

Federal Aviation Administration

Memorandum

Date: January 11, 2008
To: All Interested Parties
From: Donna P. Taylor, Manager, Airports Division, Northwest Mountain Region
Prepared by: Nancy Royak, Airports Program Specialist
Subject: Airports Office Managers Selections

I am very happy to announce that we've selected new managers for both our Safety and Standards Branch and Seattle ADO Manager positions.

Bill Watson, previously the OR/ID Section Supervisor in the Seattle ADO has been selected as the Manager, Safety and Standards Branch. Bill is an active instrument-rated pilot and a licensed engineer and land surveyor, has a Masters in Business degree from Colorado State University. He has great relations with our customers, and will do a fine job leading the 620 staff in fostering our safety culture.

Carol Key, previously the WA Section Supervisor in the Seattle ADO has been selected as the Manager of the Seattle ADO. Carol also has a Masters degree from the University of Washington, specializing in Pavements and Construction Management. She brings the requisite program knowledge, customer relations skills, and energy to lead Seattle ADO now and for the future.

Please join me in congratulating Bill and Carol as they assume their new roles.

Donna P. Taylor
Manager, Airports Division
Northwest Mountain Region
