DTRA is the executive agent for the NTPR program which provides participation data and actual or estimated radiation dose information to veterans and the VA.

Board members were selected to fulfill the statutory requirements mandated by Congress in Section 601 of Pub. L. 108–183. The Board was appointed on June 3, 2005, and is comprised of 16 members. Board members were selected to provide expertise in historical dose reconstruction, radiation health matters, risk communications, radiation epidemiology, medicine, quality management, decision analysis and ethics in order to appropriately enable the VBDR to represent and address veterans' concerns.

The Board is governed by the provisions of the Federal Advisory Committee Act (FACA), PL 92–463, which sets forth standards for the formation and conduct of government advisory committees.
