

claimant's certification or statement on an RRB provided claim form that he or she did not work on any day claimed and did not receive income such as vacation pay or pay for time lost shall constitute sufficient evidence unless there is conflicting evidence. Further, under 20 CFR 322.4(b), when there is a question raised as to whether or not remuneration is payable or has accrued to a claimant with respect to a claimed day or days, investigation shall be made with a view to obtaining information sufficient for a finding.

Form ID-5S(SUP), Report of Cases for Which All Days Were Claimed During a Month Credited Per an Adjustment Report, collects required information about compensation credited to an employee during a period when the employee claimed either unemployment or sickness benefits from a railroad employer. The request is generated as a result of a computer match that compares data which is maintained in the RRB's RUIA Benefit Payment file with data maintained in the RRB's records of service. The ID-5S(SUP) is generated annually when the computer match indicates that an employee(s) of the railroad employer was paid unemployment or sickness benefits for every day in one or more months for which creditable compensation was adjusted due to the receipt of a report of creditable compensation adjustment (RRB FORM BA-4, OMB Approved 3220-0008) from their railroad employer.

The computer generated Form ID-5S(SUP) includes pertinent identifying information, the BA-4 adjustment process date and the claimed months in question. Space is provided on the report for the employer's use in supplying the information requested in the computer generated transmittal letter, Form ID-5S, which accompanies the report. To our knowledge no other agency uses forms similar to Form ID-5S(SUP). Completion is voluntary. One response is requested of each respondent. The RRB estimates that 80 responses are received annually. The RRB proposes non-burden impacting editorial changes to Form ID-5S(SUP) and Form ID-5S.
