

objectives are: (1) To identify opportunities and barriers to achieving scientific aims; (2) to learn about emerging scientific opportunities and unmet public health needs; (3) to measure customer satisfaction with information products; and (4) to identify strengths and weaknesses of the NICHD's program operations. The OSPAC will use the survey results to better respond to its customers, including its various partners in research, and to improve the NICHD's research programs and activities. Findings will help to: (1) Formulate strategies to help enhance research

opportunities and remove barriers; (2) target the NICHD's research programs and activities to take advantage of emerging scientific opportunities and meet public health needs related to its mission; (3) develop information products tailored to the NICHD audience; and (4) improve program planning, management, and operations. *Frequency of Response:* Annual [As needed on an on-going and concurrent basis]. *Affected Public:* Members of the public, researchers, practitioners, and other health professionals. *Type of Respondents:* Members of the public; eligible grant applicants and actual

applicants (both successful and unsuccessful); clinicians and other health professionals; and actual or potential clinical trials participants.
