B. The sales or production, or both, of such firm or subdivision have decreased absolutely; and

C. increased imports of articles like or directly competitive with articles produced by such firm or subdivision have contributed importantly to such workers' separation or threat of separation and to the decline in sales or production of such firm or subdivision; or

II. Section (a)(2)(B) both of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially

MILLENNIUM CHALLENGE CORPORATION

[MCC FR 05-16]

Report on the Criteria and Methodology for Determining the Eligibility of Candidate Countries for Millennium Challenge Account Assistance in FY 2006

AGENCY: Millennium Challenge Corporation.

SUMMARY: This report to Congress is provided in accordance with Section 608(b) of the Millennium Challenge Act of 2003, 22 U.S.C.A. 7701, 7707(b) (the "Act"). The Act authorizes the provision of Millennium Challenge Account ("MCA") assistance to countries that enter into compacts with the United States to support policies and programs that advance the prospects of such countries achieving lasting economic growth and poverty reduction. The Act requires the Millennium Challenge Corporation ("MCC") to take a number of steps in determining the countries that, based on their demonstrated commitment to just and democratic governance, economic freedom and investing in their people, will be eligible for MCA assistance during Fiscal Year 2006. These steps include the submission of reports to the congressional committees specified in the Act and the publication of Notices in the **Federal Register** that identify:

1. The countries that are "candidate countries" for MCA assistance during Fiscal Year 2006 based on their per-capita income levels and their eligibility to receive assistance under U.S. law and countries that would be candidate countries but for legal prohibitions on assistance (Section 608(a) of the Act);

2. The criteria and methodology that the Board of Directors of MCC (the "Board") will use to measure and evaluate the relative policy performance of the candidate countries consistent with the requirements of Section 607 of the Act in order to select "eligible countries" from among the "candidate countries" (Section 608(b) of the Act); and

3. The list of countries determined by the Board to be "eligible countries" for Fiscal Year 2006, including which of the eligible countries the Board will seek to
