

limiting the mapping of mines above or below this mine to those within 100 feet of the vein being mined.

Docket No.: M-94-177-C.

FR Notice: 59 FR 67736.

Petitioner: L. V. Coal Company.

Reg Affected: 30 CFR 75.1202-1(a).

Summary of Findings: Petitioner's proposal to revise and supplement mine maps on an annual basis instead of the required 6 month interval and to update maps daily by hand notations considered acceptable alternative method. Granted for the No. 4 Slope Mine with conditions for annual revisions and supplements of the mine map.

Docket No.: M-94-179-C.

FR Notice: 60 FR 3436.

Petitioner: Eastern Associated Coal Corporation.

Reg Affected: 30 CFR 75.900.

Summary of Findings: Petitioner's proposal to use contactors to provide undervoltage grounded phase protection instead of using circuit breakers, and to use the breakers for short circuit and overcurrent protection considered acceptable alternative method. Granted for the Lightfoot No. 1 Mine with conditions to allow the use of contactors to provide undervoltage, grounded phase, and overload protection and monitor the grounding conductors for 480-volt belt conveyor drives and other loads from combination power center/belt starter units located at the mine.

Docket No.: M-94-180-C.

FR Notice: 60 FR 3436.

Petitioner: Eastern Associated Coal Corporation.

Reg Affected: 30 CFR 75.900.

Summary of Findings: Petitioner's proposal to use contactors to provide undervoltage grounded phase protection instead of using circuit breakers, and to use the breakers for short circuit and overcurrent protection considered acceptable alternative method. Granted for the Lightfoot No. 2 Mine with conditions to allow the use of contactors to provide undervoltage, grounded phase, and overload protection and monitor the grounding conductors for 480-volt belt conveyor drives and other loads from combination power center/belt starter units located at the mine.

Docket No.: M-94-181-C.

FR Notice: 60 FR 3436.

Petitioner: M & H Coal Company.

Reg Affected: 30 CFR 75.1002-1(a).

Summary of Findings: Petitioner's proposal to use nonpermissible electric equipment within 150 feet of the pillar line and to suspend equipment operation anytime methane concentration at the equipment reaches 0.5 percent, either during operation or

during a pre-shift examination considered acceptable alternative method. Granted for the Mercury Slope Mine with conditions for the use of nonpermissible battery-powered locomotives and non-permissible electric drags and associated non-permissible electric components located within 150 feet from pillar workings.

Docket No.: M-94-186-C.

FR Notice: 60 FR 3437.

Petitioner: Mt. Top Coal Company.

Reg Affected: 30 CFR 75.1100-2(a)(2).

Summary of Findings: Petitioner's proposal to use only portable fire extinguishers to replace existing requirements where rock dust, water cars, and other water storage are not practical considered acceptable alternative method. Granted for the Mt. Top Coal Company Mine with conditions for firefighting equipment in the working section.

Docket No.: M-94-187-C.

FR Notice: 60 FR 3437.

Petitioner: Mt. Top Coal Company.

Reg Affected: 30 CFR 75.1200 (d), (h), and (i).

Summary of Findings: Petitioner's proposal to use cross-sections instead of contour lines through the intake slope, at locations of rock tunnel connections between veins, and at 1,000 feet intervals of advance from the intake slope and to limit the mapping of mine workings above and below to those present within 100 feet of the vein being mined except when veins are interconnected to other veins beyond the 100 feet limit through rock tunnels considered acceptable alternative method. Granted for the Mt. Top Coal Company Mine with conditions for the use of cross-sections, in lieu of contour lines, limiting the mapping of mines above or below this mine to those within 100 feet of the vein being mined.

Docket No.: M-94-188-C.

FR Notice: 60 FR 3437.

Petitioner: Mt. Top Coal Company.

Reg Affected: 30 CFR 75.1202-1(a).

Summary of Findings: Petitioner's proposal to revise and supplement mine maps on an annual basis instead of the required 6 month interval and to update maps daily by hand notations considered acceptable alternative method. Granted for the Buck Mountain Slope Mine with conditions for annual revisions and supplements of the mine map.

Docket No.: M-94-189-C.

FR Notice: 60 FR 3437.

Petitioner: Knott County Mining Company.

Reg Affected: 30 CFR 75.900.

Summary of Findings: Petitioner's proposal to use contactors for

undervoltage protection instead of using circuit breakers considered acceptable alternative method. Granted for the Brimstone Mine No. 1 and the Hollybush Mine No. 1 with conditions to allow the use of contactors to provide undervoltage, grounded phase, and overload protection and monitor the grounding conductors for 480-volt belt conveyor drive motors and water pump motors greater than 5 horsepower.

BILLING CODE 4510-43-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

Advisory Committee on Construction Safety and Health; Full Committee Meeting

Notice is hereby given that the Advisory Committee on Construction Safety and Health, established under section 107(e)(1) of the Contract Work Hours and Safety Standards Act (40 U.S.C. 333) and section 7(b) of the Occupational Safety and Health Act of 1970 (29 U.S.C. 656), will meet on August 27-28, 1996 at the Spokane Research Center of the National Institute for Occupational Safety and Health (NIOSH), 315 East Montgomery Street, Spokane, Washington. The meetings of the full Committee are open to the public and will begin at 8:30 a.m. on both days. The meeting will conclude at approximately 5:00 p.m. on August 27 and at approximately 12:00 p.m. on August 28, 1996.

On August 27, OSHA will brief the ACCSH regarding the status of construction-related activities. In particular, the Agency will report on the status of rulemaking efforts regarding fall protection (subpart M). Also, State Plan State representatives will provide their perspectives regarding OSHA's construction-related rulemaking and enforcement activities.

After a lunch break, the Committee will hear comments on OSHA's construction-related rulemaking and enforcement activities from the Agency's Construction Industry Partners. The Committee will also receive a briefing regarding the NIOSH research program and a tour of the Spokane Research Center.

On August 28, the work groups on Fall Protection, Safety and Health Programs, Confined Spaces and Health and Safety for Women in Construction will report back to the full Advisory Committee and the full Committee will discuss the reports from the work

groups. In addition, the Committee will discuss participation in the planning of a Musculoskeletal Disorders Best Practices Conference.

Written data, views or comments may be submitted, preferably with 20 copies, to the Division of Consumer Affairs, at the address provided below. Any such submissions received prior to the meeting will be provided to the members of the Committee and will be included in the record of the meeting.

Anyone who wishes to make an oral presentation should notify the Division of Consumer Affairs before the meeting. The request should state the amount of time desired, the capacity in which the person will appear and a brief outline of the content of the presentation. Persons who request the opportunity to address the Advisory Committee may be allowed to speak, as time permits, at the discretion of the Chairman of the Advisory Committee. Individuals with disabilities who wish to attend the meeting should contact Tom Hall, at the address indicated below, if special accommodations are needed.

For additional information contact: Tom Hall, Division of Consumer Affairs, Room N-3647, Telephone 202-219-8615, at the Occupational Safety and Health Administration, 200 Constitution Avenue, NW., Washington, DC, 20210. An official record of the meeting will be available for public inspection at the OSHA Docket Office, Room N-2625, Telephone 202-219-7894.

Signed at Washington, DC, this 30th day of July 1996.

Joseph A. Dear,

Assistant Secretary of Labor.

BILLING CODE 4510-26-M

EXECUTIVE OFFICE OF THE PRESIDENT

Office of National Drug Control Policy

Senior Executive Service (SES) Performance Review Board; Notice of Establishment

SUMMARY: Notice is hereby given of the appointment of the ONDCP SES Performance Review Board.

EFFECTIVE DATE: August 1, 1996.

FOR FURTHER INFORMATION CONTACT: Edward H. Jurith, General Counsel, Office of National Drug Control Policy, Executive Office of the President, Washington, D.C. 2050; telephone: 202-395-6709; FAX: 202-395-6708.

SUPPLEMENTARY INFORMATION: 5 U.S.C. 4314(c) requires each agency to establish, in accordance with

regulations prescribed by the Office of Personnel Management at 5 CFR Part 430, subpart C and Sec. 430.307 thereof in particular, one or more Senior Executive Service performance boards. As a small executive agency, ONDCP has just one board. The board shall review and evaluate the initial appraisal of each ONDCP senior executive's performance by his or her supervisor, the senior executive's written response, if any, along with any recommendations in each instance to the appointing authority relative to the performance of the senior executive.

The following have been selected as regular members of the SES Performance Review Board for the Office of National Drug Control Policy: Patricia A. Seitz (Chair), Assistant Director for Legal Affairs, Office of National Drug Control Policy; Dr. Albert E. Brandenstein, Director, Counter Drug Technology Assessment Center, Office of National Drug Control Policy; Dr. John T. Carnevale, Assistant Director for Programs, Budget and Research, Office of National Drug Control Policy

Approved: July 17, 1996.

Janet Crist,

Chief of Staff, Office of National Drug Control Policy.

BILLING CODE 3180-02-U

NUCLEAR REGULATORY COMMISSION

[Docket Number 40-6659]

Federal Register Notice of Amendment To Change Reclamation Milestone Date in source material license SUA-551 Held by Petrotomics Company for its Shirley Basin, Wyoming Uranium Mill

AGENCY: U.S. Nuclear Regulatory Commission.

ACTION: Amendment of Source Material License SUA-551 to change a reclamation milestone date.

SUMMARY: Notice is hereby given that the U.S. Nuclear Regulatory Commission has amended Petrotomics Company's (Petrotomics') Source Material License SUA-551 for Shirley Basin Wyoming to change a reclamation milestone date. This amendment was requested by Petrotomics by letter dated May 22, 1996, and its receipt by NRC was noticed in the Federal Register on June 28, 1996.

The license amendment modifies License Condition 50 to change the completion date for a site-reclamation

milestone. The new date approved by the NRC extends completion of placement of final radon barrier on a 9-acre portion of the tailings pile by four years, and two months. Petrotomics justifies the delays for (1) maintaining, throughout the course of reclamation of the site, an area that can be utilized to place contaminated material that may be encountered in accomplishing this work; (2) disposal of the evaporation pond dike material; and (3) allowing continued pumping and maintenance of well 12-DC, located in the southern part of the area, if necessary. Based on the review of Petrotomics' submittal, which indicates the proposed work is scheduled to be completed as expeditiously as practicable, and the fact that the added risk to the public health and safety is not significant, the NRC staff considers Petrotomics' request acceptable.

An environmental assessment is not required since this action is categorically excluded under 10 CFR 51.22(c)(11), and an environmental report from the licensee is not required by 10 CFR 51.60(b)(2).

SUPPLEMENTARY INFORMATION:

Petrotomics' license, including an amended License Condition 50, and the NRC staff's technical evaluation of the amendment request are being made available for public inspection at the NRC's Public Document Room at 2120 L Street, NW (Lower Level), Washington, DC 20555.

FOR FURTHER INFORMATION CONTACT:

Mohammad W. Haque, Uranium Recovery Branch, Division of Waste Management, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Telephone (301) 415-6640.

Dated at Rockville, Maryland, this 31st day of July 1996.

Joseph J. Holonich,

Chief, Uranium Recovery Branch, Division of Waste Management, Office of Nuclear Material Safety and Safeguards.
