

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: October 18, 2007.

David M. Frank,

Bridge Administrator.

BILLING CODE 4910-15-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[CGD01-07-130]

RIN 1625-AA09

Drawbridge Operation Regulations; Gowanus Canal, Brooklyn, NY

AGENCY: Coast Guard, DHS.

ACTION: Temporary rule.

SUMMARY: The Coast Guard has temporarily changed the drawbridge operating regulations governing the operation of the Hamilton Avenue Bridge, mile 1.2, across the Gowanus Canal at Brooklyn, New York. This final rule allows the bridge owner to require a four-hour notice for bridge openings from November 5, 2007 to January 15, 2009. This rule is necessary to facilitate rehabilitation construction at the bridge.

DATES: This temporary rule suspending § 117.787 and adding § 117.788 is effective from November 5, 2007 to January 15, 2009.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket (CGD01-07-130) and are available for inspection or copying at the First Coast Guard District, Bridge Branch Office, 408 Atlantic Avenue, Boston, Massachusetts 02110, between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Ms. Judy Leung-Yee, Project Officer, First Coast Guard District, (212) 668-7195.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On September 18, 2007, we published a notice of proposed rulemaking (NPRM) entitled "Drawbridge Operation Regulations"; Gowanus Canal, New York, in the *Federal Register* (72 FR 53202). We received no comments in response to the notice of proposed

rulemaking. No public hearing was requested and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the *Federal Register*.

The bridge repairs scheduled to begin on November 5, 2007, are necessary repairs that must be performed with all due speed to assure the continued safe and reliable operation of the bridge. Any delay in making this rule effective would not be in the best interest of public safety and the marine interests that use the Gowanus Canal. We received no comments on the published NPRM, which included the effective period for comment, indicating a need to delay the effective date of this temporary final rule.

Background and Purpose

The Hamilton Avenue Bridge has a vertical clearance of 19 feet at mean high water, and 23 feet at mean low water in the closed position. The existing drawbridge operating regulations listed at 33 CFR 117.5, require the bridge to open on signal at all times.

The bridge owner, New York City Department of Transportation (NYCDOT), has requested a temporary rule to facilitate structural, electrical and mechanical rehabilitation at the Hamilton Avenue Bridge.

Under this temporary rule the Hamilton Avenue Bridge would open on signal after at least a four-hour advance notice is given by calling (201) 400-5243.

Major rehabilitation bridge repairs have been ongoing at the Hamilton Avenue Bridge since March 2007. The bridge owner NYCDOT, requested a temporary deviation from the drawbridge operation regulations to help facilitate bridge rehabilitation repairs at the Hamilton Avenue Bridge.

As a result of that request the Coast Guard authorized a temporary deviation [CGD01-07-026] on March 15, 2007, which required mariners to provide a four-hour advance notice for bridge openings from April 6, 2007 through September 29, 2007.

On August 7, 2007, the Coast Guard received a second request from the bridge owner NYCDOT, to extend the four-hour advance notice requirement at the Hamilton Avenue Bridge through January 15, 2009, in order to facilitate the remaining rehabilitation bridge repairs.

Discussion of Comments and Changes

The Coast Guard received no comments in response to the notice of

proposed rulemaking and as a result, no changes have been made to this temporary final rule.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3), of that Order. The Office of Management and Budget has not reviewed it under that Order.

This conclusion is based on the fact that all vessel traffic will still be able to transit through the bridge at all times after providing the four-hour advance notice for bridge openings.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b), that this rule will not have a significant economic impact on a substantial number of small entities.

This conclusion is based on the fact that all vessel traffic will still be able to transit through the bridge at all times after providing the four-hour advance notice for bridge openings.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process.

No small entities requested Coast Guard assistance and none was given.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against

small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This final rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have substantial direct effect on one or more Indian

tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (32)(e), of the Instruction, from further environmental documentation considering that it relates to the promulgation of operating regulations or procedures for drawbridges. Under figure 2–1, paragraph (32)(e), of the instruction, an “Environmental Analysis Check List”

and a “Categorical Exclusion Determination” are not required for this rule.

List of Subjects in 33 CFR Part 117

Bridges.

■ For the reasons set out in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 33 CFR 1.05–1(g); Department of Homeland Security Delegation No. 0170.1.

■ 2. From November 5, 2007 to January 15, 2009, suspend § 117.787 and add § 117.788 to read as follows:

§ 117.788 Gowanus Canal.

(a) The draws of the Ninth Street Bridge, mile 1.4, the Third Street Bridge, mile 1.8, the Carroll Street Bridge, mile 2.0, and the Union Street Bridge, mile 2.1, at Brooklyn, shall open on signal if at least a two-hour advance notice is given to the New York City Department of Transportation (NYCDOT), Radio Hotline, or the NYCDOT Bridge Operations Office.

(b) The draw of the Hamilton Avenue Bridge, mile 1.2, shall open on signal after at least a four-hour advance notice is given by calling (201) 400–5243. This paragraph is effective from November 7, 2007 to January 15, 2009.

Dated: October 19, 2007.

Timothy S. Sullivan,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.
