Approval and Promulgation of Air Quality Implementation Plans; Pennsylvania; NO_x RACT Determinations for Fifteen Sources**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the State of Pennsylvania for the purpose of establishing and requiring reasonably available control technology (RACT) for fifteen sources of nitrogen oxides. In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

Approval and Promulgation of Implementation Plans and Operating Permits Program; State of Nebraska**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

SUMMARY: EPA proposes to approve revisions to the State Implementation Plan (SIP) and Operating Permits Program submitted by the state of Nebraska. These revisions provide or incorporate rules for Predictive Emissions Monitoring Systems (PEMS) in Chapter 34, delete obsolete footnotes from Appendix III (relating to emissions inventories for hazardous air pollutants under the state's operating permit program), correct a mistakenly worded rule in Chapter 20 (relating to process weight rates for particulate matter from certain sources), and improve understanding of Chapter 20 by consolidating the process weight rates into a single table. Approval of these revisions will ensure consistency between the state and Federally-approved rules, and ensure Federal enforceability of the state's revised air program rules.

DATES: Comments on this proposed action must be received in writing by May 2, 2005.
