NUCLEAR REGULATORY COMMISSION

[**Docket No. 50-458**]

Entergy Gulf States, Inc., River Bend Station, Unit 1; Notice of Consideration of Approval of Transfer of Facility Operating License and Conforming Amendment and Opportunity for a Hearing

The U.S. Nuclear Regulatory Commission (NRC or the Commission) is considering the issuance of an order under 10 CFR 50.80 approving the direct transfer of the Facility Operating License (No. NPP-47) for the River Bend Station, Unit 1 (RBS), to the extent currently held by Entergy Gulf States, Inc. (EGS), as owner of RBS. The transfer would be to Entergy Gulf States Louisiana, L.L.C. (EGS-LA), a Louisiana limited liability company. Entergy Operations, Inc. (EOI), the licensed operator of the facility, will remain as such and will continue to operate RBS. The Commission is also considering amending the license for administrative purposes to reflect the proposed transfer.

According to an application for approval filed by EGS and EOI, both EGS and EOI are direct subsidiaries of Entergy Corporation. Under a proposed restructuring, EGS will merge into EGS-LA, with EGS-LA being the surviving entity. EGS-LA, will own all of EGS' Louisiana assets, including RBS, except for EGS' undivided ownership interests in Big Cajun, Unit 2 and the Nelson 6 coal plants, which will be jointly owned with Entergy Texas, Inc. (ETI), a company to be formed by EGS.

Once these and other steps of the restructuring are completed, EGS-LA will serve EGS' current retail customers in Louisiana and EGS' current wholesale customers, and ETI will serve EGS' current retail customers in Texas. EGS-LA's retail utility operations will be subject to the jurisdiction of the Louisiana Public Service Commission (LPSC) to the same extent that LPSC currently possesses jurisdiction over EGS' retail utility operations. EGS-LA will succeed to and assume all of EGS' jurisdictional tariffs, rate schedules, and service agreements, and provide electric service to EGS' customers without interruption.

EOI operates RBS pursuant to an Operating Agreement with EGS. EOI will continue to operate RBS and the current Operating Agreement will be amended to reflect the new owner of the plant. EOI will not be affected by the restructuring.
