### Forest Service

#### National Tree-marking Paint Committee Meeting

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of meeting.

**SUMMARY:** The National Tree-marking Paint Committee will meet in Portland, Oregon on May 15-17, 2007. The purpose of the meeting is to discuss activities related to improvements in, concerns about, and the handling and use of tree-marking paint by personnel of the Forest Service and the Department of the Interior's Bureau of Land Management.

**DATES:** The meeting will be May 15-17, 2007, from 9 a.m. to 5 p.m. each day.

**ADDRESSES:** The meeting will be at the Portland Marriott Downtown Waterfront, 1401 SW Naito Parkway, Portland, OR 97201. Persons who wish to file written comments before or after the meeting must send written comments to Dave Haston, Chairperson, National Tree-marking Paint Committee, Forest Service, USDA, San Dimas Technology and Development Center, 444 East Bonita Avenue, San Dimas, California 91773, or electronically to [dhaston@fs.fed.us](mailto:dhaston@fs.fed.us).

**FOR FURTHER INFORMATION CONTACT:** Dave Haston, Sr. Project Leader, San Dimas Technology and Development Center, Forest Service, USDA, 909-599-1267, extension 294 or [dhaston@fs.fed.us](mailto:dhaston@fs.fed.us).

**SUPPLEMENTARY INFORMATION:** The National Tree-marking Paint Committee is comprised of representatives from the Forest Service national headquarters, each of the nine Forest Service Regions, the Forest Products Laboratory, the Forest Service San Dimas Technology and Development Center, and the Bureau of Land Management. The General Services Administration and the National Institute for Occupational Safety and Health are ad hoc members and provide technical advice to the committee.

A field trip on May 15 is designed to supplement information related to tree-marking paint. This trip is open to any member of the public participating in the meeting on May 16-17. However, transportation is provided only for committee members.

The main session of the meeting, May 16-17, is open to public attendance.

#### Closed Sessions

While certain segments of this meeting are open to the public, there will be two closed sessions during the meeting. The first closed session is on May 16 from approximately 10 a.m. to 12 p.m. This session is reserved for individual paint manufacturers to present products and information about tree-marking paint for consideration in future testing and use by the agency. Paint manufacturers also may provide comments on tree-marking paint specifications or other requirements. This portion of the meeting is open only to paint manufacturers, the Committee, and committee staff to ensure that trade secrets will not be disclosed to other paint manufacturers or to the public. Paint manufacturers wishing to make presentations to the Tree-marking Paint Committee during the closed session should contact the committee chairperson at the telephone number listed at **FOR FURTHER INFORMATION CONTACT** in this notice. The second closed session is on May 17 from approximately 9 a.m. to 11 a.m. This session is for Steering Committee members only.

Any person with special access needs should contact the Chairperson to arrange for accommodations. Space for individuals who are not members of the National Tree-marking Paint Committee is limited and will be available to the public on a first-come, first-served basis.

Dated: April 3, 2007.

## DEPARTMENT OF AGRICULTURE

### Natural Resources Conservation Service

#### Marysville Irrigation Company Gravity Pressurized Irrigation Delivery System; Fremont County, ID

**AGENCY:** Natural Resources Conservation Service, USDA.

**ACTION:** Notice of a Finding of No Significant Impact.

**SUMMARY:** Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Natural Resources Conservation Service Guidelines (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Marysville Irrigation Company, Gravity Pressurized, Irrigation Delivery System, Fremont County, Idaho.

**FOR FURTHER INFORMATION CONTACT:** Richard Sims, State Conservationist, Natural Resources Conservation Service, 9173 W. Barnes Dr., Suite C, Boise, Idaho 83709-1574, telephone (208) 378-5700.

**SUPPLEMENTARY INFORMATION:** The Plan/Environmental Assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national adverse impacts affecting the quality of the human environment. As a result of these findings, Richard Sims, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The Proposed Action consists of replacing an open ditch irrigation delivery system with buried plastic pipelines to distribute gravity pressurized irrigation water. The Proposed Action includes the construction and operation and maintenance of three plastic pipelines that provide for the delivery of gravity pressurized irrigation water to approximately 6,130 acres surrounding Marysville, Idaho, eliminating most of the need for pumping by electric motors. Approximately 1,000 acres would require booster pumps. Water would only be drawn from the pipe when irrigation is required, eliminating overflow to the Henry's Fork River. The Proposed Action would eliminate about 90% of the water seepage loss from the canals and the need for approximately 1,600 horsepower from electric pump motors while not adversely affecting the environment.

The Notice of Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency. The basic data developed during the plan/environmental assessment is on file and may be reviewed by contacting Mr. Richard Sims. The FONSI has been sent to various Federal, State, and local agencies, and interested parties. A limited number of copies of the FONSI
