

to the owner of the vehicle by the towing organization. This section may be supplemented from time to time with the approval of the Director, Washington Headquarters Services, or his designee, or the Installation Commander, by the issuance and posting of such parking directives as may be required, and when so issued and posted such directive shall have the same force and effect as if made a part hereof.

§ 234.19 Penalties and effect on other laws.

(a) Whoever shall be found guilty of willfully violating any rule or regulation enumerated in this part is subject to the penalties imposed by Federal law for the commission of a Class B misdemeanor offense.

(b) Whoever violates any rule or regulation enumerated in this part is liable to the United States for a civil penalty of not more than \$1,000.

(c) Nothing in this part shall be construed to abrogate any other Federal laws.

Dated: May 18, 2007.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, DoD.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[CGD09-07-012]

RIN 1625-AA00

Safety Zone; Great Lakes Naval Training Center Harbor, North Chicago, IL

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone around Great Lakes Naval Training Center Harbor. This zone is intended to control the movement of vessels on portions of Lake Michigan and Great Lakes Naval Training Center Harbor during the Spill of National Significance (SONS) exercise on June 19 and 20, 2007. This zone is necessary to protect the public from the hazards associated with ships and boats deploying oil containment equipment.

DATES: This rule is effective from June 19, 2007 through June 20, 2007.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket [CGD09-07-012] and are available for inspection or copying at Coast Guard Sector Lake Michigan (spw), 2420 South Lincoln Memorial Drive, Milwaukee, WI 53207 between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

CWO Brad Hinken, Prevention Department, Coast Guard Sector Lake Michigan, Milwaukee, WI at (414) 747-7154.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On April, 19, 2007, we published a notice of proposed rulemaking (NPRM) entitled Safety Zone, Great Lake Naval Training Center Harbor, North Chicago, IL in the **Federal Register** (72 FR 19675). We received no letters commenting on the proposed rule. No public meeting was requested and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. This safety zone is necessary to protect the public from the hazards associated with ships and boats deploying oil containment equipment. Insufficient time existed to provide full notice, and delaying establishment of the zone would have increased risks to public safety and been contrary to the public interest.

Background and Purpose

This temporary safety zone is necessary to ensure the safety of vessels and people from hazards associated with numerous vessels deploying oil containment booms and conducting diving operations. Based on the experiences in other Captain of the Port zones, the Captain of the Port Lake Michigan has determined that numerous vessels engaged in the deployment of oil containment booms in close proximity to watercraft pose significant risks to public safety and property. The likely combination of large numbers of recreation vessels and congested waterways could result in serious injuries or fatalities. Establishing a safety zone to control vessel movement around the location of the SONS exercise will help ensure the safety of persons and property at these events and help minimize the associated risks.

Discussion of Rule

A temporary safety zone is necessary to ensure the safety of vessels during the

deployment and recovery of oil containment booms in conjunction with the SONS exercise. The safety zone will be enforced between 8 a.m. and 6 p.m., each day, on June 19 and 20, 2007.

The safety zone for the SONS exercise will encompass all waters of Lake Michigan and Great Lakes Naval Training Center Harbor from the shoreline to 2,200 yards east, 1,900 yards north, and 2,900 yards south of Great Lakes Light 2 (Lightlist number 20285) and bounded by a line with of point of origin at 42°20'12" N, 087°48' W; then west to 42°20'12" N, 087°50' W; then south to 42°17' N, 087°50' W; then east to 42°17' N, 087°48' W; then north to the point of origin (NAD 83).

All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated on-scene representative. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port Lake Michigan or his designated on-scene representative. The Captain of the Port or his designated on-scene representative may be contacted via VHF Channel 16.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary.

The Coast Guard will only enforce this safety zone for 10 hours a day on the two days specified. This safety zone has been designed to allow vessels to transit unrestricted to portions of the harbor not affected by the zone. The Captain of the Port will allow vessels to enter and depart Great Lakes Naval Training Center Harbor. The Coast Guard expects insignificant adverse impact to mariners from the activation of this zone.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and

governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities.

This rule would affect the following entities, some of which might be small entities: The owners of vessels intending to transit or anchor in a portion of Great Lakes Naval Training Center Harbor between 8 a.m. and 6 p.m. (local) on June 19, 2007 and June 20, 2007. The safety zone would not have a significant economic impact on a substantial number of small entities for the following reasons. This rule would be in effect for only 20 hours. Vessel traffic can safely pass around the safety zone and enter and depart Great Lakes Naval Training Center Harbor upon request.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offered to assist small entities in understanding this rule so that they can better evaluate its effects on them and participate in the rulemaking. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–88–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

The Coast Guard recognizes the treaty rights of Native American Tribes. Moreover, the Coast Guard is committed to working with Tribal Governments to implement local policies and to mitigate tribal concerns. We have determined that these special local regulations and fishing rights protection need not be incompatible. We have also determined that this Rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. Nevertheless, Indian Tribes that have questions concerning the provisions of this Proposed Rule or options for compliance are encouraged to contact the point of contact listed under **FOR FURTHER INFORMATION CONTACT**.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID and Department of Homeland Security Management Directive 5100.1, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(g) of the Instruction, from further environmental documentation.

A final “Environmental Analysis Check List” and a final “Categorical Exclusion Determination” will be available in the docket where indicated under **ADDRESSES**.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping

requirements, Security measures, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165–T09–012 to read as follows:

§ 165–T09–012 Safety Zone, Great Lake Naval Training Center Harbor, North Chicago, IL.

(a) *Location.* The following area is a temporary safety zone: All waters of Lake Michigan and Great Lakes Naval Training Center Harbor, from surface to bottom, from the shoreline to 2,200 yards east, 1,900 yards north, and 2,900 yards south of Great Lakes Light 2 (Lightlist number 20285), and bounded by a line with a of point origin at 42°20′12″ N, 087°48′ W; then west to 42°20′12″ N, 087°50′ W; then south to 42°17′ N, 087°50′ W; then east to 42°17′ N, 087°48′ W; then north to the point of origin (NAD 83).

(b) *Effective period.* This regulation is effective from 8 a.m. (local) on June 19, 2007 to 6 p.m. (local) on June 20, 2007. This regulation will be enforced from 8 a.m. (local) to 6 p.m. (local) on June 19, 2007 and from 8 a.m. (local) to 6 p.m. (local) on June 20, 2007.

(c) *Regulations.* (1) In accordance with the general regulations in section 165.23 of this part, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Lake Michigan, or his designated on-scene representative.

(2) This safety zone is closed to all vessel traffic, except as may be permitted by the Captain of the Port Lake Michigan or his designated on-scene representative.

(3) The “on-scene representative” of the Captain of the Port is any Coast Guard commissioned, warrant or petty officer who has been designated by the Captain of the Port to act on his behalf. The on-scene representative of the Captain of the Port will be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The Captain of the Port or his designated on-scene representative may be contacted via VHF Channel 16.

(4) Vessel operators desiring to enter or operate within the safety zone must contact the Captain of the Port Lake

Michigan or his on-scene representative to obtain permission to do so. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the Captain of the Port Lake Michigan or his on-scene representative.

Dated: May 16, 2007.

Bruce C. Jones

Captain, U.S., Coast Guard Captain of the Port Lake Michigan.

BILLING CODE 4910–15–P

POSTAL SERVICE

39 CFR Part 111

New Standards for Periodicals Mailing Services

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: This final rule provides the revisions to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM) that we will adopt to support the new Periodicals prices effective on July 15, 2007.

The new prices enhance efficiency, offer more choices, and better ensure that all types of Periodicals mail cover their costs. Periodicals mailers have new incentives to use efficient containers and bundles, and copalletization becomes a permanent offering to encourage more publishers to combine mailings. We also add new prices for the nonadvertising portion of a mailing to give mailers of high-editorial-content publications access to lower destination entry rates.

EFFECTIVE DATE: 12:01 a.m. on July 15, 2007.

FOR FURTHER INFORMATION CONTACT: Joel Walker, 202–268–7261; Carrie Witt, 202–268–7279.

SUPPLEMENTARY INFORMATION: The Postal Service’s request in Docket No. R2006–1 included mail classification changes, new pricing structures, and price changes for most domestic mailing services. This final rule provides the revisions to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM) that we will adopt to implement the Periodicals portion of the R2006–1 pricing change. We summarize and respond to comments on our previous Periodicals proposal, summarize all major changes since our proposal, update our summary of Periodicals mail, and update our mailing standards.

You can find this final rule and all Periodicals rates, as well as our earlier

proposal and the final rule effective May 14 for all other classes of mail, at <http://www.usps.com/ratecase>. Our Web site also provides frequently asked questions, press releases, and *Mailers Companion* and *MailPro* articles related to the pricing change for all classes of mail.

Background

On May 14, 2007, the Postal Service implemented new prices and mailing standards to support the majority of the pricing change recommended by the Postal Regulatory Commission in Docket No. R2006–1 and accepted by the Governors of the United States Postal Service. The Postal Service Board of Governors delayed the implementation of new Periodicals prices and mailing standards until July 15, 2007, to give postal employees and mailers more time to prepare for the complex pricing structure recommended by the Commission.

In our request for a recommended decision filed with the Commission on May 3, 2006, we proposed Periodicals rates based on pieces, pounds, and a single container charge. The Commission recommended rates based on pieces and pounds but also on bundles and containers for Outside-County pieces. Piece rates vary based on machinability, barcoding, and presort level. Bundle and container rates vary based on presort level and point of entry. The recommended rate structure explicitly recognizes the cost differences between various bundles, containers, and entry points. Ideally, mailers will respond to these price signals, bring down costs, and improve the efficiency of all Periodicals mail.

For In-County Periodicals, the rate design is still based on pieces and pounds, as it is today. Since many publications use both Outside-County and In-County rates, the Board established July 15 as the implementation date for both subclasses, and for all Periodicals fees.

Summary of Comments Received

We received forty-six comments on our Periodicals proposal from thirty newspaper publishers, two associations, two software providers, two magazine publishers, one fulfillment and lettershop, one freelance writer, and one individual who did not identify a business concern. We appreciate all of the feedback, and we carefully considered the comments.

Comments on the New Prices

Forty-one commenters objected to the new prices or the new price structure for Outside-County Periodicals mail.
