

will be held at the offices of the Commission at 888 First Street, NE., Washington, DC. The technical conference is tentatively scheduled to begin at 9 a.m. and end at approximately 4:30 p.m. (EST). Commissioners are expected to attend and participate.

Among the issues that panelists will be asked to address are:

- Is the transmission grid being expanded and improved in ways that support regional reliability and market needs?
- What are the barriers to needed transmission investment?
- Has the risk profile of transmission investments changed? If so, what are the implications for Commission policy?
- What rate-making policies will encourage investment in electric transmission infrastructure? Are special incentives appropriate to encourage investment in electric transmission infrastructure? Who should, and is most likely to, make those investments?
- Should the formation of transmission-only companies be encouraged? If so, how?
- What new technologies are available to enhance transmission reliability and efficiency?

The technical conference will be open to the public with no registration or fee.

A transcript of the technical conference will be available from Ace Reporting Company (202-347-3700 or 800-336-6646) for a fee. Records Governing Off-the-Record Communications; Public Notice

March 23, 2005.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file

associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).
