### SUPPLEMENTARY INFORMATION:

#### Addition

On December 3, 2004, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (69 F.R. 70223) of proposed additions to the Procurement List.

The following comments pertain to Tape, Pressure Sensitive.

Comments were received from the current contractor for these tapes in response to a Committee request for sales data. The contractor stated that it would experience an initial drop in sales volume, followed by termination of three employees, all with families, immediately. The contractor also noted that it had recently been certified as a participant in the 8(a) program.

The percentage of its sales which the contractor stated it would lose is well below the level which the Committee normally considers to constitute severe adverse impact. The current contract was not awarded under the 8(a) program, so the Committee's policy on refraining from adding products and services on 8(a) contracts to the Procurement List is not applicable in this situation. Taking all these circumstances into account, the Committee considers it appropriate to add the tapes to the Procurement List and create jobs for blind persons, whose unemployment rate is higher than the

persons who will likely lose their jobs as a result of the Committee's action.

The following material pertains to item being added to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the products and impact of the additions on the current or most recent contractors, the Committee has determined that the products listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

### Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products to the Government.

2. The action will result in authorizing small entities to furnish the products to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the products proposed for addition to the Procurement List.

### End of Certification

Accordingly, the following products are added to the Procurement List:

### Deletion

On December 10, 2004, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (69 FR 71778) of proposed deletion to the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the service listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

### Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action may result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action may result in authorizing small entities to furnish the service to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the service deleted from the Procurement List.

### End of Certification

Accordingly, the following service is deleted from the Procurement List:

### Honey from Argentina: Initiation of New Shipper Antidumping Duty Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Initiation of New Shipper Antidumping Duty Reviews.

**EFFECTIVE DATE:** February 4, 2005.

**FOR FURTHER INFORMATION CONTACT:** David Cordell or Robert James at (202) 482-0408 or (202) 482-0469, respectively; AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

### SUPPLEMENTARY INFORMATION:

#### Background

The Department received a timely request from El Mana S.A. (El Mana), in accordance with 19 CFR 351.214 (c), for a new shipper review of the antidumping duty order on honey from Argentina. *See Notice of Antidumping Duty Order: Honey from Argentina*, 66 FR 63672 (December 10, 2001). El Mana

identified itself as the exporter of subject merchandise produced by its supplier Federacion de Centros Juveniles Agrarios Cooperativistas Zona SanCor.

As required by 19 CFR 351.214(b)(2)(i), (ii), and (iii)(A), El Mana certified it did not export honey to the United States during the period of investigation (POI), and that it has never been affiliated with any exporter or producer which exported honey during the POI. We note El Mana submitted the volume and date of the first sale to an unaffiliated customer in the United States, and did not submit documentation establishing the date the merchandise was first entered for consumption in the United States. Our inquiries and Customs run queries with U.S. Customs and Border Protection (CBP) show that the shipment entered the United States shortly after the anniversary month.

Under section 351.214(f)(2)(ii) of the Department's regulations, when the sale of the subject merchandise occurs within the Period of Review (POR), but the entry occurs after the normal POR, the POR may be extended unless it would be likely to prevent the completion of the review within the time limits set by the Department's regulations. The preamble to the Department's regulations state that both the entry and the sale should occur during the POR, and that under "appropriate" circumstances the Department has the flexibility to extend the POR. See *Antidumping Duties; Countervailing Duties; Final Rule*, 62 FR 27296, 27319 (May 19, 1997). In this instance, El Mana's shipment entered in the month following the end of the POR. The Department does not find that this delay prevents the completion of the review within the time limits set by the Department's regulations.

#### Scope

The merchandise under review is honey from the Argentina. The products covered are natural honey, artificial honey containing more than 50 percent natural honey by weight, preparations of natural honey containing more than 50 percent natural honey by weight, and flavored honey. The subject merchandise includes all grades and colors of honey whether in liquid, creamed, comb, cut comb, or chunk form, and whether packaged for retail or in bulk form. The merchandise under review is currently classifiable under item 0409.00.00, 1702.90.90, and 2106.90.99 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs

purposes, the written description of the merchandise under review is dispositive.

#### Initiation of Review

In accordance with section 751(a)(2)(B) of the Tariff Act of 1930 (the Tariff Act), as amended, and 19 CFR 351.214(d)(1), and based on information on the record, we are initiating a new shipper review for El Mana. See *Memoranda to the File through Richard O. Weible, New Shipper Review Initiation Checklist*, dated January 31, 2005, for El Mana. We intend to issue the preliminary results of this review not later than 180 days after the date on which this review was initiated, and the final results of this review within 90 days after the date on which the preliminary results were issued.

Pursuant to 19 CFR 351.214(g)(1)(i)(A) of the Department's regulations, the POR for a new shipper review initiated in the month immediately following the anniversary month will be the 12-month period immediately preceding the anniversary month. Under section 351.214(f)(2)(ii) of the Department's regulations, when the sale of the subject merchandise occurs within the POR, but the entry occurs after the normal POR, the POR may be extended unless it would be likely to prevent the completion of the review within the time limits set by the Department's regulations. Therefore, the POR for this new shipper review is December 1, 2003 through December 31, 2004. This review will cover sales by El Mana of honey produced by Federacion de Centros Juveniles Agrarios Cooperativistas Zona SanCor.

In accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e), we will instruct CBP to allow, at the option of the importer, the posting, until the completion of the review, of a single entry bond or security in lieu of a cash deposit for certain entries of the merchandise exported by the above-listed companies, *i.e.* El Mana as the exporter and Federacion de Centros Juveniles Agrarios Cooperativistas Zona SanCor as the producer. Thus, we will instruct CBP to limit the bonding option only to entries of subject merchandise exported by El Mana and produced by Federacion de Centros Juveniles Agrarios Cooperativistas Zona SanCor.

Interested parties that need access to proprietary information in this new shipper review should submit applications for disclosure under administrative protective orders in accordance with 19 CFR 351.305 and 351.306. This initiation and notice are

in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.214(d).

Dated: January 31, 2005.

*Acting Deputy Assistant Secretary for Import Administration.*
