

Australia: Barley

Yellow numbers indicate the average annual contribution of each state as a percentage of the national production from 1990-91 to 1994-95. States not numbered contributed less than 1% on average to national production annually.

- Major areas combined account for approximately 75% of the total national production annually.
- Major and minor areas combined account for approximately 99% of the total national production annually.
- Major and minor crop areas and state production percentages are derived from Australian Bureau of Statistics Agricultural Census data from 1990-91 to 1994-95.
