

fund families would be permitted to aggregate shares outstanding across markets for the purposes of calculating the annual fee, Nasdaq believes that matching fee schedules would minimize problems that could arise if fund families listing funds on both the National Market and SmallCap Market were subject to conflicting fee schedules. Although an individual fund listing on the SmallCap Market with over 25 million total shares outstanding would be subject to an increase in annual fees under the proposed rules, Nasdaq believes the benefits of substantially lower entry fees and the ability of fund families to aggregate shares across markets outweigh the burden to funds of the limited fee increase.

Finally, in many cases where multiple funds are listed, the new fee schedule would lower fees payable by Closed-End Funds, thereby benefiting the fund investors that ultimately pay those expenses by reducing the costs associated with listing fund shares. In addition, Nasdaq believes that establishing lower fees for fund families would permit Nasdaq to compete more effectively for listings with other markets.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,⁵ in general, and with Section 15A(b)(5) of the Act,⁶ in particular, in that it provides for the equitable allocation of reasonable fees, dues, and other charges among members and issuers and other persons using any facility or system which the NASD operates or controls. The proposed change to the entry and annual fees will apply equally to all Closed-End Funds listing on The Nasdaq SmallCap Market. Furthermore, Nasdaq believes that the proposed fees are reasonable and fall within the range of fees charged by other markets.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding, or (ii) as to which the NYSE consents, the Commission will:

A. By order approve such proposed rule change; or

B. institute proceedings to determine whether the proposed rule change should be disapproved.
