

Appendix C—Tables C-6, C-7, C-8, and C-9; flight patterns in Appendix C—Exhibits C-5, C-6, C-7, C-8, and C-9, and land use in Exhibit 2-3. The FAA has determined that these maps for Rickenbacker International Airport are in compliance with applicable requirements. This determination is effective on January 25, 2007. FAA's determination on an airport operator's noise exposure maps is limited to a finding that the maps were developed in accordance with the procedures contained in appendix A of FAR Part 150. Such determination does not constitute approval of the applicant's data, information or plans, or constitute a commitment to approve a noise compatibility program or to fund the implementation of that program.

If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under Part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under section 47503 of the Act. The FAA has relied on the certification by the airport operator, under section 150.21 of FAR Part 150, that the statutorily required consultation has been accomplished.

The FAA has formally received the noise compatibility program for Rickenbacker International Airport, also effective on January 25, 2007. Preliminary review of the submitted material indicates that it conforms to the requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before July 23, 2007.

The FAA's detailed evaluation will be conducted under the provisions of 14

CFR Part 150, section 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety, create an undue burden on interstate or foreign commerce, or be reasonably consistent with obtaining the goal of reducing existing non-compatible land uses and preventing the introduction of additional non-compatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps, the FAA's evaluation of the maps, and the proposed noise compatibility program are available for examination at the following locations:

Federal Aviation Administration
Detroit Airports District Office, 11677
South Wayne, Road, Suite 107,
Romulus, Michigan 48174.

Rickenbacker International Airport,
7161 Second Street, Columbus, Ohio
43217.

Columbus Regional Airport Authority,
Port Columbus International Airport,
4400 International Gateway, Columbus,
Ohio 43219.

Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT**.

Issued in Romulus, Michigan, January 25, 2007.

Irene R. Porter,

*Manager, Detroit Airports District Office,
Great Lakes Region.*

Federal Aviation Administration

Notice of Opportunity for Public Comment on Property Release at Auburn-Opelika Airport, Auburn, AL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on land release request.

SUMMARY: Under the provisions of Title 49, U.S.C. Section 47153(c), notice is being given that the FAA is considering a request from Auburn University to waive the requirement that a 3.6-acre parcel of surplus property, located at the Auburn-Opelika Airport, be used for aeronautical purposes.

DATES: Comments must be received on or before March 8, 2007.

ADDRESSES: Comments on this notice may be mailed or delivered in triplicate to the FAA at the following address: Jackson Airports District Office, 100 West Cross Street, Suite B, Jackson, MS 39208-2307.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Auburn University, at the following address: Mr. William T. Hutto, Jr., Executive Director, Auburn University Aviation, 700 Airport Road, Auburn, AL 36830.

FOR FURTHER INFORMATION CONTACT: Keafur Grimes, Program Manager, Jackson Airports District Office, 100 West Cross Street, Suite B, Jackson, MS 39208-2307, (601) 664-9886. The land release request may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA is reviewing a request by Auburn University to release 3.6 acres of surplus property at the Auburn-Opelika Airport. The property will be swapped for a 3.542-acre parcel that is needed for aeronautical purposes. The appraised values of both properties are the same.

Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may, upon request, inspect the request, notice and other documents germane to the request in person at the Auburn-Opelika Airport.

Dated: Issued in Jackson, Mississippi on January 26, 2007.

Rans D. Black,

*Manager, Jackson Airports District Office,
Southern Region.*
