Coast Guard

33 CFR Part 165

[CGD09–07–108]

RIN 1625–AA00

Safety Zone; Petoskey Fireworks Display, Lake Michigan, Petoskey, MI

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on Lake Michigan near Petoskey, MI. This zone is intended to restrict vessels from a portion of Lake Michigan during the Petoskey August 17, 2007 Fireworks Display. This temporary safety zone is necessary to protect spectators and vessels from the hazards associated with fireworks displays.

DATES: This rule is effective from 9 p.m. to 11 p.m. on August 17, 2007.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket CGD09–07–108 and are available for inspection or copying at U.S. Coast Guard Sector Lake Michigan (spw), 2420 South Lincoln Memorial Drive, Milwaukee, WI 53207 between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: CWO Brad Hinken, Prevention Department, Coast Guard Sector Lake Michigan, Milwaukee, WI at (414) 747–7154.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. The permit application was not received in time to publish an NPRM followed by a final rule before the effective date. Under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective fewer than 30 days after publication in the **Federal**

Register. Delaying this rule would be contrary to the public interest of ensuring the safety of spectators and vessels during this event and immediate action is necessary to prevent possible loss of life or property.

Background and Purpose

This temporary safety zone is necessary to ensure the safety of vessels and spectators from hazards associated with a fireworks display. Based on accidents that have occurred in other Captain of the Port zones, and the explosive hazards of fireworks, the Captain of the Port Lake Michigan has determined that fireworks launches proximate to watercraft pose a significant risk to public safety and property. The likely combination of large numbers of recreation vessels, congested waterways, darkness punctuated by bright flashes of light, alcohol use, and debris falling into the water could easily result in serious injuries or fatalities. Establishing a safety zone to control vessel movement around the location of the launch platform will help ensure the safety of persons and property at these events and help minimize the associated risks.

Discussion of Rule

A temporary safety zone is necessary to ensure the safety of spectators and vessels during the setup, loading, and launching of a fireworks display in conjunction with the Petoskey Fireworks Display. The fireworks display will occur between 10 p.m. and 10:30 p.m. on August 17, 2007.

The safety zone will be in effect from between 9 p.m. and 11 p.m. on August 17, 2007. It will encompass all waters of Lake Michigan and Petoskey Harbor, in the vicinity of Bay Front Park, within a 1000-foot radius from the fireworks launch site at position 45°22'39" N, 084°57'30" W. (DATUM: NAD 83).

All persons and vessels must comply with the instructions of the Coast Guard Captain of the Port or the on-scene representative. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port Lake Michigan or his on-scene representative. The Captain of the Port or his on-scene representative may be contacted via VHF Channel 16.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and

Budget has not reviewed this rule under that Order.

This determination is based on the minimal time that vessels will be restricted from the zone and the zone is an area where the Coast Guard expects insignificant adverse impact to mariners from the zones’ activation.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: The owners and operators of vessels intending to transit or anchor in a portion of Lake Michigan near Petoskey, Michigan, between 9 p.m. and 11 p.m. on August 17, 2007.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: This rule will be in effect for only two hours for one event. Vessel traffic can safely pass outside the safety zone during the event. In the event that this temporary safety zone affects shipping, commercial vessels may request permission from the Captain of the Port Lake Michigan to transit through the safety zone. The Coast Guard will give notice to the public via a Broadcast to Mariners that the regulation is in effect.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by
