Notice of Rescission of Changed Circumstances Antidumping Duty Administrative Review: Frozen Concentrated Orange Juice from Brazil

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 13, 2005.

FOR FURTHER INFORMATION CONTACT: Elizabeth Eastwood or Jill Pollack, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-3874 and (202) 482-4593, respectively.

SUPPLEMENTARY INFORMATION:

Background:

On May 5, 1987, the Department published in the *Federal Register* an antidumping duty order on frozen concentrated orange juice (FCOJ) from Brazil covering all Brazilian producers except Sucocitrico Cultrale, S.A. See *Antidumping Duty Order of Sales at Less than Fair Value: Frozen Concentrated Orange Juice from Brazil*, 52 FR 16426 (May 5, 1987).

On January 19, 2005, the Department initiated a changed circumstances administrative review of the antidumping duty order on FCOJ from Brazil at the request of Louis Dreyfus Citrus Inc., (Louis Dreyfus). See *Frozen Concentrated Orange Juice from Brazil; Initiation of Changed Circumstances Antidumping Duty Administrative Review*, 70 FR 3904 (Jan 27, 2005). On March 18, 2005, Louis Dreyfus withdrew its request for a changed circumstances review.

Rescission of Changed Circumstances Review

Section 351.213(d)(1) of the Department's regulations provides that the Department will rescind an administrative review if a party that requested a review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. (19 CFR 351.213(d)(1) (2004)) The Department's rules regarding review withdrawals do not specifically reference changed circumstances administrative reviews. In this case, Louis Dreyfus requested withdrawal of its changed circumstances review within ninety days of the review being initiated, the time period the Department generally

considers reasonable for requesting the withdrawal of administrative reviews. Therefore, the Department has accepted Louis Dreyfus' withdrawal request in this case as timely.

The Department is now rescinding this changed circumstances antidumping duty administrative review. U.S. Customs and Border Protection will continue to suspend liquidation, as appropriate, of entries of subject merchandise at the appropriate cash deposit rate for entries of FCOJ from Brazil.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulation and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended.

Dated: April 5, 2005.

SUPPLEMENTARY INFORMATION: On December 7, 2005, the Department of Commerce (the Department) published in the *Federal Register* the preliminary results of the administrative review of

the antidumping duty order on certain hot-rolled carbon steel flat products from Romania. See *Certain Hot-Rolled Carbon Steel Flat Products from Romania: Preliminary Results of Antidumping Duty Administrative Review*, 69 FR 70644 (December 7, 2004). Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Act provides that the Department may extend the deadline for completion of the final results of an administrative review if it determines that it is not practicable to complete the final results within the statutory time limit of 120 days from the date on which the preliminary results were published. The Department has determined that due to the complexity of the issues arising from Romania's graduation to market economy status during the review period, it is not practicable to complete this review within the time limits mandated by section 751(a)(3)(A) of the Act and section 19 CFR 351.213(h)(1) of the Department's regulations. Silicomanganese From Brazil: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On December 8, 2004, the Department of Commerce published the preliminary results of the administrative review of the antidumping duty order on silicomanganese from Brazil. The review covers exports of this

merchandise to the United States by the collapsed parties, Rio Doce Manganese S.A. (RDM), Companhia Paulista de Ferro-Ligas (CPFL), and Urucum Mineraç o S.A. (Urucum) (collectively, RDM/CPFL), for the period December 1, 2002, through November 30, 2003. We gave interested parties an opportunity to comment on the preliminary results. Based on our analysis of the comments received, we did not revise our calculations for these final results. The final weighted-average margin is listed below in the "Final Results of Review" section of this notice.

EFFECTIVE DATE: April 13, 2005.

FOR FURTHER INFORMATION CONTACT: Dmitry Vladimirov at (202) 482-0665 or Minoo Hatten at (202) 482-1690, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On December 8, 2004, we published the preliminary results of review (see *Silicomanganese from Brazil: Preliminary Results of Antidumping Duty Administrative Review*, 69 FR 71011, (December 8, 2004) (*Preliminary Results*)), and invited parties to comment. On January 24, 2004, RDM/CPFL filed case briefs. Eramet Marietta (the petitioner) did not file case or rebuttal briefs.

The Department of Commerce (the Department) has conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of Order

The merchandise covered by this order is silicomanganese. Silicomanganese, which is sometimes called ferrosilicon manganese, is a ferroalloy composed principally of manganese, silicon and iron, and normally contains much smaller proportions of minor elements, such as carbon, phosphorous and sulfur. Silicomanganese generally contains by weight not less than 4 percent iron, more than 30 percent manganese, more than 8 percent silicon, and not more than 3 percent phosphorous. All compositions, forms, and sizes of silicomanganese are included within the scope of this review, including silicomanganese slag, fines, and briquettes. Silicomanganese is used primarily in steel production as a source of both silicon and manganese.

Silicomanganese is currently classifiable under subheading 7202.30.0000 of the *Harmonized Tariff*

Schedule of the United States (HTSUS). Some silicomanganese may also currently be classifiable under HTSUS subheading 7202.99.5040. This scope covers all silicomanganese, regardless of its tariff classification.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope remains dispositive.

Analysis of Comments Received

All issues raised in RDM/CPFL's case brief in the context of this administrative review are addressed in the "Issues and Decision Memorandum" from Barbara E. Tillman, Acting Deputy Assistant Secretary for Import Administration, to Joseph A. Spetrini, Acting Assistant Secretary for Import Administration, dated April 7, 2005 (Decision Memorandum), which is hereby adopted by this notice. Attached to this notice as an appendix is a list of the issues that RDM/CPFL has raised and to which we have responded in the Decision Memorandum. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit, Room B-099 of the main Department of Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Sales Below Cost in the Home Market

As discussed in detail in the preliminary results, the Department disregarded certain home-market below-cost sales that failed the cost test. See *Preliminary Results*, 69 FR 71014. The Department also disregarded below-cost home-market sales for these final results.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we did not make changes in the margin calculation for the final results. See also "Final Results Analysis Memorandum of RDM/CPFL" from Dmitry Vladimirov to the File, dated April 7, 2005.

Final Results of Review

As a result of our review, we determined that a margin of 0.00 percent exists for RDM/CPFL for the period December 1, 2002, through November 30, 2003.
