SUPPLEMENTARY INFORMATION: A notice was published in the **Federal Register** on February 16, 2007 (72 FR 7593), requesting comments on the possible development of the United States

Standards for Grades of Tomatoes on the Vine. The proposed standards would provide industry with a common language and uniform basis for trading, thus promoting the orderly and efficient marketing of tomatoes on the vine. Additionally, the Agricultural Marketing Service (AMS) also sought any comments related to the proposed standards that may be necessary to better serve the industry. The comment period ended April 17, 2007.

A comment was received on behalf of a trade group representing growers and packers, expressing the need for additional time to comment. The group requested an extension to the comment period to allow review of the proposed voluntary standards and consider comments.

After reviewing the request, AMS is reopening and extending the comment period in order to allow sufficient time for interested persons, including growers, packers, and trade groups to file comments.

Authority: 7 U.S.C. 1621-1627.

Dated: June 18, 2007.
