Hill, Director, Office of Environmental Justice, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Mail Code 2201A, Ariel Rios South Building, Room 2226, Washington, DC 20460-0001. SUPPLEMENTARY INFORMATION: The draft Framework identifies the proposed key elements of the EJ Strategic Plan that will help the Agency track progress and benchmark its environmental justice objectives. The draft Framework also describes the proposed link between the Environmental Justice Action Plans of the Agency's 10 regional offices and the substantive program offices (e.g., Office of Air and Radiation, Office of Solid Waste and Emergency Response) and the priorities and targets established in the EJ Strategic Plan.

The draft Outline identifies the "mission" and "vision" that will guide the EJ Strategic Plan and identifies where specific Environmental Justice Strategic Targets will be included, once they are developed. The Outline also includes 12 potential EJ Priorities, which would help focus attention on critical human health and environmental issues faced by communities with disproportionate impacts (e.g., asthma reduction, healthy schools, safe drinking water). While we will continue to take action on a wide range of environmental justice issues, using a spectrum of strategies including cross-cutting approaches (e.g., community capacity building, grants, training), we would like to select 5-7 priorities for heightened attention. Therefore, in addition to providing comments on the overall Outline, we ask that you rank the potential priorities (1 = highest priority, 12 = lowest priority) and submit your ranking with your other comments. If you have additional suggested priorities, please include those as well.

The draft "Framework for Integrating Environmental Justice" and

"Environmental Justice Strategic Plan Outline," along with responses to anticipated questions, are available online at: <http://www.epa.gov/compliance/resources/reports/ej.html>. A hardcopy of this document is available upon request.

Dated: June 16, 2005.

Director, Office of Environmental Justice.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted for Review to the Office of Management and Budget

June 14, 2005.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before July 22, 2005. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all Paperwork Reduction Act (PRA) comments to Leslie F. Smith, Federal Communications Commission, Room 1-

Form Number: N/A.

Type of Review: New collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 1,778.

Estimated Time per Response: 0.75 to 6.70 hours.

Frequency of Response: Annual reporting and recordkeeping requirements.

Total Annual Burden: 44,576 hours.

Total Annual Cost: None.

Privacy Impact Assessment: No impact(s).

Needs and Uses: In the *Report and Order and Further Notice of Proposed Rulemaking*, In the Matter of Rules and Regulations Implementing Minimum Customer Account Record Exchange Obligations on All Local and Interexchange Carriers (2005 *Report and Order*), CG Docket No. 02-386, FCC 05-29, which was released on February 25, 2005, the Commission adopted rules governing the exchange of customer account information between local exchange carriers (LECs) and interexchange carriers (IXCs). The Commission concluded that mandatory, minimum standards are needed in light of record evidence demonstrating that information needed by carriers to execute customer requests and properly bill customers is not being consistently provided by all LECs and IXCs.

In the 2005 *Further Notice of Proposed Rulemaking*, as cited above, the Commission sought comment on whether to mandate the exchange of particular customer account information between two LECs when a customer switches local service providers. The Commission proposed to take this action in light of concerns reflected in the record regarding the need for more effective communications between LECs. Because the information exchanges proposed in the 2005 *Further Notice of Proposed Rulemaking*

constitute proposed new information collections under the PRA, the Commission specifically invited the general public and OMB to comment on the proposed requirements.

The information collection requirements include: (1) Those that are contained in the *2005 Report and Order*, noted above. Specifically, Commission is requesting OMB approval for specific rules under 47 CFR 64.4002 Notification obligations of LECs and 47 CFR 64.4003 Notification obligation of IXCs. (The Commission notes that it previously published these requirements as proposed in its *2004 Notice of Proposed Rulemaking*, which was released on March 25, 2004.) The information collection requirements for the *2004 Notice of Proposed Rulemaking* were published on April 19, 2004, 69 FR 20845; and (2) those that the Commission proposes in the *2005 Further Notice of Proposed Rulemaking*, published on June 2, 2005, 70 FR 31406.
