These meetings, which are open to the public, will run from 10:00 a.m. to approximately 4:30 p.m. the first day and from 8:00 a.m. to approximately 3:00 p.m. the second day.

The Occupational Safety and Health Administration (OSHA) has asked NACOSH to form a workgroup to identify ways to improve chemical hazard communication and the right-to-know in the workplace. OSHA has asked the Committee to provide OSHA with recommendations in approximately six months related to simplification of material safety data sheets, reducing the amount of required paperwork, improving the effectiveness of worker training, and revising enforcement policies so that they focus on the most serious hazards.

On April 24-25, the HazCom Workgroup will meet in Room N3437 A-D to review all issues and finalize the content of its report and recommendations. On June 12-13, the HazCom Workgroup will meet in Room N4437 B-D to review the total report, make any necessary changes and obtain concurrences of workgroup members.

It is anticipated that the final product of this workgroup will be submitted to the full National Advisory Committee on Occupational Safety and Health for action in the summer.

Written data, views or comments for consideration by the workgroup may be submitted, preferably with 20 copies, to Joanne Goodell at the address provided below. Any such submissions will be provided to the members of the Workgroup and will be included in the record of the meeting. NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration, Office of Records Administration

ACTION: Notice of availability of proposed records schedule; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Records schedules identify records of sufficient value to warrant preservation in the National Archives of the United States. Schedules also authorize agencies after a specified period to dispose of records lacking administrative, legal, research, or other value. Notice is published for records schedules that (1) propose the destruction of records not previously authorized for disposal, or (2) reduce the retention period for records already authorized for disposal. NARA invites public comments on such schedules, as required by 44 U.S.C. 3303a(a).

DATES: Request for copies must be received in writing on or before May 10, 1996. Once the appraisal of the records is completed, NARA will send a copy of the schedule. The requester will be given 30 days to submit comments.

ADDRESSES: Address requests for single copies of schedules identified in this notice to the Record Appraisal and Disposition Division (NIR), National Archives and Records Administration, College Park, MD 20740. Requesters must cite the control number assigned to each schedule when requesting a copy. The control number appears in the parentheses immediately after the name of the requesting agency.

SUPPLEMENTARY INFORMATION: Each year U.S. Government agencies create billions of records on paper, film, magnetic tape, and other media. In order to control this accumulation, agency records managers prepare records schedules specifying when the agency no longer needs the records and what happens to the records after this period. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. These comprehensive schedules provide for the eventual transfer to the National Archives of historically valuable records and authorize the disposal of all other records. Most schedules, however, cover records of only one office of program or a few series of records, and many are updates of previously approved schedules. Such schedules also may include records that are designated for permanent retention.

Destruction of records requires the approval of the Archivist of the United States. This approval is granted after a thorough study of the records that takes into account their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and historical or other value.

This public notice identifies the Federal agencies and their subdivisions requesting disposition authority, includes the control number assigned to each schedule, and briefly describes the records proposed for disposal. The records schedule contains additional information about the records and their disposition. Further information about the disposition process will be furnished to each requester.

Schedules Pending

1. Department of Housing and Urban Development (N1-207-96-4). Input data and output reports for the Consolidated Single Family Statistical System, the master files and annual published reports for which are designated for permanent retention.

2. Bonneville Power Administration (N1-305-95-2). Routine and facilitative records relating to power management.
