Occurrence of Pesticides in Ground Water of the North Platte Natural Resources District, Nebraska, 2002

Fact Sheet 114-03

Subsequent to publication of the “Occurrence of Pesticides in Ground Water of the North Platte Natural Resources District, Nebraska, 2002,” by G.V. Steele and J.C. Cannia, it was discovered that the classification of Picloram as an insecticide was in error. This change meant changing several places in the fact sheet.

Attached are replacement pages that should be substituted for pages 2, 3, and 4 of the fact sheet.
