**SUPPLEMENTARY INFORMATION:**

*Title:* Cooperative State Research,  
Education, and Extension Service

Application Kit for Research and  
Extension Programs.

*OMB Number:* 0524-0039.

*Expiration Date of Current Approval:*  
March 31, 2006.

*Type of Request:* Revise a currently  
approved information collection.

*Abstract:* The Cooperative State  
Research, Education, and Extension  
Service (CSREES) sponsors ongoing  
agricultural research, extension, and  
education programs under which  
competitive, special, and other awards  
of a high-priority nature are made.  
Before awards can be made, certain  
information is required from applicants  
as part of an overall proposal package.  
In addition to project summaries,  
descriptions of the research, extension,  
or education efforts; literature reviews;  
curricula vitae of project directors;  
other, relevant technical aspects of the  
proposed project; and supporting  
documentation of an administrative and  
budgetary nature also must be provided.

Because of the nature of the  
competitive, peer-reviewed process, it is  
important that information from  
applicants be available in a  
standardized format to ensure equitable  
treatment. Each year, solicitations are  
issued requesting proposals for various  
research, education, and extension areas  
targeted for support. Applicants submit  
proposals for these targeted areas  
following formats outlined in the  
proposal application guidelines  
accompanying each program's  
solicitation. These proposals are  
evaluated by peer review panels and  
awarded on a competitive basis. The  
forms and narrative information are  
mainly used for proposal evaluation and  
administration purposes. While some of  
the information is used to respond to  
inquiries from Congress and other  
government agencies, the forms are not  
designed to be statistical surveys or data  
collection instruments. Their  
completion by potential recipients is a  
normal part of the application to  
agencies which support basic and  
applied science.

In FY 2004, CSREES initiated the  
receipt of applications electronically  
through the Grants.gov ([http://  
www.grants.gov](http://www.grants.gov)) storefront for limited  
programs. CSREES expects to utilize the  
SF-424(R&R) Application for Federal  
Assistance data set and forms package  
(see 69 FR 53923) along with CSREES  
Agency-specific forms to receive  
applications electronically. The CSREES  
Agency-specific forms have been  
deployed; and, after additional  
operational testing of the forms and  
their instructions, CSREES will again  
make available the option to submit  
applications electronically to CSREES
