

these countries for production of comparable merchandise, whether there is significant production, and availability of data. The Department invites comments on this process. In particular, it welcomes suggestions on how it should construct the initial list of economically comparable countries, how this set of countries should be balanced, and how many countries it should contain.

As a second matter, the Department is also interested in inviting comment on whether certain comparable countries should be excluded, at least initially, from the Department's analysis of which country is the best possible surrogate in a given proceeding on the basis of a general lack of country specific data. With regard to this issue, if the Department were able to determine that a group of countries does not generally offer the data necessary to conduct an antidumping proceeding, both the Department and parties would be relieved of the burden of examining those countries as potential surrogates in every proceeding. Please note, however, that parties would retain the ability to advocate the consideration of a country that would otherwise not be considered if they determined that there were case-specific arguments for doing so.

Finally, the Department requests comment on how it should evaluate and weigh the production experiences and data availability of countries in cases where there may be more than one potential surrogate country with reliable data and significant production of comparable merchandise. See e.g., *Wooden Bedroom Furniture from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review, Preliminary Results of New Shipper Reviews and Notice of Partial Rescission*, 72 FR 6201, 6208 (February 9, 2007).

Submission of Comments

Persons wishing to comment should file a signed original and six copies of each set of comments by the date specified above. The Department will consider all comments received by the close of the comment period. Comments received after the end of the comment period will be considered, if possible, but their consideration cannot be assured. The Department will not accept comments accompanied by a request that a part or all of the material be treated confidentially because of its business proprietary nature or for any other reason. The Department will return such comments and materials to the persons submitting the comments and will not consider them in the

development of any changes to its practice. The Department requires that comments be submitted in written form. The Department recommends submission of comments in electronic form to accompany the required paper copies. Comments filed in electronic form should be submitted either by e-mail to the webmaster below, or on CD-ROM, as comments submitted on diskettes are likely to be damaged by postal radiation treatment. Comments received in electronic form will be made available to the public in Portable Document Format (PDF) on the Internet at the Import Administration Web site at the following address:
