33 CFR Part 117

[CGD08-05-025]

RIN 1625-AA09

Drawbridge Operation Regulation; Mississippi River, Rock Island, IL

AGENCY: Coast Guard, DHS.

ACTION: Temporary rule.

SUMMARY: The Coast Guard is temporarily changing the regulation governing the Rock Island Railroad & Highway Drawbridge, across the Upper Mississippi River at Mile 482.9, at Rock Island, Illinois. The drawbridge need not open for river traffic and may remain in the closed-to-navigation

position from 8 a.m. to 11 a.m. on September 25, 2005. This rule allows the drawbridge be maintained in the closed-to-navigation position to allow the annually scheduled running of a foot race as part of a local community event.

DATES: This rule is effective 8 a.m. to 11 a.m., September 25, 2005.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of this docket (CGD08-05-025) and are available for inspection or copying at room 2.107f in the Robert A. Young Federal Building, Eighth Coast Guard District, 1222 Spruce Street, Saint Louis, MO 63103, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays. Commander (obr), Eighth Coast Guard District, maintains the public docket for this rulemaking.

FOR FURTHER INFORMATION CONTACT: Mr. Roger K. Wiebusch, Bridge Administrator, (314) 539-3900, extension 2378.

SUPPLEMENTARY INFORMATION:

Regulatory History

On June 2, 2005, we published a notice of proposed rulemaking (NPRM) entitled Drawbridge Operation Regulation; Mississippi River, Iowa and Illinois in the **Federal Register** (70 FR 32276). We received no comment letters on the proposed rule. No public meeting was requested, and none was held.

Background and Purpose

On March 29, 2005, the Department of the Army, Rock Island Arsenal, requested a temporary change to the operation of the Rock Island Railroad & Highway Drawbridge, across the Upper Mississippi River, Mile 482.9, at Rock Island, Illinois to allow the drawbridge to remain in the closed-to-navigation position for a three hour period while a foot race is held in the city of Davenport, IA. The drawbridge has a vertical clearance of 23.8 feet above normal pool in the closed-to-navigation position. Navigation on the waterway consists primarily of commercial tows and recreational watercraft that will be minimally impacted by the limited closure period of three hours. Presently,

the draw opens on signal for the passage of river traffic. The Rock Island Arsenal requested the drawbridge be permitted to remain closed-to-navigation from 8 a.m. until 11 a.m. on Sunday, September 25, 2005.

Discussion of Comments and Changes

The Coast Guard received no comment letters. No changes will be made to this temporary rule.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

The Coast Guard expects that this temporary change to operation of the Rock Island Railroad & Highway Drawbridge will have minimal economic impact on commercial traffic operating on the Upper Mississippi River. This temporary change has been written in such a manner as to allow for minimal interruption of the drawbridge's regular operation.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in

understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce or otherwise determine compliance with Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-800-REG-FAIR (1-800-734-3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Government Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of

Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969

(NEPA) (42 U.S.C. 4321-4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2-1, paragraph 32(e) of the Instruction, from further environmental documentation.

Regulations

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; Department of Homeland Security Delegation No. 0170.1; 33 CFR 1.05-1(g); section 117.255 also issued under the authority of Pub. L. 102-587, 106 Stat. 5039.

2. From 8 a.m. to 11 a.m. on September 25, 2005, temporarily add new section 117.T394, to read as follows:

§ 117.T394 Upper Mississippi River.

The Rock Island Railroad and Highway Drawbridge, Mile 482.9, at Rock Island, Illinois, need not open for river traffic and may be maintained in the closed-to-navigation position.

Dated: August 5, 2005.

Kevin L. Marshall,

Captain, U.S. Coast Guard, Commander, 8th Coast Guard Dist. Acting.
