excluded from the scope of the order.

In cases where the ITC specifically excludes a product in its final injury determination, the Department may exclude that product from its final margin calculation. *See Antidumping Duty Orders; Certain Stainless Steel Plate in Coils From Belgium, Canada, Italy, the Republic of Korea, South Africa, and Taiwan*, 64 FR 27756 (May

21, 1999). However, because the Mandatory Respondents did not export or sell canned warmwater shrimp and prawns to the United States during the POI, no recalculation of the antidumping margins is warranted, and therefore we are not amending the final determination calculations to exclude any sales of canned warmwater shrimp and prawn products.

In accordance with section 736(a)(1) of the Act, the Department will direct CBP to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price of the merchandise for all relevant entries of certain frozen warmwater shrimp from Vietnam. These antidumping duties will be assessed on all unliquidated entries of certain frozen warmwater shrimp from Vietnam entered, or withdrawn from the warehouse, for consumption on or after July 16, 2004, the date on which the Department published its *Notice of Preliminary Determination of Sales at Less Than Fair Value, Negative Preliminary Determination of Critical*

Circumstances and Postponement of Final Determination: Certain Frozen and Canned Warmwater Shrimp from the Socialist Republic of Vietnam ("Preliminary Determination") 69 FR 42672 (July 16, 2004).

Section 733(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months except where exporters representing a significant proportion of exports of the subject merchandise request the Department to extend that four-month period to no more than six months. At the request of exporters that account for a significant proportion of certain frozen and canned warmwater shrimp, we extended the four-month period to no more than six months. See *Preliminary Determination*. In this investigation, the six-month period beginning on the date of the publication of the *Preliminary Determination* ended on January 12, 2005. Definitive duties are to begin on the date of publication of the ITC's final injury determination. See Section 737 of the Act. Therefore, in accordance with section 733(d) of the

Act and our practice, we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of certain frozen and canned warmwater shrimp from Vietnam entered, or withdrawn from warehouse, for consumption on or after January 12, 2005, and before the date of publication of the ITC's final injury determination in the **Federal Register**. Suspension of liquidation will continue on or after this date.

On or after the date of publication of the ITC's notice of final determination in the **Federal Register**, CBP will require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins as listed below. The "Vietnam-wide" rate applies to all exporters of subject merchandise not listed specifically. Imports of the noted canned warmwater shrimp and prawns will not be covered by this order. We determine that the following percentage weighted-average margins exist for the POI:

Scope of the Order

The scope of this order includes certain warmwater shrimp and prawns, whether frozen, wild-caught (ocean harvested) or farm-raised (produced by aquaculture), head-on or head-off, shell-on or peeled, tail-on or tail-off,³⁵ deveined or not deveined, cooked or raw, or otherwise processed in frozen form.

The frozen warmwater shrimp and prawn products included in the scope of this investigation, regardless of definitions in the Harmonized Tariff Schedule of the United States ("HTS"), are products which are processed from

warmwater shrimp and prawns through freezing and which are sold in any count size.

The products described above may be processed from any species of warmwater shrimp and prawns. Warmwater shrimp and prawns are generally classified in, but are not limited to, the *Penaeidae* family. Some examples of the farmed and wild-caught warmwater species include, but are not limited to, whiteleg shrimp (*Penaeus vannamei*), banana prawn (*Penaeus merguensis*), fleshy prawn (*Penaeus chinensis*), giant river prawn (*Macrobrachium rosenbergii*), giant tiger prawn (*Penaeus monodon*), redspotted shrimp (*Penaeus brasiliensis*), southern brown shrimp (*Penaeus subtilis*),

southern pink shrimp (*Penaeus notialis*), southern rough shrimp (*Trachypenaeus curvirostris*), southern white shrimp (*Penaeus schmitti*), blue shrimp (*Penaeus stylirostris*), western white shrimp (*Penaeus occidentalis*), and Indian white prawn (*Penaeus indicus*).

Frozen shrimp and prawns that are packed with marinade, spices or sauce are included in the scope of this investigation. In addition, food preparations, which are not "prepared meals," that contain more than 20 percent by weight of shrimp or prawn are also included in the scope of this investigation.

Excluded from the scope are: (1) Breaded shrimp and prawns (HTS

subheading 1605.20.10.20); (2) shrimp and prawns generally classified in the *Pandalidae* family and commonly referred to as coldwater shrimp, in any state of processing; (3) fresh shrimp and prawns whether shell-on or peeled (HTS subheadings 0306.23.00.20 and 0306.23.00.40); (4) shrimp and prawns in prepared meals (HTS subheading 1605.20.05.10); (5) dried shrimp and prawns; (6) canned warmwater shrimp and prawns (HTS subheading 1605.20.10.40); (7) certain dusted shrimp; and (8) certain battered shrimp. Dusted shrimp is a shrimp-based product: (1) That is produced from fresh (or thawed-from-frozen) and peeled shrimp; (2) to which a "dusting" layer of rice or wheat flour of at least 95 percent purity has been applied; (3) with the entire surface of the shrimp flesh thoroughly and evenly coated with the flour; (4) with the non-shrimp content of the end product constituting between four and 10 percent of the product's total weight after being dusted, but prior to being frozen; and (5) that is subjected to individually quick frozen ("IQF") freezing immediately after application of the dusting layer. Battered shrimp is a shrimp-based product that, when dusted in accordance with the definition of dusting above, is coated with a wet viscous layer containing egg and/or milk, and par-fried.

The products covered by this investigation are currently classified under the following HTS subheadings: 0306.13.00.03, 0306.13.00.06, 0306.13.00.09, 0306.13.00.12, 0306.13.00.15, 0306.13.00.18, 0306.13.00.21, 0306.13.00.24, 0306.13.00.27, 0306.13.00.40, 1605.20.10.10, and 1605.20.10.30. These HTS subheadings are provided for convenience and for customs purposes only and are not dispositive, but rather the written description of the scope of this investigation is dispositive.

Continuation of Suspension of Liquidation

Pursuant to 735(c)(1)(B) of the Act, we will instruct CBP to continue to suspend liquidation of all entries of certain frozen warmwater shrimp and prawns from Vietnam entered, or withdrawn from warehouse, for consumption on or after July 16, 2004, the date of publication of the *Preliminary Determination*. CBP shall continue to require a cash deposit or the posting of a bond equal to the estimated amount by which the normal value exceeds the U.S. price as shown above. These instructions suspending liquidation will remain in effect until further notice.

With regard to canned warmwater shrimp and prawns, CBP shall discontinue suspension of liquidation of all shipments of this merchandise entered, or withdrawn from warehouse, for consumption on or after July 16, 2004. All estimated antidumping duties deposited on entries of the canned warmwater shrimp and prawns from Vietnam shall be refunded and the bonds or other security released at the time of liquidation.

Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Frozen Warmwater Shrimp from Ecuador¹

SUPPLEMENTARY INFORMATION:

Amendment to Final Determination

In accordance with sections 735(a) and 777(i)(1) of the Tariff Act of 1930, as amended, (the Act), on December 23, 2004, the Department published its notice of final determination of sales at less than fair value (LTFV) in the investigation of certain frozen and canned warmwater shrimp (shrimp)

¹ On January 21, 2005, the International Trade Commission (ITC) notified the Department of Commerce (the Department) of its final determination that two domestic like products exist for the merchandise covered by the Department's investigation: 1) certain non-canned warmwater shrimp and prawns; and 2) canned warmwater shrimp and prawns. The ITC determined that imports of canned warmwater shrimp and prawns from Ecuador were negligible; therefore, canned warmwater shrimp and prawns will not be covered by the antidumping duty order.

from Ecuador. *See Notice of Final Determination of Sales at Less Than Fair Value: Certain Frozen and Canned Warmwater Shrimp from Ecuador*, 69 FR 76913 (Dec. 23, 2004) (*Final Determination*). On December 23, 2004, we received an allegation, timely filed pursuant to 19 CFR 351.224(c)(2), from the petitioners (*i.e.*, Ad Hoc Shrimp Trade Action Committee, Versaggi Shrimp Corporation, and Indian Ridge Shrimp Company) that the Department made a ministerial error with respect to its exclusion of "dusted" shrimp from the scope of this investigation. On December 28, 2004, Eastern Fish Company, Inc., and Long John Silver's Inc., interested parties in this investigation, submitted a response to the petitioners' December 23, 2004, ministerial error allegation. In addition, on December 30, 2004, we received allegations, timely filed pursuant to 19 CFR 351.224(c)(2), from the petitioners and the respondents (*i.e.*, Exportadora de Alimentos S.A. and (Expalsa) and Promarisco S.A. (Promarisco)) that the Department also made ministerial errors in the final margin calculations.

On January 6, 2005, Exporklore S.A. (Exporklore) submitted rebuttal comments to the petitioners' December 30, 2004, ministerial error allegation. On January 10, 2005, the petitioners submitted rebuttal comments to Expalsa's allegations, and Expalsa submitted rebuttal comments to the petitioners' allegations.

After analyzing Expalsa's, Exporklore's, Promarisco's, and the petitioners' submissions, we have determined, in accordance with 19 CFR 351.224(e), that we made the following ministerial errors in our calculations performed for the final determination:

- We made a ministerial error by using the wrong packing expense variable for weight-averaging U.S. packing expenses in Expalsa's margin program;
- We made a typographical error in the computer programming language intended to exclude substandard merchandise in Expalsa's final determination comparison market and margin programs;
- We made a ministerial error in Expalsa's comparison market program by incorrectly applying the returned sales expenses to all Italian sales made after a certain date, rather than to sales made only to a specific customer after that date;
- We made a ministerial error in revising Expalsa's raw material costs for certain shrimp products by applying the wrong yield factors in our adjustments for these products, thereby overstating Expalsa's raw material costs;
