

Title: Law and Order on Indian Reservations, 25 CFR 11, Subpart F.
OMB approval number: 1076-0094.

Type of request: Extension of a currently-approved collection.

Description of the need for the information and proposed use of the information: The information is submitted in order to obtain or retain a benefit, namely, the issuance of a marriage license or a decree of dissolution of marriage from the CFR court.

Affected entities: Indian applicants that are under the jurisdiction of one of the 24 established CFR courts are entitled to receive the benefit of this action by the CFR Court.

Estimated number of respondents: Approximately 260 applications for a marriage license or petition for dissolution of marriage will be filed in the 24 Courts of Indian Offenses annually.

Proposed frequency of responses: On occasion as needed.

Total annual burden: The average burden of submitting a marriage license or petition for dissolution of marriage is 15 minutes per application. The total annual burden is estimated as 65 hours.

Estimated cost: There are no costs to consider, except estimated costs of \$100 per court annually, for the material supplies and staff time required by the CFR court.

IV. Request for Comments

The Department of the Interior invites comments to be sent to the Office of Management and Budget concerning:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) The accuracy of the agency's estimate of the burden (including the hours and cost) of the proposed collection of information, including the validity of the methodology and assumption used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other collection techniques or other forms of information technology.

The Office of Management and Budget has up to 60 days to approve or disapprove the information collection but may respond after 30 days; therefore, comments submitted in response to this notice should be submitted to OMB within 30 days in

order to assure their maximum consideration. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. If you wish us to withhold any information, you must state this prominently at the beginning of your comment. We will honor your request to the extent allowable by law.

Please note that an agency may not conduct or sponsor, and a person is not required to respond to a collection of information, unless it displays a currently valid Office of Management and Budget control number.

Dated: June 7, 2005.

Michael D. Olsen,

Acting Principal Deputy Assistant Secretary—Indian Affairs.

Bureau of Land Management

[AK964-1410-HY-P; F-14938-A, BSA-5]

Alaska Native Claims Selection

AGENCY: Bureau of Land Management, DOI.

ACTION: Notice of decision approving lands for conveyance.

SUMMARY: As required by 43 CFR 2650.7(d), notice is hereby given that an appealable decision approving lands for conveyance pursuant to the Alaska Native Claims Settlement Act will be issued to St. Michael Native Corporation. The lands are located in T. 23 S., Rs. 17 & 18 W., Kateel River Meridian, in the vicinity of St. Michael Alaska, and contain 8.467 acres. Notice of the decision will also be published four times in the Nome Nugget.

DATES: The time limits for filing an appeal are:

1. Any party claiming a property interest which is adversely affected by the decision shall have until July 29, 2005, to file an appeal.

2. Parties receiving service of the decision by certified mail shall have 30 days from the date of receipt to file an appeal.

Parties who do not file an appeal in accordance with the requirements of 43 CFR part 4, subpart E, shall be deemed to have waived their rights.

ADDRESSES: A copy of the decision may be obtained from: Bureau of Land Management, Alaska State Office, 222 West Seventh Avenue, #13, Anchorage, Alaska 99513-7599.

FOR FURTHER INFORMATION, CONTACT:

Renee Fencel, by phone at (907) 271-5067, or by e-mail at Renee_Fencel@ak.blm.gov. Persons who use a telecommunication device (TTD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8330, 24 hours a day, seven days a week, to contact Ms. Fencel.

Renee Fencel,

Land Law Examiner, Branch of Adjudication II.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[ES-930-1320-EL]

Notice of Competitive Coal Lease Sale, Kentucky

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Competitive Coal Lease Sale (KYES-51002).

SUMMARY: Notice is hereby given that certain coal resources described below in the Gray Mountain Federal Mineral Tract (KYES-51002) in Leslie County, Kentucky, will be offered for competitive lease by sealed bid in accordance with the provisions for competitive lease sales in 43 CFR 3422, the Mineral Leasing Act of 1920, as amended (30 U.S.C. 181 *et seq.*), and the Mineral Leasing Act for Acquired Lands of 1947.

DATES: The lease sale will be held at 10 a.m. on Wednesday, July 27, 2005. The outside of the sealed envelope containing the bid must clearly state that the envelope contains a bid for Coal Lease Sale KYES-51002, and is not to be opened before the date and hour of the sale. The bid must be sent by certified mail, return receipt requested, or be hand delivered to the address indicated below, and must be received on or before 4:30 p.m., Tuesday, July 26, 2005. Any bid received after the time specified will not be considered, and will be returned.

ADDRESSES: The sale will be held at the Bureau of Land Management (BLM)—Eastern States, 7450 Boston Boulevard, Springfield, Virginia 22153. Sealed bids must be submitted to the Cashier, BLM—Eastern States, at that address.

FOR FURTHER INFORMATION: Contact Timothy Best, BLM—Eastern States, at (703) 440-1527.

SUPPLEMENTARY INFORMATION: This coal lease sale is being held in response to a lease by application (LBA) filed by

Bledsoe Coal Leasing Company of London, Kentucky. The Gray Mountain Federal Mineral Tract (KYES-51002) consists of underground-minable coal in the Hazard #4 and Hazard #4A seams, found in the Daniel Boone National Forest tracts 3094Bb, 3094Be, and 3094Az, containing 1,210.40 acres more or less, in Leslie County, Kentucky. Both the surface and mineral interests are owned by the Federal Government.

The Gray Mountain Federal Mineral Tract contains approximately 2,900,000 tons of recoverable coal which will be mined by underground methods and is limited to the Hazard #4 and

Hazard #4A seams. The rank of the coal is High Volatile A Bituminous. The proximate analysis of the coal seams is as follows:

*Hazard #4 and Hazard #4A seams
estimated recoverable Federal coal:
2,900,000 tons*

Proximate Analysis (%):

Moisture—6.2800
Ash—8.200
Volatile—33.7700
Fixed—Carbon 50.5800
Sulfur—1.800
Btu/lb.—13.833

The Gray Mountain Federal Mineral Tract will be leased to the qualified bidder of the highest cash amount provided that the high bid meets or exceeds the BLM's estimate of the fair market value for the tract. The Department of the Interior has established a minimum bid of \$100.00 per acre or fraction thereof for the tract. The minimum bid is not intended to represent fair market value. The Authorized Officer will determine the fair market value after the sale. The lease issued as a result of this offering will provide for payment of an annual rental of \$3.00 per acre or fraction thereof, and a royalty of 8 percent of the value of coal produced by underground mining methods. The value of the coal will be determined in accordance with 30 CFR 206.250.

The required Detailed Statement, including bidding instructions for the tract offered and the terms and conditions of the proposed coal lease, is available from the BLM—Eastern States at the address above. Case file documents for KYES-51002 are available for inspection at the BLM—Eastern States Office.

Michael D. Nedd,

State Director, Eastern States.

BILLING CODE 4310-AG-P

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-512]

In the Matter of Certain Light-Emitting Diodes and Products Containing Same; Notice of Commission Determination to Review a Final Determination on Violation of Section 337; Schedule for Filing Written Submissions on the Issues Under Review and on Remedy, the Public Interest, and Bonding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review a portion of the final initial determination (“ID”) issued by the presiding administrative law judge (“ALJ”) on May 10, 2005, regarding whether there is a violation of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT:

Wayne Herrington, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-3090, or Michelle Walters, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 708-5468. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this patent-based section 337 investigation based on a complaint filed by Osram GmbH and Osram Opto Semiconductors GmbH, both of Germany (collectively, “Osram”). 69 FR 32609 (June 10, 2004). In the complaint, as supplemented and amended, Osram alleged violations of section 337 of the Tariff Act of 1930 in the importation of certain light-emitting

diodes and products containing the same by reason of infringement of United States Patent Nos. 6,066,861, 6,277,301, 6,613,247, 6,245,259, 6,592,780 (collectively, the “Particle Size Patents”), 6,576,930 (the “930 patent”), 6,376,902, 6,469,321, 6,573,580 (collectively, the “Lead Frame Patents”), and 6,716,673 (the “673 patent”). The complaint, as subsequently amended, named three respondents: Dominant Semiconductors Sdn. Bhd. (“Dominant”), American Opto Plus, Inc. (“AOP”), and American Microsemiconductor, Inc. (“AMS”). The Commission has terminated the investigation as to AOP and AMS based on settlement agreements.

On May 10, 2005, the ALJ issued his final ID finding a violation of section 337 with regard to the ‘673 patent and containing his recommended determination on remedy and bonding. He found no violation of section 337 with respect to the nine other patents asserted by Osram. Specifically, he found that the asserted claims of the Particle Size Patents are invalid for indefiniteness, that the asserted claims of the ‘930 patent and the Lead Frame Patents are not infringed, and that the domestic industry requirement was not met for the ‘930 patent. Osram and the Commission investigative attorney (“IA”) filed petitions for review of the ALJ's final ID. Dominant filed a response in opposition to the petitions from Osram and the IA. The IA filed a response to Osram's petition. Osram filed a motion for leave to file a reply to Dominant's response to its petition for review.

Having examined the record of this investigation, including the ALJ's final ID, the petitions for review, and the responses thereto, the Commission has determined (1) not to grant Osram's motion for leave to file a reply; (2) not to review the ALJ's determination of violation with respect to the ‘673 patent; and (3) to review the ALJ's findings and conclusions regarding the Particle Size Patents, the ‘930 patent, and the Lead Frame Patents.

In connection with its review, the Commission is particularly interested in responses to the following questions:

1. With respect to the Particle Size Patents, state your position with regard to whether the disputed limitation, “mean grain diameter d_{50} ,” can be construed and, if so, what the appropriate construction is. Identify the intrinsic evidence (and, if appropriate, extrinsic evidence) upon which you rely. Your response should separately discuss the meaning of the words “mean” and “ d_{50} .”
